not more than Rs. 7,500 may be in War Loan 1929—1947; not more than Rs. 7,500 may be in War Bonds 1920 and War Bonds 1922 singly or together; and not more than Rs. 7,500 may be in Post Office 5-year Cash Certificates—see clause 37.

NOTES.—(1) Applications through the Post Office under this Notification will be permitted irrespective of any holdings of other securities previously obtained through the Post Office.

(2) Amounts of War Loan 1929—1947 obtained by conversion will not be taken into account in applying the above limits.

Amounts payable.

23. Amounts applied for must be paid in full with the application and are not payable in instalments. But the same person may present more than one application, provided his aggregate applications do not exceed the limits prescribed in clause 22.

Method of payment.

24. The payments due as in the preceding clause may be made in either of the following ways or partly in each :—

(*a*) By transfer from any balance in cash standing at the credit of the applicant's savings bank account if he has one;

(*b*) By a payment in coin or currency notes, or by a crossed cheque drawn on a recognized Bank in favour of the Head Postmaster of the place at which such Bank is established.

Securities

25. Securities in respect of applications made through the Post Office will be issued either in the form of Promissory Notes or Stock Certificates. Securities thus issued may be left in the custody of the Accountant-General, Posts and Telegraphs.

Income-tax

26. Interest payable on War Bonds 1920 and War Bonds 1922 is exempt from income-tax. Securities of the War Loan 1929—1947 are specially exempted from income-tax if deposited with the Accountant-General, Posts and Telegraphs, and for so long as they are so deposited.

Interest.

27. Interest due from the date of payment of the amount applied for to the next regular date of half-yearly payment of interest (15th August 1917 or 15th February 1918 as the case may be) will be paid in cash at the time of issue of the Securities. Future interest will begin to accrue

from the 15th August 1917 when payment of the amount applied for is made on or before the 15th August 1917 and

from the 15th February 1918 when payment of the amount applied for is made after the 15th August 1917.

28. An applicant for War Loan 1929—1947 through the Post Office will receive a negotiable Conversion warrant (together with forms of application for conversion) enabling him to exercise the rights specified in clause 3 above either in the manner stated in clause 17, or through the agency of the Post Office as in clause 29.

29. Conversion of securities of the 3 per cent., of any of the 3½ per cent. Rupee Loans or of the 4 per cent. Conversion Loan, 1916-17, will, subject to the cash payment, if any, referred to in clause 3, be effected by the Post Office in all cases in which the securities tendered for conversion are already in deposit with, or were originally purchased by the convertor through, the Accountant-General, Posts and Telegraphs, on presentation at any Post Office savings bank office, after the 1st November 1917 and before the 15th January 1918,

(*a*) Of the necessary Conversion warrants (whether obtained through the Post Office or not) and the form of application for conversion duly filled up; and

(*b*) Of the securities (if any) endorsed to the Accountant-General, Posts and Telegraphs.

30. If the securities thus converted do not exhaust the full amount of conversion rights covered by the Conversion warrant, the holder will receive from the Post Office a fresh warrant for the difference, unless the unutilized amount is less than Rs. 500, in which case the warrant for the difference will be issued only on special application being made.

A Conversion warrant issued through the Post Office
d on application by the holder to the Public Debt

NOTIFICATIONS.

No. 12667P.—The 3rd October 1917.—In exercise of the powers conferred by section 11 of the Indian Motor Vehicles Act, 1914 (VIII of 1914), the Governor in Council is pleased to make the following rules regulating the use of motor vehicles in places in the Presidency of Bengal other than Calcutta (including suburbs) and the Municipality of Howrah.

J. H. KERR,
Chief Secy. to the Govt. of Bengal.

RULES TO REGULATE THE USE OF MOTOR VEHICLES IN THE BENGAL PRESIDENCY OTHER THAN IN CALCUTTA (INCLUDING SUBURBS) AND THE MUNICIPALITY OF HOWRAH.

PART I.—Preliminary.

1. In these rules—

Definitions.

(*1*) "motor-car" includes all motor vehicles other than motor-cycles, road-rollers and vehicles which run on rails;

(*2*) "heavy motor-car" means a motor-car exceeding two tons in weight when unladen;

(*3*) "light motor-car" means a motor-car not exceeding two tons in weight when unladen;

(*4*) "motor-cycle" means a motor vehicle running on not more than three wheels, and weighing not more than three hundredweights;

(*5*) "trailer" means a vehicle drawn by a heavy motor-car;

(*6*) "axle-weight" means, in relation to an axle of a heavy motor-car or of a trailer, the aggregate weight transmitted to the surface of the road or other base whereon the heavy motor-car or trailer moves or rests by the several wheels attached to that axle when the car or trailer is laden;

(*7*) "registered axle-weight" means the axle-weight of the axle of a heavy motor-car as registered by the Commissioner in pursuance of the rules contained in Part III of these rules;

(*8*) the expression "weight," when used in relation to a heavy motor-car or a trailer, means—

(*a*) when the car or trailer is unladen, the weight of the vehicle, including all parts, equipments, stores, fuel, water and accumulators which are necessary for, or are ordinarily used with, the car or trailer when working: Provided that, where alternative parts or bodies are used, the heaviest shall be taken for the purpose of calculating the weight; and

(*b*) when the car or trailer is laden, its weight, when unladen, *plus* its full lawful load, including the weight of the driver;

(*9*) the expression "width," when used in relation to the tyre of a wheel of a heavy motor-car, means the distance measured horizontally and in a straight line across the rim of the wheel and between the two points in the outer surface of the tyre which are farthest apart;

(*10*) the expression "diameter," when used in relation to a wheel of a heavy motor-car, means the diameter measured between the two opposite points in the outer surface of the tyre which are farthest apart; and

(*11*) "Commissioner" means the Commissioner of Police for Calcutta.

PART II.—All motor vehicles.

Registration.

2. (1) No person shall drive, or have charge of, or use or cause or permit to be used, any motor vehicle, unless it is registered by the Commissioner in accordance with the provisions of these rules in a register kept in a form prescribed by him:

Provided that, for the purposes of these rules.—

(a) every motor vehicle which is in use on the 3rd October 1917 and which was registered under the rules previously in force under the Bengal Motor-car and Cycle Act 1903, or under any rules in force in Calcutta and Howrah, or under any rules in force in any province other than Bengal and made under any local Act; and

(b) every motor vehicle registered in any part of British India other than Bengal under rules framed under the Indian Motor Vehicles Act, 1914,

shall be deemed to have been registered under these rules.

(2) Every application for registration of a motor vehicle under sub-rule (1) of this rule shall be in such form and shall contain such particulars as the Commissioner may from time to time prescribe and shall be made to the Magistrate of the district in which the car is to be used.

(3) The fee for registration shall be Rs. 32 for a heavy motor-car, Rs. 16 for a light motor-car, and Rs. 4 for a motor-cycle.

(4) On the registration of each motor vehicle a certificate of registration in respect thereof shall be granted by the Commissioner. The Commissioner shall also forward a copy of each entry in the register to the Magistrate of the district concerned.

Compliance with rules a condition precedent to registration.

3. The Commissioner shall not register any motor vehicle unless he is satisfied on the report of the District Magistrate that the requirements of these rules in respect thereof have been duly complied with.

4. During a period of one month from the 3rd October 1917 any failure to comply with these rules, so far as they relate to the construction or use of heavy motor-cars or trailers, shall not be deemed to be a breach or contravention of the rules, if the failure occurs solely in relation to a car registered before, or to a trailer which is in use on, the 3rd October 1917.

Temporary cancellation of registration.

5. Notwithstanding anything contained in these rules, if the Commissioner, or the District Magistrate, at any time after a motor vehicle has been registered, has reason to believe that it has ceased in any respect to conform to these rules, or that it is not maintained in such a condition as to be free from danger to the public, he may, after notice to the owner, direct that the registration be cancelled until the defects are remedied to his satisfaction. Every such order and every rescission of such order passed by a District Magistrate shall be reported to the Commissioner.

Report of change of address by registered owner.

6. Whenever the registered owner of a motor vehicle changes his address, he shall report the new address to the Commissioner through the District Magistrate.

7. Every transfer of ownership and every transfer of possession, whether temporary or otherwise, of a motor vehicle, registered under these rules, shall forthwith be reported to the Commissioner, through the District Magistrate, both by the registered owner and by the transferee.

Marking and lettering.

8. (1) The Commissioner shall assign a distinguishing number to every motor vehicle registered under these rules and shall record the name and address of the owner.

Provided that a general number may, on payment of an annual fee not exceeding Rs. 32, be assigned to all or any motor vehicle for the time being in the possession of any manufacturer thereof or dealer therein, to be used on any such vehicle when on trial after completion, or when on trial by an intending purchaser, or when being used, by a person licensed under rule 15, for the purpose of instructing any other person in the use of the vehicle, or when on hire.

(2) When a general number has been assigned under the proviso to sub-rule (1) of this rule, the manufacturer or dealer aforesaid shall also distinctively mark every vehicle covered by the general number by an additional letter or letters.

(3) Every such manufacturer or dealer shall maintain a register containing the following particulars with respect to every motor vehicle so numbered and marked which leaves his premises, namely,—

(*a*) the date and time when the vehicle goes out;

(*b*) the name of the person in charge thereof;

(*c*) the purpose for which the vehicle is sent out;

(*d*) the date and time of the return of the vehicle to the premises; and

(*e*) the distinguishing number and letter or letters affixed to the vehicle.

Numbers and letters how to be attached, illuminated and maintained.

9. (*1*) No motor vehicle shall be used, unless the number assigned to it under sub-rule (*1*) of rule 8, and the letter or letters (if any) required by sub-rule (*2*) of that rule, be attached in a conspicuous place in large white figures on a black ground legible at a reasonable distance on its front and back and on the back of any vehicle drawn by it.

(*2*) The said numbers and letters shall be, in the case of a motor-car, at least 3½ inches high and, in the case of a motor-cycle, at least 1½ inches high, and shall be at least 2ths of an inch broad in every part.

(*3*) The space taken up by each figure contained in such number (except the figure 1) and by each such letter shall be at least 2½ inches, and the space between adjoining figures shall be at least half an inch.

(*4*) The said numbers and letters shall have a margin of half an inch both above and below them, and a margin of one inch on either side.

(*5*) On a motor-cycle the front number and letter or letters may be shown on each side of a plate projecting forward.

(*6*) During the time when lamps are required by rule 13 to be kept lit, the number and letter or letters at the back of a motor-car, or of a vehicle drawn behind a motor-car or motor-cycle, and the number in front of a motor-cycle, shall be illuminated so as to be legible at a reasonable distance.

(*7*) The number-plates for day use and those for night use need not be the same.

(*8*) The numbers and letters referred to in this rule shall not be in any way obscured or rendered or allowed to become not easily distinguishable.

10. No motor vehicle shall be used, unless it is—

Construction and maintenance.

(*a*) so constructed as to admit of its being at all times under full control so as to prevent undue interference with passenger or other traffic, and

(*b*) maintained in such a condition as to prevent danger to the public or to any person riding in or on the vehicle.

Width of a motor vehicle or trailer.

11. The width of a motor vehicle or trailer, as measured between its extreme projecting points, shall not exceed seven feet six inches.

Brakes.

12. No motor vehicle shall be used, unless it is provided with two independent brakes or other means of stoppage, in good working order, and of such efficiency that the application of either will be capable of forthwith stopping the vehicle:

Provided that one such brake shall suffice for a heavy motor-car propelled by steam.

Lights.

13. (*1*) To every motor-car when in use at night shall be affixed two lamps, one on either side, each exhibiting a white light visible to a reasonable distance forward and a red light visible to a reasonable distance in the reverse direction. If the two lamps do not exhibit a red light as above, there shall be attached to the back of the car one lamp showing a red light visible to a reasonable distance behind.

(*2*) To every motor-cycle, when in use at night, shall be attached a lamp throwing a white light to a reasonable distance forward.

(3) To every vehicle attached to a motor-cycle, when in use at night, shall be affixed,—

(a) if the vehicle is drawn behind a motor-cycle, the lamps specified for motor-cars in sub-rule (1);

(b) if the vehicle is attached in front of a motor-cycle, two lamps, one on either side, each exhibiting a white light visible to a reasonable distance forward and a red light visible to a reasonable distance in the reverse direction; or,

(c) if the vehicle is attached to the side of a motor-cycle, one lamp on the side of the vehicle furthest from the motor-cycle, exhibiting a white light visible to a reasonable distance forward and a red light visible to a reasonable distance in the reverse direction.

(4) No head-lights, other than head-lights lit by oil or candle, shall be attached to, or carried on, any motor-car, unless such head-lights are effectively hooded or screened.

(5) So long as a motor-car or motor-cycle is in use during the period between half an hour after sunset and half an hour before sunrise, all lamps shall be kept lit and free from obstructions.

Bell or horn.

14. Every motor vehicle shall carry a horn or other instrument capable of giving audible and sufficient warning of the approach or position of the vehicle, and the driver shall sound such instrument whenever it may be necessary to do so:

Provided that the District Magistrate may interdict, after such examination and inquiry as is found necessary, the use in any municipal or suburban area of such types of horns, sirens, whistles or similar appliances on motor vehicles as are likely to constitute a public nuisance.

Driver's license.

15. (1) No person shall drive a motor vehicle unless he holds a license in force for the time being; and no person shall employ any one to drive a motor vehicle who does not hold such a license.

(2) The District Magistrate may grant a license to any one applying for the same on his being satisfied as to the capability of the applicant to drive a motor vehicle.

(3) Every license so granted shall remain in force for a period of twelve months from the date of the issue thereof:

Provided that if a licensee is desirous of renewing a license granted to him, and makes an application to the District Magistrate in this behalf on or before the date of the expiry of the license, the District Magistrate may renew the license, and the license so renewed shall continue in force for a further period of twelve months from the date on which it would otherwise have expired.

(4) If no such application is made within the time prescribed the person shall, if he desires to possess a license, be required to take out a new license under sub-rule (2) and be liable to pay the full fee for such license. He shall also be liable, in the discretion of the District Magistrate, to pass a test for driving, for which a fee of Rs. 2 shall be charged.

(5) There shall be payable for every license granted under this rule a fee of Rs. 10 in respect of a motor-car and Rs. 2 in respect of a motor-cycle. A fee of Rs. 2 shall be paid for a renewal of a license, and a fee of eight annas for each duplicate copy of a license.

(6) There shall be separate licenses for professional drivers bearing the photographs of those drivers, and such details as the District Magistrate may from time to time require to be supplied to him.

Speed.

16. (1) No motor-cycle or light motor-car shall be driven at a greater speed than 15 miles an hour within any municipal area.

(2) No heavy motor-car having non-resilient tyres shall be driven at a greater speed than 7 miles an hour.

(3) No heavy motor-car having all its wheels fitted with pneumatic tyres or with tyres made of a soft or elastic material, shall be driven at a greater speed than—

(a) six miles an hour—if the registered axle-weight of any axle exceeds six tons;

(b) twelve miles an hour—in other cases:

Provided that, in the case of a heavy motor vehicle with resilient tyres carrying passengers, the maximum speed limit shall be 12 miles an hour.

Emission of smoke or vapour from motor vehicle.

17. No person shall cause or permit the emission of smoke or visible vapour from a motor vehicle in such quantity as to cause annoyance or danger to the public.

Rule of the road.

18. The driver of a motor vehicle shall keep on the left side of the road:

Provided as follows:—

(*a*) he shall keep to the right of any vehicle or animal proceeding in the same direction which he desires to pass; and

(*b*) he may pass any tram-car or other vehicle running on fixed rails on whichever side thereof he may consider necessary or expedient, having due regard to the circumstances of the case and to the safety and convenience of other users of the road.

Prohibition of driving in public places.

19. No motor vehicle shall be driven on any street or other public place where the use of motor vehicles is prohibited, in the case of a municipal area, by the Municipal Commissioners and, in the case of areas outside municipal limits by the District Boards of such areas.

Stopping when accident occurs.

20. On the occurrence of an accident such as is referred to in clause (*c*) of section 4 of the Indian Motor Vehicles Act, 1914, the person in charge of the motor vehicle, on the request of a police-officer in uniform or of any other person, shall give all possible assistance to any person injured by any such accident and shall, if necessary, help in conveying him to a hospital.

Leaving motor vehicle unattended in street or other public place.

21. No motor vehicle shall be allowed to stand in any street or other public place unless it is attended by a person holding a license in force for the time being granted under rule 15, except when the mechanism of such vehicle has been stopped.

Learning to drive.

22. No person shall, in any street or other public place, learn to drive a motor-car unless accompanied by a person holding a license in force for the time being granted under rule 15.

PART III.—Heavy motor-cars.

Additional rules as to registration of heavy motor-cars.

23. (*1*) For the purpose of the registration of heavy motor cars—

(*a*) the register of motor vehicles prescribed by rule 2, sub-rule (*1*), shall contain a separate part, and all heavy motor-cars shall be registered in such part which shall be in such form as may be prescribed by the Commissioner; and

(*b*) the application referred to in rule 2, sub-rule (*2*), shall contain a true declaration to be made by the applicant of—

(*i*) the weight of the car when unladen,

(*ii*) the axle-weight of each axle,

(*iii*) the diameter of each wheel, and

(*iv*) the width and material of the tyre of each wheel.

(*2*) The declaration referred to in clause (*b*) of sub-rule (*1*) of this rule shall be made in the form prescribed by the Commissioner.

(*3*) The Commissioner of Police, on the report of the District Magistrate or on other credible grounds for doubting the truth of the declaration made under clause (*b*) of sub-rule (*1*), may require that any car be produced, before registration or renewal of registration, before an officer appointed by him for verification of the particulars so declared at the nearest place where such verification is possible.

(4) When a heavy motor-car has been registered the following particulars shall be entered in the register of motor vehicles referred to in rule 2, namely:—

(a) the weight of the car when unladen, as declared under sub-rule (1) of this rule,

(b) the axle-weight of each axle, as so certified, or if not so certified as declared by the owner of the car,

(c) the diameter of each wheel,

(d) the width and material of the tyre of each wheel, and

(e) the highest rate of speed at which, in conformity with rule 16, the car may be driven.

5. The registration of a heavy motor-car shall continue in force for a period of not more than twelve months from the date thereof; and, on the expiration of that period, the car shall be re-registered before it is again used on the street, half the initial registration fee being payable on such re-registration. Such re-registration shall continue in force for a period of not more than twelve months from the date thereof; but further re-registration may be effected annually on payment of the said half-fee.

Marking of heavy motor-car.

24. (1) Upon receiving from the Commissioner a copy of the entries made in the register relating to a heavy motor-car, the owner of the car shall cause to be painted or otherwise plainly marked in a conspicuous place—

(a) on the right or off-side of the car—

(i) the registered weight of the car when unladen, and

(ii) the registered axle-weight of each axle, and

(b) on the left or near side of the car—

(i) the highest rate of speed at which, in conformity with rule 16, the car may be driven, and

(ii) the owner's name and address.

(2) The said marking shall be made in letters and figures not less than one inch in height, and of such shape and colour as to be clearly legible and clearly distinguishable from the colour of the ground whereon the said marking is made.

(3) The owner of the car shall cause the said marking to be repainted or renewed as often as may be necessary to keep the letters and figures clearly legible and clearly distinguishable.

Cancellation of previous registration.

25. The previous registration of all heavy motor-cars in use on the 3rd October 1917 shall, notwithstanding anything in the proviso to sub-rule (1) of rule 2, one month thereafter, be deemed to have been cancelled, except in the case of cars registered under the rules in force for Calcutta and Howrah.

Axle weight of heavy motor car.

26. (1) The axle weight of a heavy motor car shall not exceed the registered axle-weight.

(2) The registered axle-weight of an axle of a heavy motor-car shall not exceed eight tons, and the sum of the registered axle-weights of all the axles of a heavy motor-car shall not exceed twelve tons.

Tyres of heavy motor car

27. (1) (a) In all cases the driving wheels of heavy motor vehicles shall be fitted with twin resilient tyres.

(b) The non-driving wheels, if fitted with resilient tyres, shall, if the axle-load is or exceeds four tons, be fitted with twin tyres.

(c) The non-driving wheels, if fitted with non-resilient tyres, shall be smooth and without any projection, and shall not be constructed of separate plates separated by any spaces whatsoever.

(2) The width of the non-resilient tyre of each wheel of a heavy motor car shall be not less than six inches and the tyres of the wheels on the same axle shall be of equal width.

(3) The permissible axle-load shall not exceed five hundredweights for each inch in width of the combined width of the two tyres of the axle in question.

Diameter of wheels of heavy motor-car.

28. The diameter of the wheels of a heavy motor-car, if they are fitted with a tyre which is not pneumatic or made of a soft or elastic material, shall be not less than two feet six inches.

Use of heavy motor car upon bridges.

29. (1) When any authority who is liable for the repair of a bridge affixes or sets up, in suitable and conspicuous positions on the bridge and on each approach to the bridge, notices stating that the bridge is insufficient to carry a heavy motor-car the registered axle-weight of any axle of which exceeds such weight as may be specified in such notices, the owner of any such car shall not cause or suffer the car to be driven, and the person driving or in charge of any such car shall not drive the car upon the bridge, except with the written consent of the said authority.

(2) No owner of a heavy motor-car, the axle-weight of any axle of which exceeds six tons, shall cause or suffer the car to be driven, and no person driving or in charge of any such car shall drive the car upon any bridge at any time when another heavy motor-car is on the bridge.

30. No heavy motor-car shall be allowed to use any streets and public places in any municipal area which the Municipal Commissioners shall have declared, with the sanction of the Divisional Commissioner, to be closed to heavy motor-cars, or outside a municipal area which have been declared closed to heavy motor-cars by the authority responsible for their maintenance with the approval of the District Magistrate.

Restriction on use of trailers

31. (1) No heavy motor-car, which is used either as a stage carriage or otherwise for the conveyance of passengers for gain or hire, shall draw a trailer.

(2) Not more than one trailer shall be drawn by any motor-car:

Provided that the District Magistrate may, by order, for special reasons to be recorded by him, permit more than one trailer to be drawn by any such car upon such conditions (if any) as may be specified in such order.

Marking of trailer.

32. The owner of every trailer shall cause to be printed or otherwise plainly marked on a conspicuous part of the right or off side of the trailer, in letters and figures not less than one inch in height, and of such shape and colour as to be clearly legible and clearly distinguishable from the colour of the ground whereon the said marking is made,—

(a) the weight of the trailer when unladen, and

(b) the axle-weight of each axle of the trailer, if the weight of the trailer when unladen exceeds one ton;

and shall cause the said marking to be repaired or renewed, as often as may be necessary, to keep the said letters and figures clearly legible and clearly distinguishable.

Axle weight of trailers

33. The axle-weight of an axle of a trailer shall not exceed four tons.

Power of Commissioner or his officer to ascertain axle weight of heavy motor-car or trailer at any time.

34. (1) Whenever the Commissioner, or any officer duly authorized by him in this behalf, has reasonable ground for suspecting that the axle-weight for the time being of any axle of any heavy motor-car or trailer drawn thereby exceeds the registered or marked axle-weight of that axle, he may—

(a) require the person driving or in charge of the car to drive the car, or cause it to be driven, with or without the trailer, to a weighing machine, and

(b) cause the axle-weight for the time being of any such axle to be ascertained.

(2) The person driving or in charge of such car shall comply with any such requirement, and shall to the best of his ability afford all such facilities as may reasonably be necessary for the purpose of ascertaining the axle-

Width of tyres of trailers.

35. To every trailer exceeding one ton in weight, when unladen, the wheels of which are fitted with tyres which are not pneumatic or made of soft or elastic material, clause (*c*) of sub-rule (*1*) and sub-rules (*2*) and (*3*) of rule 27 shall apply, with the substitution—

(*a*) of three inches for six inches as the minimum width of the tyres, and

(*b*) of references to the axle-weights marked upon the trailer in pursuance of rule 32 for the references to registered axle-weights.

Diameter of wheels of heavy trailers.

36. Rule 28 shall apply to every trailer exceeding one ton in weight, when unladen, the wheels of which are fitted with tyres which are not pneumatic or made of a soft or elastic material.

PART IV.—Motor-cars and heavy motor-cars used on hire for conveyance of passengers.

37. A driver of a motor-car for hire shall, in the absence of reasonable cause to the contrary, proceed to the destination named by the hirer and by the shortest and quickest route.

38. No hirer shall refuse or omit to pay the legal fare for the hire of a motor-car; nor shall he refuse to supply his correct name and address to the driver in case of dispute in connection with the fare.

39. The brakes of a motor-car for hire shall be so affixed as to be capable of easy application. At least one brake shall be so made as to be applied by the foot of the driver, and at least one shall act directly upon the road wheels.

40. All brake and steering connections secured with bolts shall have such bolts secured with nuts, the same to be locked or pinned.

41. The wheel-tracks of the front and the rear wheels shall, so far as is possible, coincide (*i.e.*, the wheel-track of the rear wheels shall be the same as the wheel-track of the front wheels); and in no case shall the width of the front wheel-track be less than that of the rear wheel-track or the wheel-tracks vary by more than 2½ per cent. of the width.

42. All the underparts of a motor-car for hire inside the pivots of the front axle and steering arms (which shall be placed as near as possible to the road wheels), as far back at least as the rear axle, shall clear the ground at least 10 inches, sufficient allowance in addition being made to provide for the wear of the tyres, set of springs and other causes of lessened height, so that the minimum clearance of 10 inches is at all times maintained.

43. In every motor-car for hire the machinery shall be so constructed that no undue noise or vibration is caused, and shall be maintained in such condition at all times.

44. The District Magistrate may prohibit the use in his district of a motor-car which is in his opinion unfit to ply for hire until such time as the defects are remedied to his satisfaction and shall report such prohibition to the Commissioner to be noted in the register.

45. The carrying capacities of all motor-cars for hire shall be fixed by the District Magistrate.

46. No driver of a motor-car for hire shall, when in charge of a motor-car for hire be drunk or misconduct himself to the annoyance or inconvenience of his own passenger, other drivers or the public, or to the hindrance of traffic.

47. No motor-car registered under these rules shall be used in Calcutta, including its suburbs and the Municipality of Howrah, except in conformity with the rules in force for that area.

PART V.

Additional Rules applicable to the Darjeeling district.

49. Motor-cars not exceeding 20 horse-power and 21 hundredweights in weight may be driven on the following roads :—

(1) All roads in the Terai of the district.
(2) The Hill Cart Road from Siliguri to Darjeeling.
(3) The Lebong Cart Road.
(4) The Cart Road from Jorebungalow to Takdah Cantonment.
(5) The Teesta Valley Road from Sivoke to Teesta Bridge.
(6) The Punkhabari Road from Kurseong Railway station to the entrance to Constantia.
(7) The Cart Road from Jorebungalow to Jalapahar.

NOTE.—For the calculation of horse-power no allowance shall be made for unrated air.

50. Motor-cycles may be driven on the following roads, in addition to the roads mentioned in rule 49 :—

(1) The Ghoom Simana Road.
(2) The Sukhiapukri-Nagri Spur Road.
(3) The Peshok Road from the sixth mile to Teesta Bridge.
(4) The Rishi Road from Teesta Bridge to Kalimpong.

51. The Deputy Commissioner in Darjeeling or the Cantonment authority in cantonment areas may, from time to time within the limits of their respective jurisdictions, prohibit motor traffic on any road or any portion of any road mentioned in rules 49 and 50 for the purposes of the prevention of danger or injury to the public or to any person or of obstruction to traffic.

52. The Deputy Commissioner or the Cantonment authority, referred to in rule 51, may add any road or part of a road lying within the limits of their respective jurisdictions to the lists of roads given in rules 49 and 50 :

Provided that, if any such road or part of a road be in charge of the Public Works Department, the sanction of the Superintending Engineer shall be obtained before such order is passed.

53. Notwithstanding anything contained in any other rule, no motor vehicle shall be driven within the limits of the district of Darjeeling at a speed exceeding 12 miles per hour, and the speed in all bazars and round blind projecting corners shall not exceed 5 miles per hour.

NOTE.—The following roads and portions of roads shall, among other places, be deemed to be bazars for the purposes of this rule, namely :—

(1) From the Railway Engine Shed, Kurseong, to the Clarendon Hotel.
(2) From the Railway Engine Shed, Kurseong, to the entrance to Constantia.
(3) From the Peshok Road turning (Jorebungalow) to the Ghoom Post Office.
(4) From Darjeeling Railway station to the Hospital, Jhora.
(5) The whole of the Cart Road within the limits of the Jalapahar and Katapahar Cantonments.
(6) From the Mess House, Takdah, to the end of Takdah Cart Road.

II.

RULES APPLICABLE TO THE DARJEELING HILL CART ROAD BETWEEN SUKNA AND DARJEELING.

54. The following rules shall apply to the Darjeeling Hill Cart Road between Sukna and Darjeeling.

55. (1) Every driver of a motor vehicle shall stop at each railway station (including Sukna and Darjeeling), and before proceeding to the next station shall ascertain from the station-master, who shall give him the information in writing, whether any train has left the said next station on its way to the station where he is stopping. The driver of the vehicle shall acknowledge the receipt of the information in a book to be kept for the purpose.

(2) If any train is on its way from the said next station, the driver of the motor-vehicle shall not proceed any further until the arrival of that train. If no train is on its way from the said next station, the driver may proceed, and on his so doing, the station-master shall take steps immediately to

advise the station-master of the next station of his having done so in order that drivers of subsequent trains may be made aware of there being a motor vehicle on the section.

56. When two motor vehicles meet, the down vehicle shall be brought to a standstill on the left hand side of the road on the first information of the approach of the other vehicle and shall not proceed on its journey until the up vehicle has passed:

Provided that this rule shall not apply to motor-cycles without side-cars.

III.

RULES APPLICABLE TO MUNICIPAL AND CANTONMENT AREAS.

57. The following rules shall apply to the Municipalities of Darjeeling and Kurseong and to the Cantonments of Katapahar, Jalapahar, Lebong and Takdah.

58. (1) No motor vehicle shall be driven within the limits of the Municipalities of Darjeeling and Kurseong and the Cantonments of Katapahar, Jalapahar, Lebong and Takdah, except on a special permit from the Deputy Commissioner, Darjeeling:

Provided that nothing in this rule shall be deemed to prevent a motor vehicle being driven along the portion of the Cart Road lying within the Municipality of Kurseong on its way to a destination outside such area.

(2) The Deputy Commissioner may refuse, for any reason which may appear to him sufficient, to grant such permit to any applicant.

(3) All permits granted under this rule shall be valid until the 31st March next following the date of issue.

(4) No charge will be made for the issue or renewal of permits.

(5) Names of all the roads along which motor vehicles may be driven shall be specified on the permits issued under this rule.

59. (1) Motor vehicles shall not be used within municipal and Cantonment areas, unless fitted with adequate silencers.

(2) No motor-cycle shall be ridden in the said areas with the cut-out open.

60. The Deputy Commissioner, Darjeeling may cancel or suspend, for any reason which may appear to him sufficient, any permit granted by him under these rules.

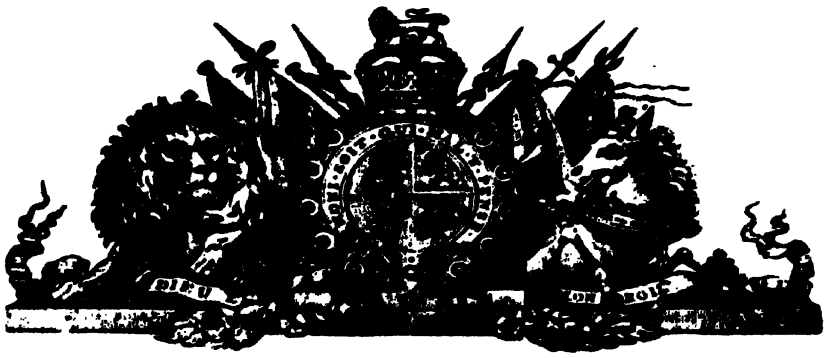
INDIAN MUNITIONS BOARD.



Simla, the 28th September 1917.

PRESS COMMUNIQUE.

THE receipt of supplies from the United Kingdom and the generous response by the public to the appeals of His Excellency the Commander-in-Chief for the loan of binoculars for the use of officers on service in Mesopotamia have given the military authorities a supply of these instruments adequate for the present demands. Further offers need not therefore be made by the public.

2. The President of the Munitions Board on behalf of the Commander-in-Chief has already acknowledged separately the generosity of donors and lenders of binoculars: but His Excellency takes this opportunity of making public his appreciation of the assistance rendered to the military authorities.

NOTIFICATION.

No. 17 B.—The lists of text-books published herewith contain books approved for use in all schools in the Presidency of Bengal. In Western Bengal "List A" contains the books to be used in all classes of Government and recognised schools, both English and Vernacular, and embodies material which has hitherto appeared only in the inspectors' lists for the Burdwan and Presidency Divisions. List B contains supplementary text-books in English, History and Geography, along with the Mathematical, Vernacular and Classical texts for use in all grades of schools. In this list a wide range of the best supplementary reading is offered; and books which indicate the standard of attainment to be expected in the various classes have been noted. The same remarks apply to the two lists for Eastern Bengal; but appended to List B for that area is a separate list of books approved for vernacular schools following the Eastern Bengal vernacular curriculum. Here also are included books for girls' schools.

It has been felt in the past that the system of exclusive prescription, particularly in the case of Mathematical and Vernacular texts, has tended to discourage Indian publishers and to give undue monopoly to individual authors. It is not intended to adhere to this system more than is absolutely necessary; and save in the case of certain text-books in English, in Indian History and in Geography, where the range of choice is at present extremely limited, teachers are at liberty to select their text-books from those included in the supplementary List B for Eastern and for Western Bengal. It is, however, necessary to indicate the standard of attainment expected in the various classes of schools. Those books which may be taken as the best guide to this standard have been specially marked, and may be regarded as indicating the standard of the scholarship examination. It is not proposed, however, to base these examinations in future upon any single set of text-books.

W. W. HORNELL.

Director of Public Instruction, Bengal.

CALCUTTA:

The 19th September 1917.

EASTERN BENGAL.

LIST A:

List of English and Vernacular Text-books approved for all classes of Government and Recognized High and Middle English schools in the Dacca, Rajshahi and Chittagong Divisions of Bengal for the year 1918.

English Literature and Grammar

For the books recommended by the University of Calcutta as indicating the standard of the Matriculation Examination in English, Headmasters are referred to the University Calendar. It should be noted that these books are intended only to indicate the standard expected of pupils on the completion of the high school course. These books are not suitable for such junior classes as VII and VIII; and, if used, they should be confined to the last year of study.

For High School classes VII, VIII, and IX.

The senior books of the following series:—

(a) NEW ENGLISH COURSE FOR INDIAN SCHOOLS. (Longmans, Green

For English texts suitable for additional and supplementary reading in classes beyond VI, see List B. Care should be taken to select books that appeal to Indian boys; and some effort should be made to encourage their reading on historical lines, and to make them acquainted with current events. "England in India" (Longmans, Green & Co.) deals with the British Empire in the East, and explains the work done by the British Government in and for India. It is an advanced supplementary reader for senior pupils and teachers. For knowledge of the war a book like Nelson Fraser's "The World at War" is of value.

Poetry: for anthologies of verse—*see* List B.

Grammar and Composition :—

(1) ELEMENTARY LESSONS IN ENGLISH COMPOSITION. Nesfield. (Macmillan & Co.)
(2) THE HIGH SCHOOL ENGLISH GRAMMAR. Tipping. (Macmillan & Co.)

For Middle classes V and VI.

(1) NEW ENGLISH COURSE FOR INDIAN SCHOOLS, BOOKS III AND IV. (Longmans, Green & Co.)
(2) TIPPING'S ENGLISH READERS FOR STANDARDS V AND VI. (Macmillan & Co.)
(3) STAR OF INDIA READERS, BOOKS III AND IV. (Blackie & Son.)
(4) NEW ENGLISH READERS III AND IV.

Grammar and Composition :—

JUNIOR SCHOOL GRAMMAR FOR INDIA. (Longmans, Green & Co.)
MIDDLE SCHOOL ENGLISH GRAMMAR. Tipping. (Macmillan & Co.)

For Junior classes.

(1) NEW ENGLISH COURSE FOR INDIAN SCHOOLS: PRIMER READERS I AND II.
(2) TIPPING'S ENGLISH READERS FOR STANDARDS III AND IV.
(3) NEW ENGLISH READERS I AND II.
(4) STAR OF INDIA READERS, I AND II. (Blackie & Son.)

Whenever it is found possible to introduce supplementary reading material in addition to the texts mentioned above, reference should be made to List B. At every stage the power of expression in simple English must be cultivated along with correct pronunciation and articulation. Teachers will be assisted in this by the "Teachers' Book" in the Reformed series of Readers for India, published by the Oxford University Press at As. 12. This series gives the simple principles of phonetics and should be procured for school libraries and for teachers' use.

History.

Class X—

A selected Matriculation Text, as recommended by the University.

Geography.

The teaching of this subject by whatever method is adopted, must in every case be supplemented by the use of maps, charts and pictures. Teachers should consult the "Teacher's List" and apply to leading publishers for their lists as these are now comprehensive and specially adapted to the needs of Indian Schools. Such pictures as "Scenes from other lands" (Macmillan) are suitable for school work, are interesting to children and bring brightness and colour to the class room. Head Masters are requested to see that all the school maps and pictures are on view every day and not stored in office rooms.

LIST A.

List of English and Vernacular Text-books approved for all classes of Government and Recognised Schools in the Burdwan and Presidency Divisions of Bengal for the year 1918.

English Literature and Grammar.

For the books recommended by the University of Calcutta as indicating the standard of the Matriculation Examination in English Headmasters are referred to the University Calendar. It should be noted that these books are intended only to indicate the standard expected of pupils on the completion of the high school course. These books are not suitable for such junior classes as III and IV; and, if used, they should be confined to the last year of study.

For High School classes.

(1) For classes II, III and IV, the senior books of the following series :—

(*a*) NEW ENGLISH COURSE FOR INDIAN SCHOOLS. (Longmans, Green & Co.)

(*b*) NEW ENGLISH READERS. (Macmillan & Co.)

(2) For English texts suitable for additional and supplementary reading in classes II, III and IV, see list B. Care should be taken to select books that appeal to Indian boys; and some effort should be made to encourage their reading on historical lines, and to make them acquainted with current events. "England in India" (Longmans Green & Co.) deals with the British Empire in the East, and explains the work done by the British Government in and for India. It is an advanced supplementary reader for senior pupils and teachers. For knowledge of the war a book like Nelson Fraser's "The World at War" (Oxford University Press) is of value.

(3) Poetry : for anthologies of verse—*see* List B.

(4) Grammar and Composition :—

ELEMENTARY LESSONS IN ENGLISH COMPOSITION. Nesfield. (Macmillan & Co.)

THE HIGH SCHOOL ENGLISH GRAMMAR. Tipping. (Macmillan & Co.)

JENNING'S ENGLISH GRAMMAR. (Longmans, Green & Co.)

ENGLISH COMPOSITION FOR INDIAN HIGH SCHOOLS. (Oxford University Press)

For Middle classes (Standards V and VI).

(1) NEW ENGLISH COURSE FOR INDIAN SCHOOLS, BOOKS III AND IV. (Longmans Green & Co.)

(2) TIPPING'S ENGLISH READERS FOR STANDARD V AND VI. (Macmillan & Co.)

(3) STAR OF INDIA READERS, BOOKS III AND IV. (Blackie & Son.)

(4) New English Readers III and IV.

Grammar and Composition :—

JUNIOR SCHOOL GRAMMAR FOR INDIA. (Longmans, Green & Co.)

MIDDLE SCHOOL ENGLISH GRAMMAR. Tipping. (Macmillan & Co.)

For Upper Primary classes (Standards III and IV).

(1) NEW ENGLISH COURSE FOR INDIAN SCHOOLS: PRIMER READERS I AND II.

(2) TIPPING'S ENGLISH READERS FOR STANDARDS III AND IV.

(3) NEW ENGLISH READERS, I AND II.

(4) STAR OF INDIA READERS, I AND II. (Blackie & Son.)

Whenever it is found possible to introduce supplementary reading material in addition to the texts mentioned above, reference should be made to list B. At every stage the power of expression in simple English must be cultivated, along with correct pronunciation and articulation. Teachers will be assisted in this by the "Teachers' Books" in the Reformed series of Readers for India, published by the Oxford University Press at As. 12. This series gives the simple principles of phonetics; and should be procured for school libraries and for teachers' use.

Geography.

The teaching of this subject by whatever method is adopted, must in every case be supplemented by the use of maps, charts and pictures. Teachers should consult the "Teacher's List" and apply to leading publishers for their lists as these are now comprehensive and specially adapted to the needs of Indian Schools. Such pictures as "Scenes from other lands" (Macmillan) are suitable for school work, are interesting to children and bring brightness and colour to the class room. Head Masters are requested to see that all the school maps and pictures are on view every day and not stored in office rooms.

Offg. Inspector of Schools, Dacca Division.

DACCA, *the 15th September 1917.*

OFFICE MEMORANDUM BY THE INSPECTOR OF SCHOOLS, BURDWAN DIVISION.

University Matriculation Examination, 1918.

PRIVATE STUDENTS.

1. Private students are those who have not attended any recognized or unrecognized High English schools for at least one year previous to the examination. The term "private students" includes school-masters.

2. Private students must appear at the Test Examination to be held on Monday, the 3rd December 1917, and the following days at the Hooghly Collegiate School.

Each private student will have to pay a fee of Rs. 6, which should be remitted to the Inspector of Schools, Burdwan Division, Chinsura, along with his application for admission to the Test Examination by the 9th November 1917, after which date a fine of Rs. 2 will have to be paid for each week's delay. *Under no circumstances will the admission fee be refunded.* No private student will be admitted to the Test Examination unless he is accompanied, for the purpose of identification, by some person known in the office of the Inspector of Schools, Burdwan Division.

3. Applications must be submitted through the head-master of the school in which the applicant last read. The head-master, in forwarding the application to this office, should note whether he recommends the application or not. If he does not, his reasons should be stated. The application of no candidate is to be forwarded who did not leave school from the first class, or who had not been declared fit for promotion to that class. The information to be given and the documents to be appended (in original) are the following :—

(*a*) The name of the school in which the candidate last studied.

(*b*) The transfer certificate (in original) granted to the candidate by the head-master of the school in which he last read ; or

(*c*) In the case of a candidate who previously appeared at the Entrance Examination, the Registrar's receipt (in original) for the fee paid.

(*d*) The age of the candidate is not required in cases (*b*) and (*c*). No candidate who has not completed the age of sixteen years on the first day of the Matriculation Examination is eligible.

(*e*) In the case of school-masters, a certificate of good conduct from the secretary or proprietor of the school in which the candidate is serving.

(*f*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he has not read in any school since the last Matriculation Examination held in July 1917. Detailed information is needed under this head. The person granting the certificate should state his social or professional position.

(*g*) The names of subjects in which the candidate wishes to be examined.

4. *The fee for the Matriculation Examination has NOT to be sent to this office.* It should be sent to the Registrar by the candidates themselves, together with the countersigned applications.

5. The address of each private student should be supplied to this office.

6. The Matriculation Examination in 1918 will be held on the 4th March 1918 and following days. Applications and fees for admission must reach the office of the Registrar on or before the 19th January 1918.

W. E. GRIFFITH.
Inspector of Schools, Burdwan Division.

CHINSURA.
The 27th September 1917.

INTERMEDIATE AND B. A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bona fide* masters of English schools, who have served as such for the full period of three academical years preceding the examination, will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B. A. Examinations must produce certificates of character and length of service from the secretaries of their respective schools. Candidates for the B. A. Examination must forward with their applications their F. A. certificates, and those for the Intermediate Examination their Entrance or Matriculation certificates. Those candidates who were admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B. A. Examinations are informed that their applications for admission to these examinations will not be considered unless they enclose with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates who have applied for or have obtained the special permission of the Senate for the purpose are required, under section 9, chapter XV of the Revised Regulations, dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 12th January 1918, together with other papers, as mentioned in rules 2 and 3, after which no application will be received.

5. The Intermediate Examination of 1918 will be held on the 13th March 1918 and following days. The B. A. Examination of 1918 will be held on the 4th April 1918 and following days. The applications and fees for admission to the Intermediate Examination must reach the office of the Registrar on or before the 30th January 1918, and those for the B. A. Examination on or before the 21st February 1918.

LAND SALE NOTICES.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plot of land, no longer required by Government, situated on the west of the road leading to the Isolation Hospital from the Bund Road at Barisal in the district of Bakarganj, will be put up to sale at 11 o'clock on Saturday, the 17th November 1917, corresponding with the 1st Agrahayan of 1324 fasli, at the Bakarganj Collectorate.

The purchasers of the plot of land will be subject to the following conditions :—

1st.—The purchaser will have no power to make any excavations on the land nearer than fifteen feet from the boundary of the road, or to plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100 the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceeds Rs. 100 one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday then by noon of the first succeeding office day the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The plot of land will be sold revenue-free to the highest bidder.

5th.—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

Sheriff's Sale.

PROCLAMATION.

TO be peremptorily sold pursuant to the order of the High Court of Judicature at Fort William in Bengal, Original Side, dated the 9th day of July 1917, made in execution of the decree of the Court of Subordinate Judge at Burdwan, dated the 26th day of August 1912, in suit No. 395 of 1903 (wherein Dinobondhu Nundy is the plaintiff and Saidani Ayimana Bibee and others are defendants) by the Sheriff of Calcutta in his sale-room on the ground-floor of the High Court by public auction on Friday, the 30th day of November 1917, at 12 o'clock noon, the interest of the defendants in the undermentioned property :—

Lot No. 1.—All that one-storied brick-built messuage or dwelling-house together with the piece or parcel of land thereunto belonging and on part whereof the same is erected and built, containing by estimation 5 cottahs, more or less, situate, lying at and being premises No. 10, Wellesley Square, in the town of Calcutta and comprised in Holding No. 130, Block No. IX in the south division, and in respect whereof a sum of Re. 1-8-10 is payable to the Collector of Calcutta, and bounded on the north by the premises No. 11, Wellesley Square, belonging to Mahomed Wahidul Hossain, and Mahomed Sydut Hossain, on the east by premises No. 33, Taltolla Lane, belonging to Abdul Khoir on the south by Taltolla Lane, and on the west by Wellesley Square.

It appears from search made in the office of the District Registrar of Assurances at Calcutta from the year 1865 to 1917 that the said property does not appear to be in any way affected with any charges or encumbrances save and except (1) Bengali deed of sale dated 22nd Baisak 1318 from Syed Abdul Waresh Al Musavi to Rakhal Das Mukerjee for Rs. 7,000 and (2) a Bengali instrument of mortgage, dated 21st Pous 1299, executed by Saidani Ayimana Bibee and Syed Moulvi Sadderuddin Ahmed to secure repayment of a sum of Rs. 3,000 with interest at 12 per cent. due to Neemichand and others, and also (3) a Bengali instrument of mortgage, dated 15th April 1902, executed by the said Saidani Ayimana Bibee and Syed Moulvi Sadderuddin Ahmed to secure repayment of the sum of Rs. 4,000 with interest at 9 per cent. due to Sreemutty Mrinalini Dassee and another (since the attachment of the property the defendants have not paid any money to the plaintiff either towards the said decretal amount or the costs of the above suit).

It appears from a search at the Collector's office that the area of the above premises as appearing in the records of the Collector's office is 8 cottahs 5 chittaks and 25 square feet.

The sum for the recovery of which the sale has been ordered is Rs. 14,809-9 and of the execution proceedings.

The condition of sale may be seen at the office of the Sheriff of Calcutta on any day before the sale and will be produced at the sale.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and-a-half lakhs with Government on four per cent. interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries, Imperial Secretariat Buildings, Calcutta.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.,

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible, after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—
the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

DEPARTMENT OF AGRICULTURE, BENGAL.

Preliminary Forecast of the Bhadoi Crops of Bengal, 1917-18.

(Note.—On an average of the five years ending 1915-16, the area under autumn rice in Bengal, has represented some 8·8 per cent. of the total area under rice in British India.)

Character of the season.—In the Western Bengal districts, the weather conditions have been generally favourable although some damage is reported to have been caused in places by the sudden rise of rivers especially in the Howrah District. In the Eastern and Northern districts, on the other hand, conditions at sowing time were not generally favourable. Damage from excessive rainfall and floods is reported from parts of Malda, Faridpur, Chittagong and Noakhali. Damage by drought in Dinajpur and Tippera is

reported to amount to 40 per cent. The season though not altogether favourable has been on the whole "fair."

Acreage.—The total area sown this year with the different crops is reported to be 5,905,300 acres against 5,878,800 acres returned in last year (Final Forecast) and against 6,152,700 acres reported in the corresponding forecast of last year. Of this, the area under autumn rice is reported to be 5,073,900 acres this year against 5,048,200 acres in last year (Final Forecast) and against 5,231,900 acres reported in the corresponding forecast of last year.

Outturn.—According to the estimates of the District Officers the outturn of the different *bhadoi crops* works out to 87 per cent. against 74 per cent. of the normal last year and against 79 per cent. reported in the corresponding forecast of last year. Of autum rice a yield of 87 per cent. is estimated this year against 78 and 74 per cent. reported respectively in the preliminary and final forecasts of last year.

DEPARTMENT OF AGRICULTURE, BENGAL.

First Forecast of the Winter rice crop of Bengal, 1917-18.

(On average of the five years ending 1915-16, the area under winter rice in Bengal came 19·5 per cent. of the total area under rice in British India.)

Condition of the season.—Owing to the good rainfall in the beginning of the season preparatory tillage was well advanced. For the same reasons conditions were favourable for seed-bed sowings and the sowings of broadcasted crops. Transplanting operations, although commenced at the usual time, were seriously interfered with in many districts owing to want of rainfall in August and the first half of September. Some of the Northern Bengal districts fared very badly in this respect. As a consequence the area figures in these districts show a considerable falling off. In Eastern Bengal the shortage of water caused some anxiety regarding the deep-water paddy.

Acreage.—According to the figures reported by the District Officers the area sown this year is 15,299,000 acres against 15,492,100 and 15,667,400 acres shown in the last year's first and final forecasts, respectively. The decrease as has been already stated is due to the weather being too dry in Northern and Eastern Bengal at the transplanting season, the contraction of area being most marked in the Dinajpur, Jalpaiguri and Rangpur districts.

Outturn.—From the appendix attached to the report it will be seen that two districts only, viz., the 24-Parganas and Bankura, have reported more than a normal crop, the return for the latter district being 150 per cent. Eleven districts have returned a normal crop and ten districts a crop between 80 to 95 per cent., while the percentage outturns for the remaining four districts range from 60 to 75.

According to the District Officers' estimates, the provincial outturn works out to 96 per cent. of the normal against 92 and 94 per cent., respectively, in the first and final forecasts of last year.

The increase in area is due to the cultivation of new areas brought into cultivation. The weather conditions have been favourable for the growth of the crop. Some damage has been caused by flood in some parts of Jhanjha and Maguru subdivisions. The outturn is expected to fall below the normal.
Monghyr ...	765,200	760,300	747,700	95	100	April to June; normal	July, normal	The weather conditions have been favourable for the growth of the crop. The outturn is expected to be normal.
Gaya ...	874,800	840,600	746,800	91	100	End of May and June; normal.	End of June to middle of July.	The increase in area is due to favourable rainfall. The weather conditions have been favourable for the growth of the crop. Slight damage has been caused by flood to early winter lands and in some parts plants were cut by cattle, but the injury is not material.
Shahabad ...	894,600	906,000	901,300	100	100	No broadcast sowing in this district	End of June, early.	The increase in area is due to good rainfall. The weather conditions have been good for the growth of the crop.
Saran ...	510,600	513,800	520,000	131	150	Middle of June ...	Middle of July.	The increase in area and estimated outturn is due to favourable weather and timely rainfall.
Midnapore ...	1,570,000	1,660,000	1,637,000	94	100	May; normal	July; normal ...	Excessive rain early in the season seriously affected the crop on low land, but at present extra rain is wanted for high land crop. Large tracts of land in Ghatal, Dantan and Patashpur thanas were flooded by the bursting of embankments and the entire crop within those areas was destroyed. Floods also occurred in Contai and Tamluk in a smaller area and the damage done was serious. In spite of the damage a normal outturn is anticipated if the absence of the rains for the remaining period proves satisfactory.
Hooghly ...	270,700	268,500	197,000	66	67	June; normal ...	Late	The decrease in area is due to want of timely rainfall and partly to flood in the Arambagh subdivision. The weather conditions have been unfavourable in Arambagh subdivision but elsewhere favourable. About 25 per cent of the crop has been damaged by excessive flood in the Arambagh subdivision. The outturn is expected to fall below the normal.
Howrah ...	135,200	137,000	119,100	75	88	Beginning of June; normal.	Beginning of July; normal.	The increase in area is due to favourable conditions at sowing time. The weather condition has been unfavourable except in the area affected by the Mundeswari flood. Half of the crop within the jurisdiction of Sheakhala and quarter of that within the jurisdiction of Uluberia have been destroyed by floods. Crops in other areas in the Sadar subdivision have also been damaged. The outturn is estimated to be normal in the Sadar subdivision. [illegible]

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 1st October 1917.

Summary.—During the week under review, the rainfall was fair. More rain, however, is needed for the winter paddy crop. Transplantation of winter paddy is now nearly completed and weeding is going on. The condition and prospects of the crop are reported to be good. The steeping and washing of jute continue. The harvesting of the autumn crops is now approaching completion. Insect attacks on the rice crop are reported from places in the Burdwan Division. Cattle-disease is reported from seven districts. The average price of common rice for the Province has been practically stationary during the week.

Applications.

7. Applications for War Loan 1929—1947, War Bonds 1920 and War Bonds 1922 (other than applications through the Post Office under the procedure described in clauses 20 to 23 of this Notification) should be in the form appended (Annexure A), and may be presented any day from Thursday, the 15th March 1917, to Friday, the 15th June 1917, to any of the following officers or persons:—

(1) The Controller of Currency, Calcutta, or any Provincial Accountant-General or Comptroller.
(2) The Secretaries and Treasurers, Banks of Bengal, Bombay and Madras, at their Head Offices, or the Agents of these Banks at any Indian Branch, and
(3) Officers in charge of Government treasuries at district head-quarters.

8. Applications must be for sums of Rs. 100 or multiples of that sum.

9. Applications for the sum of Rs. 100 only must in all cases be accompanied by full payment, namely, Rs. 95 in the case of War Loan 1929—1947, and Rs. 100 in the case of War Bonds 1920 and War Bonds 1922.

10. Applications for sums of Rs. 200 or more in War Loan 1929—1947, War Bonds 1920 or War Bonds 1922 may be either for—

(*a*) Fully paid allotments, or
(*b*) Instalment allotments.

11. Applications for Post Office 5-year Cash Certificates will be regulated by the procedure described in clauses 32 to 40 of this Notification.

Brokerage.

12. A commission of one-eighth per cent. will be allowed to recognised bankers and brokers on allotments made in respect of cash applications bearing their stamp, but this commission will not be allowed in respect of applications received through the Post Office, including applications for Post Office 5-year Cash Certificates, or in respect of applications for conversion.

Supplementary provisions.

Fully paid allotments.

13. Applications for fully paid allotments must in all cases be accompanied by payment of the full amount payable. Fully paid Allotment Letters, exchangeable in due course for Securities, viz., Stock Certificates, Promissory Notes, or Bearer Bonds, will be issued in respect of such allotments. Interest due from the date of payment to the 14th August 1917 will be payable by warrant at the time of the issue of Securities, which will bear interest payable half-yearly commencing from the 15th August 1917.

Instalment allotments.

14. Applications for instalment allotments must in all cases be accompanied by payment of the first amount of the instalment stated above to be payable in respect of such applications. In the case of default in the payment of any instalment by its proper date, any instalments previously paid will be liable to forfeiture. Allotment Certificates exchangeable in due course for Securities, viz., Stock Certificates, Promissory Notes, or Bearer Bonds, will be issued in respect of such allotments.

In the case of instalment allotments paid in full on or before the 15th August 1917, the interest due on the instalments from the date of actual payment to the 14th August 1917 will be payable by warrant at the time of issue of Securities, which will bear interest payable half-yearly commencing from the 15th August 1917.

In the case of instalment allotments paid in full after the 15th August 1917, the interest due on the instalments from the date of actual payment to the 14th February 1918 will be payable by warrant at the time of issue of Securities, which will bear interest payable half-yearly commencing from the 15th February 1918.

15. Applications must be accompanied either—

(1) By a receipt for the amount payable thereon, from the Head Office, or any Indian Branch Office, of the Banks of Bengal, Bombay and Madras, or from an officer in charge of a Government Treasury at district headquarters, or

(2) By a cheque, for the amount payable thereon, drawn in favour of the officer to whom, and on a Bank in the place at which, the application is presented, or

(3) By whole currency notes for the amount payable thereon.

Subsequent instalments may be paid into the Head Office, or any Indian Branch Office of the Bank of Bengal, Bombay or Madras, or into any Government Treasury at district headquarters to be named by the applicant in his application.

16. Conversion warrants will be issued by the Public Debt Office, which in this connection means the Presidency Banks of Bengal, Bombay and Madras, respectively, at their Head Offices, on presentation of the Allotment Letters or of the Allotment Certificates (after these latter have been fully paid up) referred to in clauses 13 and 14 above.

17. Applications for conversion duly completed should be made within the dates prescribed in clause 4 to—

(1) The Public Debt Office, as above defined, or any Indian Branch Office of a Presidency Bank ; or

(2) A Government Treasury at district headquarters, for transmission to the Public Debt Office.

and should be accompanied—

(1) By the necessary Conversion warrants,

(2) By the securities (duly receipted) tendered for conversion and

(3) By the cash payment, if any, referred to in clause 3.

18. The same warrant may be used partly for the conversion of securities of the 4 per cent. Conversion Loan and partly for the conversion of securities of the 3½ per cent. or the 3 per cent. Rupee Loans. Where the securities thus converted do not exhaust the full amount of conversion rights allowed by the Conversion warrant the holder may apply to, and will then receive from, the Public Debt Office a fresh warrant for the difference.

19. On application by the holder a warrant will be sub-divided by the Public Debt Office into two or more warrants on payment of a fee of 4 annas in respect of each of the warrants issued in exchange.

POST OFFICE SECTION.

(SPECIAL PROVISIONS FOR APPLICATIONS THROUGH THE POST OFFICE.)

20. Applications for War Loan 1929—1947, War Bonds 1920, and War Bonds 1922 will also be received at any Post Office authorised to transact savings bank business from Thursday, the 15th March 1917, to Monday, the 15th October 1917, from any person whether previously a depositor in the Post Office savings bank or not: subject to the conditions stated in the following clauses.

21. Applications must be made in the special form prescribed in Annexure B.

22. Applications through the Post Office must be for sums of Rs. 25 or any multiple thereof. The same person may not apply for or hold through the Post Office more than Rs. 22,500 in all under this Notification, of which

NOTIFICATION.

No. 4957A.—The 8th October 1917.—The following Regulations respecting the examination of candidates for the Civil Service of India to be held in August 1918 are published for general information :—

[Copies of this paper may be obtained on application to the Chief Secretary to the Government of Bengal.]

NOTICE.

AN Open Competitive Examination for the Indian Civil Service will be held in London, commencing on the 1st August, 1918 under the Regulations, a copy of which is sent herewith.

The number of vacancies to be filled will be announced hereafter.

No concurrent examination will be held either for Clerkships (Class I) in the Home Civil Service or for Eastern Cadetships in the Colonial Service.

No person will be admitted to examination from whom the Secretary, Civil Service Commission, has not received, on or before the **1st June,** *an application* in the handwriting of the Candidate *on the prescribed form, a copy of which is sent herewith. No allegation that an Application Form or a letter respecting such Form has been lost or delayed in the post will be considered by the Commissioners unless the person making such allegation produces a Post Office certificate of posting. Candidates who delay their applications until the last days will do so at their own risk.*

Acknowledgments of such Application Forms are sent, and any Candidate who has filled up and returned the printed Application Form but has not received an acknowledgment of it within four complete days should at once write to the Secretary, Civil Service Commission, Burlington Gardens, London, W. 1. Failure to comply with this provision will deprive the Candidate of any claim to consideration.

The Order for Admission to the examination will be posted early in July to the address given on the Form of Application. It will contain instructions as to the time and place at which the Candidate will be required to attend, and as to the manner in which the prescribed fee (£6) is to be paid

CIVIL SERVICE COMMISSION.

September, 1917.

EXAMINATIONS FOR THE INDIAN CIVIL SERVICE.

REGULATIONS.

**** The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year.*

1. An examination for admission to the Indian Civil Service, open to all qualified persons, will be held in London in August of each year for such number of appointments to that Service as the Secretary of State may on each occasion determine. The date of the examination and the number of appointments to be made for each province will be announced beforehand by the Civil Service Commissioners.

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners—

(*i*)(A) That save as hereinafter provided he is a British subject.

(B) That if he (being a British subject) or his father or his mother was not born within His Majesty's Dominions and allegiance, then at the time of his birth his father was a British subject and that such father still is or continued to be till his death a British subject :

Provided that a ruler or subject of any State in India in respect of whom the Governor-General in Council has made a declaration under section 96-A of the Government of India Act, 1915, as amended by section 3 of the Government of India (Amendment) Act, 1916, may be considered eligible.

(*ii*) That he had attained the age of twenty-two, and had not attained the age of twenty-four on the first day of August of the year in which the examination is held, or that he is in a position to claim such a concession under the provisions of the Appendix to these Regulations as will render him eligible.*

[*N.B.—In the case of Natives of India it will be necessary for a Candidate to obtain a certificate of age and nationality issued under Notification of the Government of India, No. 2252, dated 21st August, 1888, as amended by Notification No. 404, dated 19th May, 1898, and signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides, or should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.*]

(*iii*) That he has no disease, constitutional affection, or bodily infirmity, unfitting him, or likely to unfit him, for the Indian Civil Service.†

(*iv*) That he is of good moral character.

2. (A) No person will be eligible for admission to the Indian Civil Service who has made before any Tribunal established under the Military Service Acts, 1916, an application for the issue to him of a certificate of exemption from the provisions of those Acts on the ground of a conscientious objection to the undertaking of combatant service.

3. No person, who, in a previous year, accepted the offer of a nomination as a Selected Candidate for the Indian Civil Service and subsequently resigned his position as a Selected Candidate, will be admitted to the examination.

4. Should the evidence upon the above points be *prima facie* satisfactory to the Civil Service Commissioners, the Candidate, on payment of the prescribed fee will be admitted to the examination. The Commissioners may, however, in their discretion, at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result to such inquiries in the case of any Candidate should be unsatisfactory to them in any of the above respects he will be ineligible for admission to the Indian Civil Service, and, if already selected, will be removed from the position of a Probationer.

5. The Open Competitive Examination will take place only in the following 38 subjects (*a*):—

From the marks assigned to Candidates in each subject such deduction will be made as the Civil Service Commissioners may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

Consistently with the limitations specified above Candidates are at liberty to name any of the foregoing subjects, provided that the maximum number of marks that can be obtained from the subjects chosen is limited to 6,000. If this maximum is exceeded by a Candidate's selection he will be required to indicate one of his subjects, the marks for which should, in his case, be reduced so as to bring his maximum marks within the prescribed limit. The marks so reduced will be subject to a correspondingly reduced deduction.

Moreover, if a candidate's handwriting is not easily legible, a further deduction will, on that account, be made from the total marks otherwise accruing to him.*

6. A list of the competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each competitor, and in that order so many competitors, up to the determined number of appointments, as are found by the Civil Service Commissioners to be qualified by examination, shall be designated to be Selected Candidates for the Indian Civil Service, provided that they appear to be duly qualified in other respects. Should any Selected Candidate become disqualified, the Secretary of State for India will determine whether the vacancy thus

* It is notified for general information that the number of marks deducted for bad handwriting is considerable.

created shall be filled or not. In the former case the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a Selected Candidate.

7. Selected Candidates, before proceeding to India, will be on probation for one year, at the end of which time they will undergo an examination, called the Final Examination, in the following compulsory subjects (*b*) :—

		Marks.
1.	Indian Penal Code	400
2.	Code of Criminal Procedure	200
3.	The Indian Evidence Act	200
4.	Indian History	400
5.	The principal Vernacular Language of the province to which the candidate is assigned ...	400

The principal Vernacular Language prescribed for each province to which Candidates are assigned is as follows :—

For the United Provinces of Agra and Oudh, the Punjab or the Central Provinces ...	Hindustani
For Bengal or Assam	Bengali
(unless it is the Candidate's mother tongue).	
For Bihar and Orissa	Hindustani
For Burma	Burmese
For Bombay	Marathi
(unless it is the Candidate's mother tongue).	
For Madras	Tamil or Telugu
(at the option of the Candidate).	

In Hindustani the Candidate will be required to be acquainted with both the Persian and the Nagari character.

A Candidate assigned to Bengal or Assam, whose mother tongue is Bengali, must offer for examination Hindustani ; a Candidate assigned to Bombay, whose mother tongue is Marathi, must offer for examination Hindustani ; and a Candidate assigned to Madras, whose mother tongue is either of the languages shown against his province, must offer the other for examination.

8. Selected Candidates may in addition offer in the Final Examination one of the following optional subjects :—

		Marks
1.	Hindu and Muhammadan Law	150
2.	Sanskrit	400
3.	Arabic	400
4.	Persian	400
5.	Hindustani	400

No Candidate who offered Sanskrit or Arabic at the Open Competition may offer the same language at the Final Examination ; and only candidates assigned to the province of Burma may offer Hindustani as an optional subject.

9. In the Final Examination, as in the Open Competition, the merit of the Candidates examined will be estimated by marks (which will be subject to deductions in the same way as the marks assigned at the Open Competition), and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it. The examination will be conducted on paper and *viva voce*, as may be deemed necessary.

If any Candidate is prevented by sickness or any other adequate cause from attending such examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination.

10. The selected Candidates will also be tested during their probation as to their proficiency in Riding.

(*b*) Instructions, showing the extent of the examination, will be issued to Selected Candidates as soon as possible after the result of the Open Competition is declared.

The examinations in riding will be held as follows :—

(1) Shortly after the result of the Open Competitive Examination has been declared, or at such time or times as the Commissioners may appoint during the course of the probationary year.

(2) Again, at the time of the Final Examination. Candidates who may then satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of all the duties of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed, to be added to their marks in the Final Examination. Candidates who fall short of this adequate proficiency but show such minimum proficiency as is evidenced that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between 1 and 100; they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government.

A Candidate who fails at the end of the year of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding, will be liable to have his name removed from the list of Selected Candidates.

11. The Selected Candidates who, on examination, shall be found to have a competent knowledge of the subjects specified in Regulation 7, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, conduct during the period of probation, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Indian Civil Service, provided they shall comply with the regulations in force, at the time, for that Service.

12. Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary to the Civil Service Commissioners, London," at any time after the 1st December, in the year previous to that in which the examination is to be held. No person will be admitted to the examination from whom the Secretary to the Civil Service Commissioners has not received on or before the 1st June (or, if that date should fall on a Sunday or public holiday, then, on or before the first day thereafter on which their office is open), in the year in which the examination is to be held, an application, in the handwriting of the Candidate, on the prescribed form.

APPENDIX.

1. Any person who has joined since the 4th August 1914, or may join during the present war, the Army or Navy or Royal Marines, or has rendered or may render during the same period actual military service in the Special Reserve or Territorial Force, Royal Naval Reserve or Royal Naval Volunteer Reserve, may, if eligible in point of age under the Regulations as they now stand for admission to the examination or competition held in 1915, 1916, or 1917 (but over age in 1916, 1917, or 1918, respectively), deduct from his actual age at the time of the examination or competition held in 1916, 1917, or 1918, as the case may be—

(*a*) The actual period of such service, if it has not exceeded three months.

(*b*) One year, if the actual period of service has exceeded three months. No candidate will be allowed to deduct more than one year from his actual age.

2. The same concession may also be granted to those who have been employed during the same period in connection with the armed forces of the Crown at home or abroad giving their whole time and under obligation to serve for the duration of the war or until their discharge, or for any period not terminable at their own option, provided that their employment be not on ordinary commercial terms, such as that of Assistant Paymasters, Clerks, Artisans, and the like.

3. The grant of the concession described in paragraph (2) will be at the discretion of the Civil Service Commissioners, whose decision in each case will be final. Candidates who contemplate applying for an age deduction under (2) will do well to apply to the Civil Service Commission for a ruling on their case.

4. Candidates to be eligible for the concessions in (1) or (2) must furnish an official certificate of the period and satisfactory character of their service, and if any doubt arise whether the service of any candidates is of the kind contemplated, the Secretary of State for India in Council reserves to the Civil Service Commissioners the right to decide the case upon its merits.

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements :—

(i) *Selected Candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.*

(ii) *Except in the case of persons continuing to receive Scholarship allowances of equal or greater amounts from the Government of India an allowance amounting to £150 will be given to any Candidate who passes his probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrews, and Aberdeen; the School of Oriental Studies, London Institution, Finsbury Circus; Victoria University, Manchester.*

This allowance will be paid to the Selected Candidate in four instalments on the following dates respectively :—December 24th, after his selection, March 25th, June 24th, and the date of his signing his covenant on being finally appointed to the Service.

An allowance on account of passage to India will be paid to each newly appointed Civilian to the amount of £40 for passage to Calcutta, Madras or Bombay, and £50 for passage to Rangoon. These allowances will only be paid after production of evidence that the Officer has engaged a First Class passage. An Officer who prefers it can have a First Class passage taken for him by the India Office in lieu of receiving a passage allowance. Applications giving proposed dates of sailing should be made to the Secretary, Judicial and Public Department, India Office, London, S.W.1.

The payment of each of the first three instalments will be conditional on the receipt, by the Secretary of State, through the Civil Service Commissioners, of a Certificate that the Candidate has fulfilled up to date the requirements of the Authorities, and shown satisfactory conduct at the Authorized University or College; the fourth and final instalment will be paid as soon as the selected Candidate has signed his covenant, and for its payment no certificate from College Authorities will be required.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

(iii) *Each Candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety, jointly and severally, to refund all moneys he may have received from the Secretary of State for India in the event of—*

(1) *his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or*

(2) *his subsequent failure to execute the usual covenant and to proceed to India, as and when he shall be directed by the Secretary of State for India.*

(iv) *All candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force, they may be required to make towards their own pensions or for the pensions of their families. The stamps payable on these covenants amount to £1.*

(v) *The seniority in the Indian Civil Service of the Candidates obtaining Certificates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and*

Final Examinations, but may ultimately be affected by appointments made by the Secretary of State under the Temporary Provisions Act, 1915.

(vi) *Candidates obtaining Certificates will be required to report their arrival in India within such period after the grant of their Certificates of Qualification as the Secretary of State may in each case direct.*

(vii) *Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected, and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the candidate.*

Civil Service Commission,

The Commissioners have been requested by the Secretary of State for India to draw the attention of Selected Candidates to the prefatory note attached to this Manual, as it is considered necessary that it should be clearly understood that this compilation is not to be regarded in any other light than that of a collection, made for facility of reference, of certain information and rules, that it is by no means exhaustive, and that it is liable to such modifications as may from time to time be sanctioned by competent authority.

INDIAN CIVIL SERVICE.

Syllabus of an Open Competitive Examination for the Indian Civil Service to be held in the year 1918, and of any other competition that may be held in combination therewith.

In view of the importance of legible handwriting in the public service, Candidates are warned that the provision as to deductions for bad handwriting in these competitions will be strictly enforced.

Candidates are warned that full marks cannot be obtained on any paper unless the whole of it is answered, or, in cases where the number of questions to be answered is specified, unless the full number specified is answered.

English Composition.—An Essay to be written on one of several specified subjects.

Sanskrit Language and Literature.—Translation from Sanskrit; composition in Sanskrit; Sanskrit Literature, including the life, thought, and antiquities of Ancient India, together with such knowledge of history as bears upon the subject; questions on the Sanskrit Language (including questions on Philology).

Composition will be required in Classical Sanskrit alone; elsewhere Vedic Sanskrit is also included.

Candidates are expected to make a special study of the Seventh Mandala of the Rig-veda, but other Vedic hymns may also be set in the examination.

Arabic Language and Literature.—Translation from Arabic; set composition and free composition in Arabic; Arabic Literature, including the life and thought of the Arabs as shown in the literature, together with such knowledge of history as bears upon the subject; questions on the Arabic language (including questions on Philology).

Greek Literature.—Questions on the Greek Language (including questions on Philology), Literature, and Antiquities.

Latin Literature.—Questions on the Latin Language (including questions on Philology) and on Roman Literature and Antiquities.

English Language and Literature.—The examination will be in two parts. In the one Candidates will be expected to show a general acquaintance with

the course of English Literature, as represented in the chief writers in verse and prose, between the reign of Edward III and the death of Queen Victoria.

A minute and detailed knowledge will not be looked for in this part of the examination; but its aim will be to test how far the Candidates have studied at first hand the chief productions of the greatest English writers, and are acquainted with the leading characteristics of their thought and style, and with the place which each of them occupies in the history of English Literature.

The other part of the examination will relate to one of the following periods, which will follow each other year by year in rotation :—

Period I: 1360 to 1600, Chaucer to Spenser.
Period II: 1600 to 1660, The later Elizabethans.
Period III: 1660 to 1744, The age of Dryden and Pope.
Period IV: 1744 to 1800, From the death of Pope to the death of Cowper.
Period V: 1800 to 1832, Nineteenth Century writers to the death of Scott.
Period VI: 1832 to 1892, from the death of Scott to the death of Tennyson.

The examination in this part will require from the Candidates a more minute acquaintance with the history of the English Language and Literature, as illustrated in the chief works produced in each period, and will be based to a considerable extent, but by no means exclusively, on certain books specified each year by the Commissioners. The names and other indications placed beside the dates are intended to suggest the general character of the literary development of the period, and, consequently, the natural limits of the examination. All the works of Shakespeare and Milton, for example, will be regarded as falling within the period 1600 to 1660; all the works of Wordsworth and Coleridge within the period 1800 to 1832; all the works of Carlyle, Landor and Macaulay within the period 1832 to 1892.

For the year 1918, Period I (1360-1600) is prescribed, and the following are the specified books :—

Chaucer.—Canterbury Tales :—The Prologue, The Nonne Preestes Tale with Prologue; The Pardoners Tale with Prologue; Troylus and Criseyde.
Langland.—Vision of Piers the Plowman (Text A), Prologue and Passus I—IV.
Pollard.—English Miracle Plays, Varieties, and Interludes.
James I.—The King's Quair.
Malory.—Morte d' Arthur.
Udall.—Ralph Roister Doister.
Tottel's Miscellany.—The poems of Surrey and Wyatt.
Ascham.—Toxophilus.
Sackville.—Gorboduc.
Spenser.—The Faerie Queene, Books I—III; Mother Hubbard's Tale; Shepherd's Calendar: April, July, October
Lyly.—Endymion; Euphues, the Anatomy of Wit.
Marlowe.—Dr. Faustus.
Ben Jonson.—Every Man in his Humour.
Hooker.—Ecclesiastical Polity, Book I.
Oxford Book of English Verse, Nos. 1—122 and 165—214.

Italian, Translation, Composition and Conversation.—In the conversation test importance is attached to pronunciation. The study of phonetics is an important aid to correctness of pronunciation.

Italian, History of the Language and Literature.—Italian Literature, including the life and thought as shown in the literature, together with such knowledge of history as bears upon the subject. Questions will be asked which demand a knowledge of the language in its early stages (*i.e.*, before the time of Dante), but such questions will not be obligatory. Candidates will not be required to write their answers in Italian.

French, Translation, Composition and Conversation.—In the conversation test importance is attached to pronunciation. The study of phonetics is an important aid to correctness of pronunciation.

French, History of the Language and Literature.—French Literature, including the life and thought as shown in the literature, together with such knowledge of history as bears upon the subject. Questions will be asked which demand a knowledge of the language in its early stages (*i.e.*, before 1500), but such questions will not be obligatory. Candidates will not be required to write their answers in French.

No. 34—The following Statute is published for general information :—

NAVAL DISCIPLINE ACT, 1917.

[7 & 8 GEO. 5, CH. 34.]

CHAPTER 34.

AN ACT TO AMEND SECTION 71-A. OF THE NAVAL DISCIPLINE ACT.

[2nd August 1917.]

BE it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Amendment of s. 71-A of Naval Discipline Act.

1. Section 71-A. of the Naval Discipline Act which relates to the suspension of sentence shall be amended as follows :—

(1) By the insertion in paragraph (*b*) thereof, after the words "committing authority," where they first occur, of the words "or an officer holding such command as the Admiralty may by regulation prescribe," and the insertion in the same paragraph after the words "committing authority" where they secondly and thirdly occur, of the words "or officer."

(2) By the insertion at the beginning of paragraph (*c*) of the words "Subject to regulations made by the Admiralty," and by the insertion in the same paragraph, after the words "committing authority," of the words "or an officer holding such command as the Admiralty may by regulation prescribe."

(3) By the substitution in paragraph (*b*) of the word "more" for the word "less."

(4) By the insertion at the end of the section of the following provisions—

"Where a person has been sentenced to penal servitude or imprisonment or detention and an order of committal has been issued, the Admiralty or the committing authority or an officer holding such command as the Admiralty may by regulation prescribe may order the sentence to be suspended, and in such case the person whose sentence is suspended shall be discharged and the currency of the sentence shall be suspended until he is again committed under the same sentence, and the foregoing paragraphs (*b*), (*c*) and (*d*) of this section shall apply in like manner as in the case where a sentence has been suspended before an order of committal has been issued.

"Where a sentence is suspended under this section, whether before or after committal, the Admiralty or, subject to any regulation or direction which may be issued by the Admiralty, the committing authority or officer by whom the sentence is suspended may, notwithstanding anything in section fifty-three of this Act, direct that any penalty which is involved by the punishment of penal servitude or imprisonment or detention either shall be or shall not be remitted or suspended."

Printing and construction of Naval Discipline Act

2. (1) Every enactment and word which is directed by this Act to be substituted for or added to any portion of the Naval Discipline Act shall form part of that Act in the place assigned to it by this Act, and the Naval Discipline Act, and all Acts which refer thereto shall after the commencement of this Act be construed as if that enactment or word had been originally enacted in the Naval Discipline Act in the place so assigned, and, where it is substituted for another enactment or word, had been so enacted in lieu of that enactment or word, and the expression "this Act" in the Naval Discipline Act shall be construed accordingly.

(2) A copy of the Naval Discipline Act with every such enactment and word inserted in the place so assigned shall be prepared and certified by the Clerk of the Parliament and deposited with the rolls of Parliament, and His Majesty's printers shall print in accordance with the copy so certified all copies of the Naval Discipline Act which are printed after the commencement of this Act.

After Rule 11-D. of the said Rules, the following rule shall be added, namely :—

"11-E. (1) No owner of a mine shall without the previous sanction of the Governor General in Council transfer such mine or any interest therein to any person other than a British subject or to a foreign-controlled company.

For the purposes of this rule—

(*a*) the expression 'British subject' means a person who is a natural-born British subject within the meaning of the British Nationality and Status of Aliens Act, 1914, and includes a subject of a State in India ;

(*b*) the expression 'foreign-controlled company' includes any company, firm or association or body of individuals whether incorporated or not—

(*i*) which is not established in and subject to the laws of some part of His Majesty's dominions or of some British Protectorate, and has not its principal place of business therein, or

(*ii*) of which the majority of the directors or the partners or persons occupying the position of directors or partners by whatever name called are not British subjects, or

(*iii*) of which the majority of the voting power or the predominant interest is in the hands of persons who are not British subjects or of persons who exercise their voting power or hold their interest directly or indirectly on behalf of persons who are not British subjects, or

(*iv*) of which the control is by any other means whatever in the hands of persons who are not British subjects, or

(*v*) of which the managing body is a foreign-controlled company, or the majority of the managing body are appointed by a foreign-controlled company;

(*c*) the expression 'mine' includes a quarry and any mineral deposit or land known or believed to contain a mineral deposit of commercial value;

(*d*) the expression 'owner' includes a lessee or any person having a transferable interest or any agent of such owner, lessee or person.

2. (*a*) Any person to whom a transfer of any mine has been made in contravention of this rule, and

(*b*) any agent entrusted with the charge, control or management of a mine by or on behalf of such transferee and having reason to believe that such a transfer has been made,

who works such mine or removes any produce or output thereof shall be deemed to have contravened these rules.

CORPORATION OF CALCUTTA.

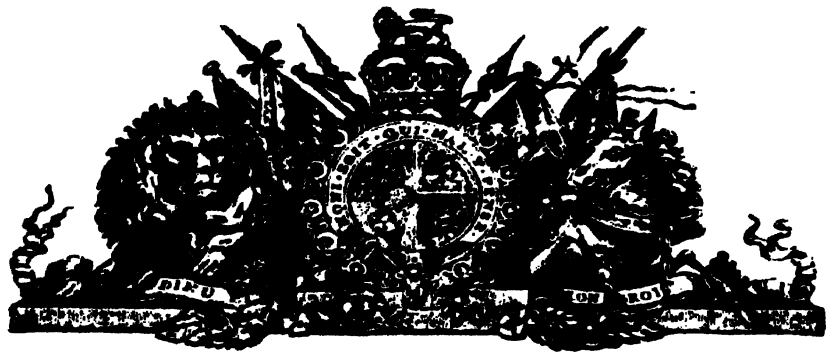
NOTICE.

RULES 2 (*c*), (9), (10), 14 and (18) of the Provident Fund Rules of the Corporation as amended and sanctioned by Government in their order No. 592T.—M., dated the 30th September 1917, are published below :—

2 (*c*). " Manager " shall include the firm of Chartered Accountants or such other person or persons as the General Committee may, from time to time, appoint, and in whom the management of the fund shall, subject to the general supervision and control of the Corporation, be vested. The necessary expenses of management shall be borne by *the Corporation out of the Municipal Funds.*

9. For and in respect of each complete year ending with 31st day of March the Corporation shall, on that date, contribute to the Fund a sum equal to the aggregate amount of the compulsory subscriptions for such year, and shall pay the same to the Manager.

10. The Manager shall, from time to time, pay into the Bank of Bengal at Calcutta or any other Bank at Calcutta sanctioned by the General Committee to the credit of an account to be styled " the Corporation of Calcutta Provident Fund Account " all moneys received by *him.* All moneys to the credit of such account shall be dealt with only in accordance with these rules and regulations, and all or any portion of such moneys shall be withdrawn from such account only by cheques bearing the signatures of two Trustees in addition to the signature of the Manager.



14. On the 31st day of March in each year the Manager shall credit the account of each subscriber contributing compulsory subscription with the

equivalent of his compulsory subscription for the year out of the Corporation contribution under Rule 9 and also his share of any moneys forfeited or lapsed to the Fund in proportion to the amount standing to his credit in respect of his compulsory subscription for the year and thereafter, the Manager having ascertained the amount available for division among the subscribers (compulsory and voluntary) *arising from the interest accrued on securities and on all other moneys, if any, that should properly be brought into account* shall provisionally credit the account of each subscriber contributing compulsory subscription with his share thereof in proportion to the amount standing to his credit without taking into account his share of the Corporation contribution for the year as also his share of any sum forfeited or lapsed for the year, and shall also credit the account of each subscriber contributing voluntary subscription with the share thereof in proportion to the amount standing to his credit in respect of his voluntary subscription: Provided that in the case of the cessation of the service or death of any subscriber at any time before the 31st March in any financial year it shall be lawful for the General Committee, if they think fit, to authorise the Manager to make the account of the said subscriber before the close of the year by crediting it with a sum equal to the aggregate amount of the compulsory subscription paid by him during the portion of the said year.

18. Any subscriber contributing voluntary subscription may withdraw the whole or part of the amount to his credit for and in respect of his voluntary subscription by written application to the Manager therefor and the Manager shall pay the same within a fortnight from the date of receiving such application.

CALCUTTA;
The 27th September 1917.

W. W. HORNELL,
Director of Public Instruction, Bengal.

ORDERS BY THE HON'BLE THE PRESIDENT AND THE MEMBERS OF THE BOARD OF SANSKRIT EXAMINATIONS, CALCUTTA.

IT is hereby notified that a centre for holding the Sanskrit Title Examination, under the auspices of the Prachya Dharma Parishad at the town of Silchar, in the Surma Valley, has been sanctioned by the Board of Sanskrit Examinations from the year 1918.

SATIS CHANDRA VIDYABHUSHANA,
Principal, Sanskrit College, and
Secretary, Board of Sanskrit Examinations.

OFFICE OF THE BOARD OF SANSKRIT EXAMINATIONS, CALCUTTA, *the 4th September 1917.*

OFFICE MEMORANDUM BY THE INSPECTOR OF SCHOOLS, BURDWAN DIVISION.

University Matriculation Examination, 1918.

PRIVATE STUDENTS.

1. Private students are those who have not attended any recognized or unrecognized High English schools for at least one year previous to the examination. The term "private students" includes school-masters.

2. Private students must appear at the Test Examination to be held on Monday, the 3rd December 1917, and the following days at the Hooghly Collegiate School.

Each private student will have to pay a fee of Rs. 6, which should be remitted to the Inspector of Schools, Burdwan Division, Chinsura, along with his application for admission to the Test Examination by the 9th November 1917, after which date a fine of Rs. 2 will have to be paid for each week's delay. *Under no circumstances will the admission fee be refunded.* No private student will be admitted to the Test Examination unless he is accompanied, for the purpose of identification, by some person known in the office of the Inspector of Schools, Burdwan Division.

3. Applications must be submitted through the head-master of the school in which the applicant last read. The head-master, in forwarding the application to this office, should note whether he recommends the application or not. If he does not, his reasons should be stated. The application of no candidate is to be forwarded who did not leave school from the first class, or who had not been declared fit for promotion to that class. The information to be given and the documents to be appended (in original) are the following :—

(*a*) The name of the school in which the candidate last studied.

(*b*) The transfer certificate (in original) granted to the candidate by the head-master of the school in which he last read; or

(*c*) In the case of a candidate who previously appeared at the Entrance Examination, the Registrar's receipt (in original) for the fee paid.

(*d*) The age of the candidate is not required in cases (*b*) and (*c*). No candidate who has not completed the age of sixteen years on the first day of the Matriculation Examination is eligible.

(*e*) In the case of school-masters, a certificate of good conduct from the secretary or proprietor of the school in which the candidate is serving.

(*f*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he has not read in any school since the last Matriculation Examination held in July 1917. Detailed information is needed under this head. The person granting the certificate should state his social or professional position.

(*g*) The names of subjects in which the candidate wishes to be examined.

4. *The fee for the Matriculation Examination has NOT to be sent to this office.* It should be sent to the Registrar by the candidates themselves, together with the countersigned applications.

5. The address of each private student should be supplied to this office.

6. The Matriculation Examination in 1918 will be held on the 4th March 1918 and following days. Applications and fees for admission must reach the office of the Registrar on or before the 19th January 1918.

W. E. GRIFFITH.

Inspector of Schools, Burdwan Division.

CHINSURA, *The 27th September 1917.*

INTERMEDIATE AND B. A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bona fide* masters of English schools, who have served as such for the full period of three academical years preceding the examination, will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B. A. Examinations must produce certificates of character and length of service from the secretaries of their respective schools. Candidates for the B. A. Examination must forward with their applications their F. A. certificates, and those for the Intermediate Examination their Entrance or Matriculation certificates. Those candidates who were admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B. A. Examinations are informed that their applications for admission to these examinations will not be considered unless they enclose with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates who have applied for or have obtained the special permission of the Senate for the purpose are required, under section 9, chapter XV of the Revised Regulations, dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 12th January 1918, together with other papers, as mentioned in rules 2 and 3, after which no application will be received.

5. The Intermediate Examination of 1918 will be held on the 13th March 1918 and following days. The B. A. Examination of 1918 will be held on the 4th April 1918 and following days. The applications and fees for admission to the Intermediate Examination must reach the office of the Registrar on or before the 30th January 1918, and those for the B. A. Examination on or before the 21st February 1918.

W. E. GRIFFITH.

Inspector of Schools, Burdwan Division.

CHINSURA, *The 27th September 1917.*

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.,

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible, after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

STARRED QUESTIONS.

By the Hon'ble the MAHARAJADHIRAJA BAHADUR OF BURDWAN :—

Ancient tombs and mausoleums in the Sundarbans

*1. (*a*) Will the Government be pleased to state what ancient tombs or mausoleums have been found in the Sunderbans and whether any of them have been protected under the provisions of the Preservation of Ancient Monuments Act, 1904 (VII of 1904)?

(*b*) If the answer to clause (*a*) of the question be in the negative, will the Government be pleased to say whether they are aware of any historic importance being attached to the tombs of Khan Jehan Ali and Mohamed Tahir, and, if so, whether it is in their contemplation to protect these two monuments of the Sunderbans under the provisions of the said Act?

Answer by the Hon'ble MR. DONALD :—

"(*a*) A statement is laid on the table showing the ancient tombs or mausoleums in the Sundarbans as entered in the List of Ancient Monuments in Bengal. Of these, Nos. 1 and 2 have been declared protected monuments under the provisions of the Ancient Monuments Preservation Act (VII of 1904).

(*b*) The question does not arise."

Statement referred to by the Hon'ble MR. DONALD *in his Answer to Question No. 1 (starred), asked by the Hon'ble the Maharajadhiraja Bahadur of Burdwan, at the Council Meeting of 4th September, 1917, showing ancient tombs and mausoleums known to exist in the Sunderbans.*

Appointment of Europeans and Anglo-Indians in the offices of the Deputy Inspector-General of Police.

*2. Has the attention of the Government been drawn to the advertisements published in the "Statesman" of the 24th July asking for applications from Europeans or Anglo-Indians for thirty-six appointments under the Special Assistant to the Deputy Inspector-General of Police—pay ranging from Rs. 125 to Rs. 200 per month and eight other appointments to be applied for to the Deputy Inspector-General of Police, Dacca Range?

Answer by the Hon'ble MR. KERR :—

"Yes; but the 36 appointments include the eight appointments referred to in the latter part of the question. The men are required to work as confidential clerks in certain police offices in the mufassal."

*3. Is it a fact that appointments in the Public Service are given according to race, qualifications or according to merit of individual persons?

Answer by the Hon'ble MR. KERR :—

"Ordinarily appointments in the Public Service are open to any one possessing the prescribed qualifications, irrespective of race or religion, but it is occasionally necessary to employ members of a particular community on special work."

*4. Will the Government be pleased to state separately the number of—

(1) Anglo-Indians, and

(2) Indian officers

of the Police on whose lives attempts have been made by the anarchists during the last five years?

Answer by the Hon'ble MR. KERR :—

"During the last five years attempts have been made on the lives of 30 Indian officers of the Bengal Police by members of the revolutionary party. No such attempts have been made on the lives of Anglo-Indian members of the force. Anglo-Indians are not as a rule concerned in the investigation of revolutionary crime."

*5. Will the Government be pleased to state the number of Anglo-Indian or European officers of the Calcutta Police who have been removed from the public service or degraded during the last two years?

Answer by the Hon'ble MR. KERR :—

"Three Anglo-Indian or European officers of the Calcutta Police were dismissed in 1915 and three in 1916; one such officer was degraded in each of these years. In addition, 30 such officers were discharged in 1915 and 29 in 1916. Of these 59 officers, 44 were Anglo-Indian Sergeants who were recruited temporarily after the outbreak of the war to take the place of European Sergeants who reverted to military duty, and the other 15 were on probation."

*6. (*a*) Are the Government aware that "ghee," which is at present sold in Calcutta, is in most cases highly adulterated with animal fat and ground-nut oil, and in some cases entirely with vegetable fat?

(*b*) Are the Government aware that besides being an article of diet, "ghee" is used by Hindus for religious ceremonies?

(*c*) Are the Government aware that this alleged widespread adulteration is causing a feeling of consternation among the Hindu community and generally amongst all classes of people in Calcutta?

(*d*) Is it a fact that the question of the prevention of adulteration of food and drugs was discussed at a meeting of the Calcutta Corporation about a year ago and that the Government were asked to pass an Act for the prevention of adulteration of food and drugs?

Questions and Answers.

By the Hon'ble BABU SURENDRA NATH RAY—*concld.*

(*e*) Is it also a fact that the Government at that time considered that the matter could be better dealt with when the amendment of the Calcutta Municipal Act came before the Legislative Council?

(*f*) Will the Government be pleased to state what steps they intend to take to prevent such adulteration?

(*g*) Are they considering the desirability of introducing a Bill as early as may be practicable on the matter?

Answer by the Hon'ble MR. DONALD:—

"(*a*) From the report of the Corporation on the Municipal Administration of Calcutta for the year 1916-17, it will be seen that out of 457 samples of "ghee" that were analysed 114 were found to be adulterated, and that out of 282 samples of "ghee" extracted from sweetmeats 121 were found to be adulterated.

Of the 114 samples of adulterated "ghee"—

35 or 30·7 per cent. showed 10 to 25 per cent. of adulteration.

55 or 42·2 per cent. showed 26 to 50 per cent. of adulteration.

24 or 21 per cent. showed over 50 per cent. of adulteration.

Of the 121 samples of "ghee" extracted from sweetmeats and found adulterated—

46 or 38 per cent. showed 10 to 25 per cent. of adulteration.

45 or 37·2 per cent. showed 26 to 50 per cent. of adulteration.

30 or 24·8 per cent. showed over 50 per cent. of adulteration.

(*b*) Yes.

(*c*) Government are aware that the matter has given rise to comment.

(*d*) In their review of the Administration Report for the year 1914-15, the Calcutta Corporation stated that, in their opinion, the amendment of the sections of the Calcutta Municipal Act relating to food and drugs should be taken up at once.

(*e*) Yes.

(*f*) and (*g*) The Hon'ble Member is referred to the Bill which is being introduced at this meeting of Council."

By the Hon'ble RAI DEBENDRA CHUNDER GHOSE BAHADUR:—

Closing of a certain portion of the Lower Circular Road to the public.

*7. (*a*) Is it a fact that the section of the Lower Circular Road in the town of Calcutta, between the Kidderpore Bridge point and the Zeerut Bridge point, is maintained by the Public Works Department for the use of the public and has been so used for more than a century?

(*b*) Has the attention of the Government been drawn to the action of the Calcutta Police in closing this section of the road against the general public, except to members of the Calcutta Turf Club, on racing days, at the end of July last?

(*c*) Are the Government aware of the feeling which this action has created in the mind of the public?

Questions and Answers.

By the Hon'ble RAI DEBENDRA CHANDRA GHOSE BAHADUR—*concld.*

(*d*) Will the Government be pleased to state who the officer was who was primarily responsible for this order?

(*e*) Are the Government considering the desirability of taking such steps as will prevent the repetition of orders of a similar character by the Calcutta Police?

Answer by the Hon'ble MR. KERR :—

" (*a*) By an order of this Government dated the 31st March, 1864, the executive charge of all roads in the Maidan, including the section of road now in question, was vested in the Public Works Department of this Government subject to the general charge and control over the Maidan vested in the Commissioner of Police. By virtue of this order, the Public Works Department assumed executive charge of these roads with effect from the 1st May, 1864. Both before and after that date, the public have used those roads subject to the control of the Commissioner of Police.

(*b*) It is not a fact that this section of the road has been closed against the general public, except to members of the Calcutta Turf Club, on any racing day. It was notified in December, 1916 that on the occasion of race meetings the conveyances of members of the Turf Club only would be permitted to approach the Turf Club gates along Lower Circular Road from west to east. This regulation was made to facilitate the general police control of the traffic, and to obviate the confusion which ensued when conveyances approached the public entrances to the racecourse from two opposite directions. The regulation is enforced only at times when the traffic approaching the racecourse is heavy.

(*c*) A few anonymous letters have appeared in the Press, but Government are not aware that the regulation has caused any serious inconvenience or dissatisfaction to the public.

(*d*) The Commissioner of Police issued the order under section 10 A (*l*) (*m*) of the Calcutta Police Act.

(*e*) No."

By the Hon'ble BABU AMBIKA CHARAN MAZUMDAR :—

*8. Will the Government be pleased to state what amounts the District Boards of the Dacca Division have expended during the last ten years on—

(*i*) the construction and maintenance of roads; and

(*ii*) the opening out and maintenance of khals, canals and other waterways in each of these districts.

Answer by the Hon'ble MR. DONALD :—

" (*i*) A statement is laid on the table showing the expenditure by each District Board in each year of the decade on communications (original works and repairs).

(*ii*) Statistics showing the amounts spent on khals, canals and other waterways are not available."

By the Hon'ble BABU KISHORI MOHAN CHAUDHURI :—

Status and prospects of Professors in the Provincial and Indian Educational Services.

*9. (*a*) Are the Government aware that the duties and responsibilities of the Professors of the Provincial Educational Service as well as of the Indian Educational Service are alike and that the existing distinction between the two classes of officers in rank, pay and prospects has caused considerable dissatisfaction among the former?

(*b*) Will the Government be pleased to state whether they are considering the desirability of moving the Government of India to organise an amalgamated service for officers of both these classes, with provision for an oversea allowance for the European officers?

(*c*) If not, will the Government be pleased to state what other scheme they have under consideration?

Answer by the Hon'ble MR. HORNELL :—

(*a*) and (*c*) Certain representations have been received from time to time. The whole question has recently been considered by the Public Services Commission and the proposals of that Commission are now under the consideration of Government.

(*b*) No.

By the Hon'ble BABU KISHORI MOHAN CHAUDHURI :—

Lecturers in the Subordinate Educational Service.

*10. (*a*) Will the Government be pleased to state the total number of Lecturers in the Subordinate Educational Service?

(*b*) How many of these have been engaged in teaching up to the B.A. Pass and Honours, for over five years?

Questions and Answers.

Answer by the Hon'ble MR. HORNELL :—

" (*a*) 51 including demonstrators.

(*b*) The information is not available."

work of s in the al nal

*11. (*a*) Are the Government aware that in some of the Government Colleges the B.A. Pass and Honours classes are being run mainly by Lecturers in such subjects as English, Philosophy, Sanskrit, etc. ?

(*b*) Will the Government be pleased to state whether the Professors belonging to the Indian Educational Service have, as a rule, to do any work of a higher nature ?

Answer by the Hon'ble MR. HORNELL :—

"(*a*) Inquiries will be made.

(*b*) Yes."

By the Hon'ble BABU KISHORI MOHAN CHAUDHURI :—

*12. (*a*) Is it a fact that in addition to a very large contingent of B.A.s and third and second class M.A.s employed as additional or Assistant Inspectors and Head Masters, the Provincial Educational Service contains at least nearly or over 30 Professors who are either B.A.s or B.A.B.T.s or third or second class M.A.s ?

(*b*) Will the Government be pleased to state the exact number of Professors who are—

(*i*) B.A.s and B.A. B T.s,

(*ii*) third class M.A.s, and

(*iii*) second class M.A.s ?

(*c*) How many of the second class M.A.s were taken into the Provincial Educational Service within a year or two of their obtaining their M.A. degree ?

(*d*) Is it a fact that a large number of the Lecturers in the Subordinate Educational Service hold either higher degrees or stood higher in the University than most of the Professors referred to above in clause (*b*) ?

(*e*) Is it a fact that some of these Lecturers have distinguished themselves by their scholarship and original researches in different branches of learning and have obtained necessary recognition from the University and other learned bodies ?

(*f*) Will the Government be pleased to state what action they have taken and are taking with a view to recognising the meritorious work of these officers ?

(*g*) Are the Government aware that the existing disparity in pay and prospects between Professors and Lecturers has caused a great dissatisfaction among the Lecturers ?

Answer by the Hon'ble MR. HORNELL :—

" (*a*) and (*b*) (*i*) The number of Professors in the Provincial Educational Service who are B.A.s and B.A.B.T.s is 7, including 2 Oxford B.A.s.

(*b*) (*ii*) The number of third class M.A.s among the Provincial Educational Service Professors is 2.

Questions and Answers.

Answer by the Hon'ble MR. HORNELL—*concld.*

(*b*) (*iii*) The number of second class M.A.s among the Provincial Educational Service Professors is 23.

(*c*) The number of second class M.A.s taken into the Provincial Educational Service within a year or two of their obtaining the M.A. degree is 12.

(*d*) No.

(*e*) A small number may be said to have distinguished themselves in the manner suggested.

(*f*) Government do not propose to take any special action, but the question of the organisation of the collegiate staff employed by the Education Department is under consideration

(*g*) Government are aware that some Lecturers feel aggrieved because they are not Professors."

By the Hon'ble BABU KISHORI MOHAN CHAUDHURI :—

Distinction between Professors and Lecturers.

*13. (*a*) Is it a fact that some years ago representations were submitted to the Government by a large number of Lecturers, individually, praying for the abolition of the existing distinction between them and Professors?

(*b*) If so, will the Government be pleased to state what action has been or is being taken up on those representations?

(*c*) Is it a fact that the Assam Government have already removed the said distinction between Professors and Lecturers to a great extent?

Answer by the Hon'ble MR. HORNELL :—

" (*a*) Yes.

(*b*) The representations are being considered in connexion with the recommendations of the Public Services Commission about the collegiate branch of the proposed Indian Educational Service

(*c*) Government have no information."

By the Hon'ble BABU KISHORI MOHAN CHAUDHURI :—

Promotion of Lecturers to the Provincial Educational Service.

*14. Are the Government considering the desirability of promoting Lecturers, who have been engaged in teaching up to B.A. Pass and Honours, to the Provincial Educational Service?

Answer by the Hon'ble MR. HORNELL :—

" No."

By the Hon'ble BABU KISHORI MOHAN CHAUDHURI :—

Improvement in the prospects of Lecturers.

*15. With reference to the reply given to my starred question No. 11 (*e*) on the 3rd July, 1917, will the Government be pleased to state how they propose to improve the prospects of Lecturers in the scheme under consideration?

Answer by the Hon'ble MR. HORNELL :—

" The scheme is still under consideration and the information desired cannot therefore be supplied at present."

Questions and Answers.

ers of the cial tional e to act in dian tional e.

*16. (*a*) With reference to the reply to my starred question No. 21 of the 5th March, 1917, will the Government be pleased to state whether it is a fact that a Professor of a College (No. 11 in Class IV of the Provincial Educational Service) is officiating in an Indian Educational Service post made vacant by the deputation of an Inspector of Schools in the Indian Educational Service to military duty, although the Professor has not been appointed to the post of Inspector of Schools?

(*b*) If so, will the Government be pleased to state whether they are considering the desirability of allowing deserving Provincial Educational Service officers to officiate in the Indian Educational Service in the vacancies now existing in the Indian Educational Service?

Answer by the Hon'ble MR. HORNELL :—

"(*a*) A Professor of a College is acting in the vacancy in the post of a Professor in the Indian Educational Service which was caused by the transfer of its incumbent to fill the vacancy consequent on the deputation of an Inspector of Schools of the Indian Educational Service to military service.

(*b*) Thirteen officers of the Provincial Educational Service are already acting in vacancies in the Indian Educational Service."

By the Hon'ble BABU KISHORI MOHAN CHAUDHURI :—

r of cases ersession in ovincial tive e.

*17. (*a*) Will the Government be pleased to lay on the table a statement showing the number of cases of supersession in the Provincial Executive Service during the last five years?

(*b*) Will the Government be pleased to state whether in those cases any explanation had been taken from officers superseded?

(*c*) Are the Government aware that such supersession has caused great dissatisfaction in the service?

Answer by the Hon'ble MR. KERR :—

"(*a*) Since the 1st of April, 1912, 26 officers of the Provincial Executive Service have been superseded for promotion, but of these, 17 officers were subsequently promoted.

(*b*) The answer is in the negative. Officers are passed over after a careful consideration of the reports on their work and they are informed of the reasons for their supersession.

(*c*) Representations against supersession for promotion have been received from time to time from individual officers, but Government are not aware that such supersession has caused great dissatisfaction in the service as a whole."

*18. Are the Government aware that the grant of repeated extensions of service to officers of the Provincial Executive Service has caused much hardship and dissatisfaction among the junior members of the service?

Answer by the Hon'ble MR. KERR :—

"It is the policy of Government to scrutinise very closely all applications for extensions, and to grant extensions of service only for special reasons. Extensions, of course, prejudice the promotion of juniors, who consequently do not favour the grant of them."

Recent floods of Damodar.

*19. Will the Government be pleased to state what steps have been taken by them to mitigate the effect of the recent floods of the Damodar?

Answer by the Hon'ble MR. COWLEY :—

"Owing to a flood in the Damodar the left embankment was breached on the 4th of August, 1917, at Fatehpur in mile 83 of the embankment. This breach was closed by 1 P.M. on the 6th August.

About 12 square miles were flooded and paddy seedlings suffered. Much retransplantation has since taken place. The Commissioner is dealing with an application for agricultural loans which has been received from one village.

The Damodar right embankment was breached in the 5th mile on the 6th of August, 1917. This breach has not been closed, and it is not intended to close it in the future, as the area affected by this breach is ordinarily flooded with water from the spill on the right bank, and this was also the case this year.

As regards the remedial measures which are now being undertaken in order to assist the more rapid flow off of spill water from the inundated area, the following measures have been started :—

(*i*) The Ghesapaty khal has been excavated to a depth of 5 feet below ground-level.

(*ii*) Land in connection with the retirement of the Buxi khal embankment has been acquired and some earthwork executed. The work will be resumed after the rains.

The full sum budgetted for expenditure during the year on remedial measures will be expended."

Government embankments in the South-Western Circle.

*20. Will the Government be pleased to state in a tabular form the amount actually spent by them, year by year, on each of the embankments maintained by Government in the South-Western Circle, Bengal, during the last 15 years?

Answer by the Hon'ble MR. COWLEY :—

"A statement showing the expenditure is laid on the table. The expenditure cannot be given embankment by embankment without entailing labour incommensurate with the results. The expenditure has been therefore collected in the shape in which it is compiled in the accounts of the Department."

Yield of crops in Amta.

*22. Will the Government be pleased to lay on the table a statement containing the average annual yield of crops of *kadua math* in the Amta basin during the last 10 years?

Answer by the Hon'ble MR. KERR :—

"The annual outturn of winter rice in the *kadua math* during the last 10 years is estimated as follows :—

Three years, a full crop.
Two years, a quarter crop.
Two years, a one-eighth crop.
Three years, no crop.

In two of the three years in which there was no winter rice there was a crop of *boro* rice."

Namasudra class and University degrees.

*23. (*a*) Is it a fact that a considerable number of young men belonging to the Namasudra and other backward communities qualify themselves for University degrees in this Presidency?

(*b*) Do the Government offer these persons any special facilities for obtaining service under Government?

(*c*) Will the Government be pleased to state the number of gazetted appointments held by members of the Namasudra and similar other communities in Bengal?

Questions and Answers.

Answer by the Hon'ble MR. HORNELL :—

"(*a*) It is not possible to state the number of persons belonging to the Namasudra and other backward communities who qualify for degrees, as no record is kept of the castes of candidates appearing at the University examinations.

(*b*) Applications from suitably qualified persons belonging to these communities are carefully considered both by local officers and by Government, but no special privileges are given either to them or to members of other castes.

(*c*) One Deputy Collector and one Sub-Deputy Collector are Namasudras."

*24. (*a*) What were the special considerations that led to the appointment of the present Director of Public Instruction in supersession of the claims of senior members of the Indian Educational Service?

(*b*) When will the term of office of the present Director of Public Instruction expire?

(*c*) Is it a fact that one of the considerations that led to the appointment of the present Director of Public Instruction was his special experience on matters of primary and secondary education in England?

(*d*) Will the Government be pleased to state how far they have been able to utilise the special qualifications gained by the Director of Public Instruction while in England prior to his present appointment?

Answer by the Hon'ble MR. KERR :—

"(*a*) and (*c*) The Hon'ble Member is referred to the *communiqué* issued by the Government of India at the time of Mr. Hornell's appointment

(*b*) On 11th May, 1918.

(*d*) The value of Mr. Hornell's experience and knowledge of modern developments in education has been demonstrated in his administration of the Education Department."

*25. (*a*) Is it a fact that the European Commissioners of the Chandpur Municipality tendered their resignation in a body and have subsequently withdrawn their resignation?

(*b*) If so, will the Government be pleased to make a statement regarding the circumstances of the case?

(*c*) Had these resignations anything to do with the election of a non-official Indian as Chairman?

Answer by the Hon'ble MR. DONALD :—

"Government have no information."

By the Hon'ble BABU BHABENDRA CHANDRA RAY :—

*26. (*a*) Has the attention of the Government been drawn to the abnormal rise in the prices of *dhotis* and other kinds of cloth?

(*b*) If so, are the Government considering the advisability of making an inquiry into the circumstances that have led to this abnormal rise in prices?

Questions and Answers.

By the Hon'ble BABU BHABENDRA CHANDRA RAY—*concld.*

(*c*) Is it a fact that the present stock of cloth in Calcutta is sufficient to supply the demand in Bengal for at least two years?

(*d*) Is there any provision in any of the Ordinances or other war measures, under which Government can intervene in such cases and regulate the prices when they appear to be unreasonably high?

(*e*) Are the Government considering the desirability of taking any steps in the present matter?

Answer by the Hon'ble MR. DONALD:—

"The Local Government are aware that, as is unfortunately the case with other articles, the prices of *dhotis* and cloth have risen recently. No special enquiry into the circumstances leading to this result is contemplated, as the main facts relative to the effects of the war on manufacture and freight are known, and it is to these effects in general that the rise may be attributed. Government is not aware of the precise stocks of cloth at the moment available in Calcutta, while the legislation to which the Hon'ble Member presumably refers is contained in Ordinance IX of 1914. As at present advised the Local Government do not consider that there is a case for action under that Ordinance in the matter of imported cloth, which is apparently the course which the Hon'ble Member has in mind."

(*b*) What is the total number of unmarried sisters of the Wards?

(*c*) Is there any provision for the education and training of the wives and unmarried sisters of the Wards befitting their position in life?

(*d*) Does the Lady Assistant to the Court of Wards submit any periodical report on the subject of the health, comfort and education of the above-mentioned ladies?

(*e*) If the answer to clause (*d*) is in the affirmative, will the Government be pleased to lay on the table a copy of the last report submitted by her?

(*f*) Are the Government considering the desirability of appointing more than one Lady Assistant to look after the ladies of the Wards' Zenanas in Bengal?

Answer by the Hon'ble MR. KERR:—

"(*a*) Three.

(*b*) Three.

(*c*) It is one of the principal duties of the Lady Adviser to frame proposals for, and give special care to, the education of all the ladies and children of the zenanas.

Yes.

(*e*) It is a confidential report.

(*f*) The appointment of an Assistant to the Lady Adviser is under consideration."

I.—Will the Government be pleased to state the number of places, if any, reserved for Muhammadan students in the various Government and Government Aided Arts and Professional Colleges in Calcutta and its suburbs?

Answer by the Hon'ble MR. HORNELL :—

"Orders have been issued that 25 per cent. of the places in Government colleges shall be reserved for Muhammadan students. A copy of Bengal Government letter No. 1078, dated the 29th August, 1917, to the Director of Public Instruction with regard to the reservation of places for Muhammadan students in aided colleges is laid on the table. No such orders have been issued in regard to professional colleges."

Letter referred to by the Hon'ble MR. HORNELL *in his Answer to Question No. I (unstarred) asked by the Hon'ble* DR. ABDULLA-AL-MAMUN SUHRAWARDY, *at the Council meeting of the 4th September, 1917.*

No. 1078, dated Calcutta, the 29th July, 1917.

From—The Chief Secretary to the Government of Bengal,
To—The Director of Public Instruction, Bengal.

In reply to your letter No. [illegible], dated the 1st June, 1917, I am directed to say that Government approve of your proposal that the authorities of aided colleges in Bengal should be required to reserve every year 25 per cent. of the vacancies in each class of a college for Moslem students on the following conditions :—

(1) If applications from Moslems for all the reserved vacancies have not been received by the Principal by a fixed date, the remaining vacancies shall be open to students of other communities.

(2) If the number of Moslem candidates who have passed the Matriculation examination in the first division is not sufficient to fill the reserved vacancies, then the remaining vacancies shall be open to first division non-Moslem candidates in preference to second division Moslems.

(3) Second division Moslem candidates will be given preference over second division non-Moslem candidates for the reserved vacancies.

(4) In order to systematise the arrangements in connection with the admission of students to colleges, a register of all applicants for admission should be kept in each college.

2. The Principals of aided colleges should be requested to make arrangements for the reservation of vacancies for Moslem students in this manner with effect from the beginning of the next session. No grant-in-aid should continue to be paid and no fresh grant sanctioned to any college of which the authorities do not agree to make these arrangements.

IV.—Will the Government be pleased to state whether the Matriculation Examination is the qualifying examination for admission into the Medical College, Calcutta?

Answer by the Hon'ble MR. DONALD :—

"The Hon'ble Member is referred to revised rules 2 and 5 of the Rules for the guidance of students seeking admission to the Medical College, a copy of which is placed on the table."

Rules referred to by the Hon'ble MR. DONALD *in his Answer to Question No. IV (unstarred), asked by the Hon'ble* DR. ABDULLA-AL-MAMUN SUHRAWARDY *at the Council Meeting of the 4th September, 1917, for the guidance of students seeking admission in the Medical College of Bengal.*

1. Three classes of students are admitted for study in the College—

(*a*) "Regular," or those who enter for the full University course.

(*b*) "Casual," or those who enter for selected or isolated subjects.

(*c*) "Military class" (only students of European or Eurasian parentage are admitted to this class). (*See* separate Prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the—

(*a*) "Regular class" is the Matriculation pass certificate of the Calcutta University, provided that when there are candidates available who have passed the I.Sc. or I.A. Examination, matriculates other than the six scholarship-holders nominated by the Government of Bihar and Orissa shall not be admitted without the sanction of the Surgeon-General.

(*b*), (*c*) "Casual"—Matriculation or Entrance pass certificate of the Calcutta or other Indian Universities, or the pass certificate of an examination equivalent to the Matriculation or Entrance Examination.

3. The session commences on the 15th June.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in his office before the 25th May, except in the case of Biharis, Uriyas, Chota Nagpuris and Assamese students, who should apply to the Inspector-General of Civil Hospitals of their respective Provinces for admission within such date as the latter may prescribe.

Selected candidates must pay the following fees on or before the 10th June, failing which their names will be struck off the selected list :—

	Rs.
Admission fee	15
Fees for summer term	48
Athletic Club fee	1
Total ...	64

Questions and Answers.

5. The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number. Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Principal.

Of the total number to be admitted, twelve candidates will be nominated by the Inspector-General of Civil Hospitals of Bihar and Orissa and six candidates by the Inspector-General of Civil Hospitals, Assam. These candidates must have passed the I.Sc. or I.A. Examination. In addition, the Bihar and Orissa Government will nominate six scholars who may be matriculates. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June, failing which the Principal will fill up vacancies with local candidates.

5A. Failed students must apply for admission and pay fees before the 15th May, otherwise their prior claim lapses.

6. (*a*) All regular students must pay, in addition to the fees noted below [(*b*) to (*i*)], an annual fee of Rs. 96 in two instalments, viz., Rs. 48 on the 15th June and Rs. 48 on the 1st November. Fees once paid cannot be refunded.

(*b*) All regular students have to pay an annual fee of Re. 1 to the Medical College Athletic Club along with the fees for the summer term.

(*c*) The fee for each course of Dissection is Rs. 6, payable with the winter session fee of second and third-year classes.

(*d*) The fee for each course of Practical Chemistry is Rs. 6, payable with the winter session fee of the first-year class.

(*e*) The fee for each course of Practical Histology (Normal) is Rs. 20, payable with the summer term fees of the third-year class.

(*f*) The fee for each course of Practical Physiology is Rs. 10, payable with the summer term fees of the third-year class.

(*g*) The fee for each course of Physiological Chemistry is Rs. 15, payable with the summer term fees of the third-year class.

(*h*) The fee for each course of Practical Morbid Histology is Rs. 15, payable with the summer term fees of the fifth-year class.

(*i*) The fee for each course of Practical Bacteriology is Rs. 15, payable with the winter term fees of the fifth-year class.

7. Muhammadan students are required to pay the entrance fee of Rs. 15 and half the annual College fee (in two instalments), the remaining half fees being charged to the Mohsin Fund. They have, however, to pay in full the fees noted above in clauses (*b*) to (*i*).

8. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for summer term are due on the 15th June, and those for the winter term on the 1st November, and must be paid on those dates or before such dates as the Principal may direct, after which a daily fine of annas four will be levied along with the fee in each case of default.

9. No fees are payable by female students.

10. The fees for the casual students are as follow :—

For a single course of lectures or practical class, Rs. 40.

For hospital attendance for each period of three months, Rs. 30.

The following are the curricula of the College :—

REGULAR STUDENTS.

First-year class.

Physics, Chemistry, Botany, Zoology and Practical classes in all these subjects, to be followed by the Preliminary Scientific M.B. Examination of the Calcutta University and the Scholarship Examination of the College.

Second-year class.

Questions and Answers.

Third-year class.

Anatomy, Physiology, Materia Medica, Organic Chemistry, Dissections, and Practical classes in Physiology and Organic Chemistry, to be followed by Honour Examination of the College in the above subjects for scholarships and medals of the College and by the First M.B. Examination of the Calcutta University.

Fourth-year class.

Medicine, Surgery, Midwifery, Pathology, Medical Jurisprudence, Hygiene, Dental Surgery, Hospital Practice (12 months), Clinical methods and 20 Demonstrations, Practical Surgery and Bandaging and 30 Demonstrations, to be followed by College test examination for promotion to the fifth-year class.

Fifth-year class.

Medicine, Surgery, Midwifery, Hygiene, Ophthalmic Surgery, Operative Surgery, Mental Disease, Practical Pathology and Bacteriology, Practical, Midwifery and 20 Demonstrations, Hospital Practice (12 months), to be followed by Honour Examinations of the College in all the subjects.

Sixth-year class.

Hospital Practice (12 months), to be followed by the Second M.B. Examination.

11. Female students must be over 17 years of age, and are to reside in the Surnomoyee Hostel attached to the Medical College. Only under exceptional circumstances will they be permitted to reside with friends or relatives outside the College.

12. The following are the rewards obtainable by students:—

(*a*) Free tuition, *i.e.*, refund of fees of the first year awarded to ten students of the first year.

(*b*) Government stipendiary junior scholarships of Rs. 8 each, together with free tuition, awarded at the end of the first and second years to ten students of each year.

(*c*) Government stipendiary senior scholarships of Rs. 12 each, with free tuition, awarded to ten students at the end of their third, fourth and fifth years.

(*d*) Special scholarships.

(*e*) Government prizes.

(*f*) Medals and certificates of honour.

(*g*) Government scholarships to all female students of the Regular class who do not get the Dufferin Fund scholarships.

Special scholarships for Bihari and Uriya students.

Six scholarships of Rs. 12 each to six students from Bihar and Orissa tenable for six years from the date on which the students enter the College.

(*g*) Are the Government aware that in connection with the scheme for M.A. and B.L. classes in the Rajshahi College, the Rajshahi Association undertook the full financial responsibility, both initial and recurring, the initial expenditure being more than a lakh? Was the schem rejected?

Answer by the Hon'ble MR. HORNELL :—

"(*a*) A copy of letter No. 394 T.—Edn., dated the 16th June, 1917, to the Director of Public Instruction, containing orders for the increase of the fee-rate in the Rajshahi, Chittagong and Krishnagar Colleges is laid on the table.

(*b*) The returns received show the following receipts from endowments for the maintenance of Government colleges :—

	Rs.
1. Rajshahi College	10,228
2. Chittagong ,, ...	70
3. Krishnagar ,, ...	2,723

(*c*) The percentage is as follows—

1. Rajshahi College	54·6 per cent.
2. Chittagong ,, ...	29·7 ,,
3. Krishnagar ,, ...	31·0 ,,

(*d*) The answer is in the negative.

(*e*) The fee-rates were raised because they were too low, and not in view of any immediate corresponding benefit.

(*f*) Yes.

(*g*) The answer is in the negative. The proposals involved the diversion of a grant of Rs. 30,000 already made for the construction of hostels towards the initial cost of these classes. The recurring expenditure was to be met for the greater part by Government out of the fees. The scheme was rejected."

Questions and Answers.

Letter referred to by the Hon'ble Mr. Hornell in his reply to Question No. X (unstarred) asked by the Hon'ble Babu Kishori Mohan Chaudhuri at the Council Meeting of the 4th September, 1917.

No. 394 T.-Edn., dated Darjeeling, the 16th June 1917.

From—L. S. S. O'MALLEY, Esq., I.C.S., Secretary to the Government of Bengal, General Department.

To—The Director of Public Instruction, Bengal.

GOVERNMENT have recently had under consideration the question of revising the scale of fees paid by students at Government Colleges. There is, as shown in the margin, considerable variety in the fee rates, which appear in some cases to have been fixed without reference to any particular standard. After careful consideration Government have decided that, except in the Presidency College where the existing fees are already Rs. 12, and in the Bethune College for girls, the circumstances of which are special, there should be a uniform rate of Rs. 6 a month, which should be paid by all students other than the sons of *bond fide* pandits at the Sanskrit College, who should continue to pay the existing reduced fees.

College.	Fee rates Rs.
Presidency ...	12
Hooghly ...	6
Dacca ...	6
Sanskrit ...	5 *
Krishnagar ...	5
Rajshahi ...	4
Chittagong ...	4
Bethune ...	3

* Reduced fees, viz., Rs. 2 a month, are all by the sons of bond fide pandits.

2. In coming to this decision Government have been influenced by the consideration that the fees should not be too high for the students who desire to receive collegiate education, and that at the same time an unduly large proportion of the cost of these colleges should not fall on provincial revenues. The annual expenditure on Government Colleges, according to the returns for 1915-16, is Rs. 8,64,534, of which Rs. 5,62,712 is paid from public funds, Rs. 2,85,078 is made by fee receipts, and Rs. 16,944 is derived from endowments and other private funds. In the colleges in which the fee-rates are now below Rs. 6, Government incurs an expenditure of Rs. 1,53,970, while the fee receipts amount to Rs. 81,305 only.

3. The effect of these orders will be that the rate of fees in the Krishnagar and Sanskrit Colleges will be raised by Re. 1 per mensem (with the exception referred to above of the sons of *bond fide* pandits), and in the Rajshahi and Chittagong Colleges by Rs. 2 per mensem. I am to request that the Principals of these four colleges may be instructed to realize the enhanced fees with effect from the beginning of next Session.

(*b*) Is it a fact that the Railway Police who held the inquest reported the case as one of suicide?

(*c*) Is it a fact that a Magistrate held a local inquiry and declared that it was a clear case of murder?

Questions and Answers.

By the Hon'ble MAULVI ABUL KASEM—*concld.*

(*d*) Is it a fact that the police did not record all the evidence produced by the relatives of the accused, and disposed of the case in a summary manner?

(*e*) Is it a fact that the murderer or murderers escaped punishment?

(*f*) Are the Government considering the desirability of ordering an inquiry in the matter?

Answer by the Hon'ble MR. KERR :—

"(*a*) Yes.

(*b*) No. The body when found was in a highly decomposed state and was sent by the Railway Police to the Civil Surgeon for *post-mortem* examination. The Civil Surgeon was unable to express any definite opinion as to the cause of death, but reported that, as death was not due to hanging and as no poison was detected in the viscera, there was no reason to suspect that the deceased had committed suicide.

(*c*) No. A copy of the Magistrate's order is laid on the table.

(*d*) It is not a fact that the police did not record all the evidence produced by the relatives of the accused or that they disposed of the case in a summary manner. The investigation was held by the Railway Police, with the help and co-operation of the District Police, and was supervised by the Superintendent of Police, Burdwan, and the circle Inspectors of both the Railway and the District Police: every opportunity was given to the parties to produce witnesses.

(*e*) It is uncertain whether murder was committed, if murder was committed the person or persons committing it have escaped punishment.

(*f*) The answer is in the negative."

Report regarding Burdwan G. R. P. Unnatural death Case No. 8—17.

"I held a local inquiry on the spot and examined a lot of witnesses there as well as in court, also consulted the post-mortem examination report and Police diaries.

There is absolutely on ground for concluding that the man Bhut Nath Ghosh committed suicide. There is nothing to show that he was not murdered. On the other hand, the evidence of the witnesses examined does not furnish a sufficient clue to the murder. Some witnesses say that one Satish Datta called him away from home, in the afternoon of the day on which the man disappeared. Others say when the dead body was recovered Satish Datta tried to make that it was not the body of Bhut Nath. One of the sisters, Tulsi Dassi, says that before the recovery of the body Satish Datta continued to put her on a false scent by saying that Bhut Nath must have joined the Jatra party. Another man says on the same evening he saw Satish Datta, Satish Kumar, Bhut Nath and another going towards Saktighar. They were followed by a black fellow with a bottle in one hand and a lathi in another. These witnesses were examined long after the disappearance of Bhut and after Bhut Nath's mother had brought an assault case against

Questions and Answers.

Rajen Kamar, Satish Kamar and Narayan Ghosh; it would be unsafe to conclude that they had anything to do with the murder of Bhut Nath. I do not find the evidence sufficient to bring home the charge of murder to the persons named by Satya Dassi in her petition."

XX.—(*a*) What is the total length of the Dacca Aricha Road and what portion of it is fit for vehicular traffic?

(*b*) What amount has the District Board spent for its upkeep or improvement during each of the last five years, and what permanent improvements, if any, have been effected thereby?

(*c*) Was there any proposal at any time during the last five years for making over the Dacca-Aricha road to the Public Works Department and metalling it gradually with a view ultimately to making it fit for motor traffic?

(*d*) If so, will the Government be pleased to make a statement giving the details of this proposal? Has there been any attempt to carry out the proposal during these years?

(*e*) What is the total estimated cost that would be entailed by such a scheme? Was any part of it ever sanctioned by Government? If so, how has the same been expended?

Questions and Answers.

Answer by the Hon'ble MR. COWLEY :—

" (*a*) The total length of the Dacca-Aricha Road is 45¾ miles, of which 42¾ miles are under the District Board and 3 miles under the Dacca Municipality. The first 8 miles from Dacca to Mirpur and the miles from 31 to 43 are fit for wheeled traffic.

(*b*) The following sums have been spent by the District Board on the maintenance of the miles in its charge during each of the last five years :—

	Rs.
1912-13	5,184
1913-14	4,312
1914-15	4,521
1915-16	7,865
1916-17	4,981

No permanent improvements have been carried out under the expenditure on maintenance.

The lengths of the road which are fit for wheeled traffic are in fair order.

(*c*) and (*d*) The question of provincializing the road was considered by the late Government of Eastern Bengal and Assam. In 1909 and 1912 the Commissioner of the Dacca Division recommended that the road should be taken over by the Public Works Department and maintained from Provincial Revenues. A survey and estimate was prepared by the Public Works Department in 1914 for bridging and embanking those miles of the road which have not at present been embanked, and for improving and constructing permanent bridges on those portions which are already embanked and partially bridged and drained. No provision was made in this estimate for metalling the road so as to render it suitable for motor traffic. The project has been transferred to the District Board for disposal. No improvements have been carried out under this project.

(*e*) The estimated cost of the project referred to above was Rs. 4,65,400 for original works and an annual recurring charge of Rs. 14,875 for subsequent maintenance. The sanction of Government was not accorded to the project, as, after consulting the Sanitary Advisers to Government, it was considered that the embanking of that portion of the road which lies close to and parallel to the Dhalleshwari river, between Fulbaria and Baira, would be likely to prove injurious to the adjoining areas of the district from an agricultural and sanitary point of view. The estimated cost of the original work in this section alone amounted to Rs. 3,39,026."

(*b*) Are the Government aware of the efforts of the Society for the improvement of the backward classes in Bengal and Assam and for the spread of elementary education among the masses?

(*c*) Are the Government aware of the experience of the Society as stated in their Annual Report for 1916, that " with Rs. 2 a month, fifty boys can be helped to receive elementary education " and that " 10 schools started this year (1916) are working satisfactorily with a monthly grant of Rs. 2 each from this Society?

(*d*) What is the monthly minimum cost entailed by a recognised primary school, of the lowest standard, with 50 boys?

(*e*) What, if any, grant has been made, during the years 1913-14 to 1915-16, for the education of the children of backward classes to—

(*i*) religious bodies such as Christian Missions; and

(*ii*) philanthropic institutions such as the Society for the improvement of the backward classes referred to above?

Answer by the Hon'ble MR. HORNELL :—

" Government regret that they are unable to furnish the information asked for, as separate statistics are not compiled either for artisans or backward classes according to religion.

(*a*) Yes.

(*b*) Government have not received the report of the Society for 1916

(*c*) An estimate of minimum cost cannot be made without reference to local conditions. The average cost of a boys' lower primary school of 34 boys is Rs. 8-8 per mensem.

(*i*) 1913-14—Rs. 10,300.
1914-15—Rs. 10,300
1915-16—Rs. 12,000.

By the Hon'ble BABU BROJENDRA KISHOR RAY CHAUDHURI:—

XXVIII.—(*a*) Is it a fact that under the late Government of Eastern Bengal and Assam, Educational officers, with pay not exceeding Rs. 100 a month, could get their children educated in Government Institutions without payment of school fees?

(*b*) Has this concession been withdrawn?

(*c*) If so, will the Government be pleased to state the reasons for such withdrawal?

Answer by the Hon'ble MR. HORNELL:—

"(*a*) A copy of Eastern Bengal and Assam Government letter No. 2463 E., dated 29th September, 1908, is laid on the table.

(*b*) & (*c*) Under the present rules for the award of free studentships, teachers in Government schools drawing salaries not exceeding Rs. 50 a month have the privilege of educating one son without payment of fees and one son on payment of half the usual rate of fees in the school in which they are employed. This rule was previously in force in West Bengal, and was extended to Eastern Bengal so that there might be uniformity of system in both parts of the Presidency."

Copy of letter referred to in the Answer by the Hon'ble MR. HORNELL *to Question No. XXVIII (unstarred), asked by the Hon'ble* BABU BROJENDRA KISHOR RAY CHAUDHURI, *at the Council Meeting of the 4th September, 1917.*

No. 2463 E., dated Shillong, the 29th September, 1908.

From—The Chief Secretary to the Government of Eastern Bengal and Assam,

To—The Director of Public Instruction, Eastern Bengal and Assam.

WITH reference to your letters No. 1033, dated the 21st November, 1907, and No. 529, dated the 16th July, 1908, I am directed to say that articles 212 and 213 of the Assam School Manual and Rules 4 and 5, Chapter XXXIV, page 192 of the Rules and Orders of the Bengal Education Department, which deal with the grant of free-studentships to the children of the officers of the Education Department, should not be generally modified so as to alter the limits of the present concessions.

2. The Lieutenant-Governor, however, authorises you to extend the privileges conferred by these rules and to grant free-studentships, at your discretion, to the sons of teachers in Government schools drawing salaries not exceeding Rs. 100 per mensem, who apply to you for the concession through the Divisional Inspector. The same privilege may also be extended to the children and orphans of retired teachers whose pensions do not exceed Rs. 50 per month, and to the orphans of teachers who died in the service of the Education Department while in receipt of pay not exceeding Rs. 100 per mensem. The free-studentships will be tenable in the school in which the teacher is serving or in the home district of the pensioner or of the deceased teacher. The Lieutenant-Governor desires that you should use your discretion in refusing, modifying or withdrawing these concessions, whenever you consider that the teacher is or has been inefficient, or where his influence has not been exercised in favour of the maintenance of good discipline in and out of school, and of a healthy moral tone among the pupils of the school or schools in which he is or has been employed.

No. 2464 E., dated Shillong, the 29th September, 1908.

Memo. by—The Under-Secretary to the Government of Eastern Bengal and Assam.

Copy of letter No. 2463E., dated the 29th September, 1908, to the Director of Public Instruction, forwarded to the Financial Department of this Government, for information and favour of communication to the Accountant-General, Eastern Bengal and Assam.

XXX.—(*a*) Is it a fact that a circular has been issued prohibiting all Educational officers from writing or publishing any text-books for schools? Educational officers and the publication of text-books.

(*b*) If so, will the Government be pleased to lay on the table a copy of the above circular?

Questions and Answers.

Answer by the Hon'ble MR. HORNELL :—

" (*a*) The answer is in the negative.

(*b*) A copy of Circular No. $\frac{223}{T.-363 \text{ of } 1915}$, dated 17th November, 1915, issued by the Director of Public Instruction, Bengal, to which the Hon'ble Member presumably refers, is laid on the table."

Circular No. $\frac{223}{T.-363 \text{ of } 1915}$, *dated Calcutta, the 17th November, 1915, referred to by the Hon'ble* MR. HORNELL *in his Answer to Question No. XXV (unstarred), asked by the Hon'ble Babu* BROJENDRA KISHOR RAY CHAUDHURI *at the Council meeting of the 4th September, 1917.*

From—THE HON'BLE MR. W. W. HORNELL, M.A. (OXON.), Director of Public Instruction, Bengal,

To—All Inspectors of Schools, including the Inspector of European Schools, Bengal (with spare copies for Additional, Assistant, Deputy, Additional Deputy, Sub and Assistant Sub-Inspectors of Schools and Head Masters of Government High and Training Schools under them); to all Principals of Government Arts Colleges, including the Lady Principal of the Bethune College, the Principal of the Calcutta Madrassa and the Superintendents of the Dacca, Rajshahi and Chittagong Madrassas (with spare copies for the Members of their staff and Head Masters of Collegiate Schools under them); the Principal, Civil Engineering College, Sibpur; the Superintendent of Industries and Inspector of Technical and Industrial Institutions; the Head Master of the Dacca School of Engineering; the Principal of the Government School of Art; the Principal of the David Hare Training College (with spare copies for the Head Master of the First Grade Vernacular Training School, Calcutta); the Principal of the Dacca Training College; the Principal of the Government Weaving Institute, Serampore; the Officer-in-Charge of the Government Commercial Classes; the Inspectresses of Schools (with spare copies for Assistant Inspectresses and the Lady Principals of the School for Female Teachers, Calcutta, and the Eden High School for Girls, Dacca); the Librarian of the Bengal Library, and the Members of the Office Staff of all Educational officers.

I AM directed to communicate to you the following orders of Government on the subject of the acceptance by educational officers of literary work on behalf of public or private employers and of the production of text-books for use in schools and colleges.

2. Under rule 14 of the Government Servants Conduct Rules, a Government servant may undertake occasional work of a literary or artistic character, provided that his public duties do not suffer thereby, but Government reserves to itself the right to forbid him to undertake, or to require him to abandon, any employment which, in its opinion, is undesirable. The rate of fees which may be accepted in the case of work undertaken on behalf of a private person or a private body is subject to the provisions of article 74 of the Civil Service Regulations.

3. There are at present no general rules defining the conditions to be observed by educational officers in the matter of the production by them of books specifically designed for use in educational institutions situated within the Presidency. In individual cases which have, from time to time, come under the cognizance of the Department, it has been considered necessary to rule that the author should cease to retain a pecuniary interest in the sale of his books, the officers concerned being instructed to dispose of their interests in the productions to the publishers outright.

4. The question of laying down a general policy in this regard has been exercising the attention of Government as neither the Government Servants' Conduct Rules nor the Civil Service Regulations deal adequately with the

Questions and Answers.

matter. The question is one of great importance, and it is felt that the absence of clearly defined rules on the subject leave the present position exposed to grave misrepresentation and the employment of unscrupulous practices.

5. With a view, therefore, of placing the matter on a sound basis it has been decided to adopt the following rules for general guidance :—

(*a*) In the case of literary work undertaken for a private person or body, the officer whose services have been commissioned shall before undertaking the work, obtain the permission of the Head of the Department.

(*b*) The acceptance of fees for such work will be subject to the provisions of article 74 of the Civil Service Regulations.

(*c*) In cases in which the book or treatise so commissioned is intended for use as a text-book for schools, and is approved by competent authority as such, the permission if granted will be subject to the condition that the writer shall not retain any pecuniary interest in the sale of the book, but shall dispose of it outright to the publishers. In other words, he will not be permitted to receive payment of royalty on the sale of the book as a text-book for schools in the Presidency.

(*d*) Similarly in the case of books written by educational officers on their own initiative, specifically for use as text-books in schools in the Presidency, and approved by competent authority for the purpose, the authors shall be required to dispose of their pecuniary interest in the books written by them in the manner described in (*c*) above.

(*e*) The principle enunciated above as to the retention of pecuniary interest in books written by officers of the Education Department will not, however, be held to apply to works which are works of scholarship first and text-books afterwards, *e.g.*, books of general academic interest, library books, books of reference, books designed for teachers and for higher education, etc.

XXXII.—Will the Government be pleased to lay on the table a statement giving the names of newspapers that have been warned during the last three years, stating in each instance— Number o newspape warned u

(*i*) the number of warnings given; and

(*ii*) the reasons therefor?

Questions and Answers.

Answer by the Hon'ble MR. KERR :—

" Formal warnings have been issued to seven newspapers during the last three years. Informally attention has been drawn to objectionable articles on other occasions. Government do not consider that it would be in the public interest to publish the names of the newspapers concerned or the reasons for the warnings."

By the Hon'ble BABU BROJENDRA KISHOR RAY CHAUDHURI :—

XXXIII.—With reference to the tabular statement made in answer to question No. XXXI (unstarred) of 3rd July last, with reference to appointments in the upper and lower grades of the Secretariat establishment, are the Government considering any amendment of the rules of appointment?

Answer by the Hon'ble MR. DONALD :—

" The reply is in the negative."

Absence of shed and waiting-rooms at the steamer stations in Eastern Bengal, screened accommodation for 3rd class female passengers, etc.

XXXVI.—(*a*) Are the Government aware of the grievances of the travelling public in Eastern Bengal due to the absence of sheds and waiting-rooms of any sort in most of the steamer stations in Eastern Bengal?

(*b*) Are the Government considering the desirability of requesting the Steam Navigation Companies in Bengal to provide screened accommodation for 3rd class female passengers on board the steam-vessels?

(*c*) Are the Government also considering the desirability of asking the Steamer Companies to provide latrine arrangements in the screened accommodation for inter-class female passengers?

Answer by the Hon'ble MR. COWLEY :—

"(*a*) Government are aware that the absence of sheds and waiting-rooms at most of the steamer stations in Eastern Bengal is a source of inconvenience to the travelling public. The matter has for some time past been under the consideration of the Steamer Companies, and in the Bakarganj district the Steamer Companies in communication with the District Board have decided on the stations where accommodation is most required, and also on the size and type of accommodation to be provided. The war has raised the cost of necessary materials to a prohibitive rate, but it is expected that the matter will be taken in hand as soon as circumstances permit.

(*b*) The Companies have expressed their willingness to provide such accommodation and will take steps accordingly.

(*c*) It is difficult to arrange latrine accommodation in the inter-class space. The Companies have undertaken to consider the question and to arrange self-contained accommodation where such is possible. In designs for new steamers such accommodation has been provided."

Scheme of flooding selected areas in Burdwan and Murshidabad.

XXXVII.—(*a*) Will the Government be pleased to state what progress, if any, has been made in the carrying out of Dr. Bentley's schemes of flooding selected areas at Jangipur and Burdwan?

(*b*) Will the Government be pleased to state whether the Sanitary Department or the Public Works Department is in charge of the execution of these schemes?

(*c*) Are any difficulties being met in the working of these schemes?

Answer by the Hon'ble MR. DONALD :—

"(*a*) The Jangipur scheme is now working. The scheme at Burdwan is being given effect to in part only this season. For the development of the scheme regulating works to regulate the level of the water in the flooded area are required, and observations are being taken to ascertain what works are necessary. The scheme cannot be given full effect to until these regulators have been built.

(*b*) The Department of the Sanitary Engineer is in charge of the execution of the Jangipur scheme. The Public Works Department is in charge of the execution of the Burdwan scheme.

(*c*) No difficulties have yet been experienced in the working of these schemes."

XXXVIII.—(*a*) Is it a fact that a young man, who was interned in the village of Puthia in the district of Rajshahi, has recently committed suicide?

(*b*) If so, will the Government be pleased to state his name, father's name, age and native place and other particulars?

(*c*) Was any allowance granted to him? If so, what was the amount thereof, with effect from what date and from what date was he actually in receipt of the same?

(*d*) Was any representation made by him to any officer at any time; if so, to whom, when and on what allegations, and what action was taken thereon?

(*e*) Was he visited by the police, or did he report himself to the police, at stated intervals? If so, on what dates during the fortnight preceding his suicide?

(*f*) Is it a fact that he left a diary or some such written record which may explain the reason for his suicide?

Answer by the Hon'ble MR. KERR :—

(*a*) The answer is in the affirmative, except that the *détenu* was domiciled at Baraipara, in the thana of Puthia, Rajshahi.

(*b*) His name was Hari Das Das *alias* Hari Charan Das, son of Arjun Das, of Sahalampur, thana Diamond Harbour, in the district of the 24-Parganas. He was aged 25 and married; and at the time of his arrest was second master of the Malda School.

He arrived at Rajshahi on the 12th June, where he reported himself to the Superintendent of Police, and on the 14th June he arrived at his domicile in Baraipara. He committed suicide on the night of the 18th-19th July, by which date he had been interned for five weeks only.

(*c*) Hari Das Das received an advance of Rs. 10 from the Superintendent of Police on his arrival at Rajshahi and was directed to file a petition for an allowance. Up to the time of his suicide, however, no such petition was received by the local officers. He also received another Rs. 5 from the second Sub-Inspector of Puthia thana. In addition he lived free in the Puthia guest house for six days, and he got medicine and a servant free.

(*d*) After reaching the Rajshahi district, he submitted a petition to the Superintendent of Police asking to be allowed to join the Bengali Double Company. This petition was rejected. After his return from the local inquiry into the matter of the suicide the Superintendent of Police received four petitions from the deceased, one dated the 8th July, the other three dated the 14th July. These comprised :—

(1) A petition to the Additional Secretary, saying that the petitioner has had fever and asking to be transferred to another place or to the Alipore Central Jail.

(2) A petition to the Superintendent of Police asking him to forward the petition to the Additional Secretary.

(3) A petition to the Superintendent of Police, mentioning the fever and asking for an advance of money.

(4) A further petition to the Superintendent of Police asking for a transfer either to the Alipore Central Jail or to Darjeeling or to his home.

Questions and Answers.

(*e*) He was visited by the police on the following occasions :—

By the Superintendent of Police from 12th to 14th June.

By the Puthia police between 15th and 16th June when he was residing in the Puthia thana.

On the 17th by a Sub-Inspector.

On the 18th, 20th, 21st and 23rd by a Head Constable.

On the 24th and 26th by a Sub-Inspector.

On the 28th by a Head Constable.

On the 29th by a Sub-Inspector.

On July 2nd, 4th, 5th, 6th, 7th and 8th by a Head Constable.

On July 9th by a Sub-Inspector.

On July 10th by a Head Constable.

On July 11th by a Sub-Inspector.

On July 17th by a Head Constable.

On July 18th by a Sub-Inspector.

On July 18th-19th, the night of his death, after midnight by a Sub-Inspector.

He was also visited by an Inspector of Police on the 18th June, 6th, 7th and 8th July.

On the 6th July the *détenu* went to the Puthia thana, a mile distant from his place of domicile, and reported that as he had fever he desired to go to hospital. The Inspector of Police had already requested a local practitioner to attend to the *détenu*; this practitioner had found him suffering from simple malarial fever with no complications. On the *détenu's* arrival at the thana the Inspector put him into the guest house close to the police-station and deputed a constable to attend to him and to nurse him, and the Sub-Inspector of Police arranged for his food. After he recovered from the fever, five days before his decease, he was sent back from the guest house to his place of domicile. Government are satisfied that the local police officers showed every consideration for his welfare.

(*f*) Government have no knowledge of any written records left by the *détenu* to account for his suicide The District Magistrate who made the inquiry found no notes or diary left behind by the *détenu*. In the opinion of the District Magistrate the house and surroundings were comfortable; and there was no reason for the officers in charge to believe that the man intended to take his life.

The District Magistrate's finding was that the suicide was probably the result of the depression after fever."

By the Hon'ble BABU BHABENDRA CHANDRA RAY : —

XXXIX.—Will the Government be pleased to make a detailed statement in connection with every case of suicide among *détenus*, giving the names, fathers' names, permanent place of residence, age, date and place of arrest, places in which they were interned, allowances received and the dates from which they were actually received, general state of health, date of suicide, particular method in which suicide was committed, probable reason for committing suicide, whether and when information was sent about their suicide to their parents and guardians, whether there was medical examination and certificate in each case; how their remains were cremated and with whose help? Suicide of *détenus*.

L.—(*a*) Is it a fact that the amount of Government grants and contributions to Municipalities, and the proportion of such grants to the total income of Municipalities, is much less in Bengal than in most other provinces in India?

(*b*) Are any permanent recurring grants made by Government to Municipalities? If so, for what purposes, and what are the respective amounts thereof?

Answer by the Hon'ble MR. DONALD :—

"(*a*) Government are not in possession of full information as regards grants to Municipalities in other provinces.

(*b*) A permanent assignment of Rs. 45,248 has been made for the enhancement of the pay of teachers in aided primary schools and *maktabs* in municipal and other areas outside the jurisdiction of District Boards. The distribution of this amount, as between Municipalities and other non-Board areas, rests with the Director of Public Instruction. Other special grants of a permanent or quasi-permanent nature are made to various Municipalities for educational, medical and sanitary purposes, but it would not be possible, without examining the terms of each of the grants, to state the amount which should be classed as permanent or quasi-permanent."

"(*a*) The Hon'ble Member is referred to column 43 of Form II and Appendix E of the Resolutions reviewing the reports on the working of Municipalities for the last five years, copies of which have been supplied to him.

(*b*) What has been the average annual receipt of each District Board on this account during the five years preceding its resumption in 1913?

Answer by the Hon'ble MR. DONALD :—

"(*a*) On the formation of District Boards in Bengal under Act III (B.C.) of 1885, the administration of cattle pounds, of certain public ferries and also of certain charitable dispensaries in the districts, which had formerly been controlled by Government, was transferred to those bodies. In addition, the Boards were entrusted with the management and control of middle and primary education. To enable the Boards to meet the cost of the services transferred, receipts from ferries and pounds, as well as from schools

and hospitals placed under their management, were assigned to them. Expenditure which devolved on the Boards in excess of the receipts thus assigned was met by the grant of subventions from Government, which were calculated so as to establish equilibrium between the receipts and charges transferred. Along with the control over middle and primary education were also transferred the services of the Sub-Inspectors of Schools employed by Government, and the salary and travelling allowances of these officers formed a part of the charges with reference to which the Boards' equilibrium grants were fixed. The services of the Sub-Inspectors of Schools having been provincialized (in West Bengal in 1905-06, and in Eastern Bengal in 1908-09), the District Boards were relieved of charges on this account, and the equilibrium grants were reduced correspondingly.

Circulars referred to in the Answer by the Hon'ble MR. KERR *to Question No. LV (unstarred), asked by the Hon'ble* MAULVI A. K. FAZL-UL-HAQ, *at the Council Meeting of the 4th September, 1917.*

Nos. 657-59 J.—D., dated Darjeeling, the 21st May, 1910.

From—W. R. GOURLAY, ESQ., I.C.S., Officiating Secretary to the Government of Bengal, Judicial Department,

To—(1) All Commissioners of Divisions; (2) all District and Sessions Judges and the Judicial Commissioner of Chota Nagpur; and (3) the Chief Presidency Magistrate, Calcutta.

I AM directed to inform you that His Honour the Lieutenant-Governor has, after consultation with the Hon'ble Judges of the High Court, decided that the defence of persons without pecuniary means who are charged with murder should, in certain cases, be undertaken at the expense of Government.

2. The concession should be applied only to cases in which (*i*) the nature of the defence as disclosed, is such that in the interests of justice the prisoner should have legal aid to make his defence to the charge of murder clear; and (*ii*) the prisoner's means are not sufficient to enable him to obtain efficient legal aid. If the committing Magistrate considers a case to be of this character he should without delay report it to the District Magistrate, with a recommendation that assistance should be rendered to the accused. The District Magistrate may thereupon, if he agrees with the committing Magistrate, engage a counsel or a pleader to conduct the defence at the Sessions trial, and arrange for such facilities as will enable the accused to instruct the counsel or pleader engaged. The pleader selected should be of sufficient standing and ability to render substantial assistance. The fee allowed should ordinarily be a fee for the whole case, and not a daily fee. The arrangement made will in each case require the sanction of the Superintendent and Remembrancer of Legal Affairs.

3. If upon the receipt of a committal proceeding from a Magistrate, a Sessions Judge is of opinion that the case is one in which for the reasons indicated in paragraph 2, the accused should receive assistance, he should immediately bring the case to the notice of the District Magistrate, who may thereupon take action accordingly.

4. By the words "a defence disclosed" is meant not only a defence stated at the end of the hearing, but a defence disclosed in any manner, such as, for instance, during the police investigation or in cross-examination, or by remarks interposed in the course of the enquiry before the committing Magistrate.

5. Accused persons without pecuniary means charged with murder should be informed of the assistance which Government is willing to render, and should be encouraged to disclose in time the nature of their defence.

6. The Accountant-General, Bengal, has been informed.

Nos. 577-81 J., dated Shillong, the 8th March, 1910.

From—THE HON'BLE Mr. H. LEMESURIER, C.I.E., I.C.S., Chief Secretary to Government of Eastern Bengal and Assam,

To—All Commissioners of Divisions.

IN continuation of Mr. Hughes-Buller's letter No. 1291-1311 J., dated the 8th April, 1909, on the subject of a scheme recently introduced, with the approval of the Government of India, in the Central Provinces for the employment of counsel or pleaders at Government expense for the defence of paupers under trial on a charge of murder, I am directed to say that the Lieutenant-

Questions and Answers.

Governor is pleased to direct introduction of the system into this Province subject to the conditions specified below :—

The application for the services of counsel or of a pleader should be made through the Superintendent of Jail to the District Magistrate in the interval between the committal and the trial. The application should be granted only if the accused reveals the line of his defence before the Sessions trial and if the District Magistrate is satisfied first that he has reasonably good defence to make and secondly that he is too poor to pay for his defence. It will be the duty of the officers in charge of jails to ascertain, at least one week before the commencement of the Sessions, whether any undertrial prisoners confined in his jail who have been committed to the Sessions on a charge of murder have not arranged for their defence and should there be any such, he should report the case to the District Magistrate. This report will be treated by the District Magistrate as an application for the grant of the concession of defence at the expense of Government and should be dealt with in the manner indicated above.

2. It should be distinctly understood that the discretion will lie with the District Magistrate and not with the Committing Magistrate as to the grant of this concession, though naturally the District Magistrate would take steps to ascertain whether the applicant was defended in the lower court. Ordinarily, the fee for defence should Rs. 16 per diem, but a higher fee may be granted in cases of exceptional difficulty and importance, if recommended by the Sessions Judge.

3. The expenditure for the purpose should be debited to the head "Fees to pleaders in pauper suits—Mufassal Establishment—Law officers" under "19A—Law and Justice." I am to add that His Honour is satisfied that applications for the grant of the concession now sanctioned will not be numerous and does not, therefore, as at present advised, consider it necessary to augment the grant under the head specified above.

LVI.—Is it a fact—

(*a*) that one Messerali Sikdar, accused of an offence under section 302, Indian Penal Code, applied to the Magistrate of Bakarganj for an order directing his defence to be taken up by the Crown, on the ground that he was too poor to arrange for his own defence properly;

(*b*) that the application was made by Messerali's brother, Dhalu, on the 18th August, and the case was fixed for hearing at the Sessions on the 20th;

(*c*) that the application was summarily rejected; without any inquiries having been made as to the truth or otherwise of the statements made in the application;

(*d*) that the brother of the accused thereupon collected a paltry sum by actual begging and had to appeal to several leading gentlemen of Barisal for help before he could induce two pleaders to undertake the defence?

Answer by the Hon'ble MR. KERR :—

"(*a*) & (*b*) The brother of the accused applied to the Additional Magistrate for the engagement of the Government Pleader to defend Messerali Sikdar who was charged with murder under section 302, Indian Penal Code.

(*c*) Both the Government Pleaders being engaged in other cases on behalf of the Crown, neither of them could be engaged for the defence of this accused. The petition was therefore rejected.

(*d*) Two leading pleaders of the Barisal Bar were engaged for the defence by the brother of the accused. There is no reason to believe that the accused's brother begged for help from any gentleman of Barisal. The brother of the accused stated before the Judge, in cross-examination, that the accused was not a poor man."

THE CALCUTTA MUNICIPAL (AMENDMENT) BILL, 1917.

The President said :—

"Hon'ble Members are aware that a supplementary agenda paper has been issued for the meeting in Council this morning and it will probably be for their convenience if I make a short statement with regard to the attitude of Government towards the amendment of the Calcutta Municipal Act. The Bill which we propose to introduce this morning for the amendment of that Act is brought forward as an emergency measure. It is brought forward to meet the situation which has been created by the exposure which has recently been made with regard to the adulteration of *ghee*. The Bill is in no sense a general measure dealing with the adulteration of food. It is designed solely for the purpose of strengthening the hands of the authorities in dealing with this particular form of food adulteration. We are introducing it at this short notice in response to a widespread and a strong demand on the part of the public. The strength and the widespread nature of that demand was impressed upon me by a large and weighty deputation, representative of many interests, which waited upon me on Friday last ; and I undertook in response to the representations which they made to me, to do all that lay in my power to meet their wishes. It is under these circumstances that the Bill is introduced this morning and it is under these circumstances that I am going to suggest that we should adopt a somewhat unusual procedure in dealing with the Bill. The procedure which I am going to suggest for your consideration is that we should pass the Bill through all its stages to-day. That is certainly an exceptional method of dealing with a Bill and I wish to make it quite clear that I am only suggesting it with regard to this Bill, because this Bill is introduced in response to the desire,—so far as I have been able to ascertain, the unanimous desire—of the members of this Council. It is in no sense a case of the Government trying to force unpalatable legislation through the Council ; very much the reverse. It is a case of the Government trying to do what it can to meet what it believes to be the universal desire of the Council. Nevertheless, it is possible that though Hon'ble Members may all be anxious to see this Bill become law, there may be some of them who think that they ought to be given some little time to consider the actual clauses of the Bill. Well, so far as that is concerned, Government are prepared to place themselves in the hands of the Council and if any strong objection is raised to the proposal of the Government to pass the Bill through all its stages to-day, I am prepared to suggest an alternative procedure. In that case, I am prepared to suggest that the Bill should be referred to a Select Committee to-day with instructions to report to the Council on the 13th of this month with a view to passing the Bill through its remaining stages on that day. I now propose to ask the Hon'ble Member in charge of the Bill to ask for leave to introduce it. After leave has been given to introduce the Bill, I propose to suspend the Rules of Business and I then propose to ask the Hon'ble Member in charge of the Bill to move that "the Bill be now taken into consideration" and it is upon that motion that any Hon'ble Member who desires to raise any objection to the passage of the Bill to-day will have an opportunity of doing so. Should I find that there is an appreciable desire expressed when that motion is under discussion that the Bill should be referred to a Select Committee instead of being taken in Committee of the whole Council, I shall then be prepared to ask the Hon'ble Member in charge of the Bill to withdraw that motion and to move in its place a motion that the Bill be referred to a Select Committee. But I would remind Hon'ble Members that there is good reason for passing this Bill expeditiously. I would remind them again that before this Bill can become law, even after it has passed all its stages in this Council, it must be submitted to the Viceroy for his assent, and they

Sir S. P. Sinha.

will themselves realise that if we have a delay of 10 days in passing this Bill through this Council, that must necessarily involve a delay of 10 days in submitting the measure for the assent of the Viceroy. With these few words, Gentlemen, having explained the position and having indicated the two alternative methods of procedure which are open to us, having pointed out that the Government place themselves in the hands of the Council and will be prepared to adopt whichever method of procedure the Council desire, I will now ask the Hon'ble Member in charge of the Bill to move for leave for its introduction.

The Hon'ble Sir S. P. Sinha then moved for leave to introduce the Bill.

He said :—

"My Lord, it is not necessary, after what has fallen from Your Excellency for me to say more than a few words in asking for leave to introduce this Bill. Before explaining its provisions, it would perhaps be well that I should state what the existing law is on the subject. Now, there is one law of general application, *namely*, two sections in the Indian Penal Code, sections 272 and 273, which penalise the adulteration of any article of food or drink so as to make such articles noxious as food or drink and also the sale of such noxious articles. Outside municipalities this is the only penal law against the adulteration of food or drink. Besides the Penal Code, we have the Bengal Municipal Act of 1884, which by section 251 penalises the sale, to the prejudice of the purchaser, of any article of food which is not of the nature, substance or quality of the article demanded by such purchaser. Another section—section 251D, provides for the compulsory purchase of any article of food for the purpose of analysis. Section 251 is the only provision for dealing with the vendor if the analysis proves that the article is adulterated. As Hon'ble Members will observe, the section is directed more to the punishment of fraud than to the prevention of adulteration, because under the section if a man says "what I am selling to you is not pure *ghee*," there is no question of his committing any breach of the law, but if he perpetrates a fraud by giving impure *ghee* when he is asked for pure *ghee*, then and then only does he become amenable to the provisions of the law. This is as regards mufassal municipalities.

As regards Calcutta there is a section in the present Municipal Act, viz., section 495, which has the same provision as section 251 of the Bengal Municipal Act, *i.e.*, punishment for fraud. You have also sections 504 and 505 which provide for the destruction of adulterated articles and there is section 507 which provides for the compulsory purchase of articles for the purpose of analysis. The result of all this legislation that exists now is that in the mufassal the sale of adulterated *ghee* is not punishable unless it can be proved that the purchaser demanded pure *ghee* expressly and the vendor supplied adulterated *ghee*. In Calcutta though adulterated *ghee* can be seized and destroyed, the dealer cannot be punished in any other manner. Under existing conditions, if a vendor in Calcutta declares that he sells only adulterated *ghee*, he will go scot-free though the article he sells may be ever so much adulterated. These provisions such as they are have in practice failed to check the evils of adulteration and so far as *ghee* is concerned, the Government are informed that the evil has assumed enormous and even alarming proportions. Hon'ble Members will remember the answer to a question which was given this morning (Starred question No. 6) giving the percentage of adulteration with regard to samples of adulterated *ghee* in tins as well as samples of *ghee* extracted from sweetmeats, and judging from the figures given in that answer there can be no doubt that the evil has assumed very alarming proportions. The Bill which I am now asking for leave to introduce proposes to deal with the evil so far only as Calcutta is concerned, and the reason why we are obliged to confine ourselves to Calcutta is this : we have submitted

The Calcutta Municipal (Amendment) Bill.

Sir S. P. Sinha.

to the Government of India a comprehensive Bill dealing with the whole law relating to the Corporation of Calcutta, that is the Calcutta Municipal Bill. In that Bill we provided remedies with regard to the adulteration of all articles of food and drink and drugs also, and including therefore the particular commodity we are now concerned with, that is, *ghee*. So far as the penal clauses are concerned, we have already received the sanction of the Government of India. Without that sanction it would not be legal for this Council to enact any penal clauses. We have also practically ready, for submission to the Government of India, a large Bill with regard to the adulteration of articles of food and drink and drugs so far as the mufassal is concerned, but this has not yet been submitted to the Government of India and therefore the penal clauses in that Bill have not yet received the sanction of the Government of India. It is therefore impossible for us to introduce a measure which would include not only Calcutta but also the mufassal, and if we are to wait for such a Bill to go up to the Government of India, we certainly could not expect to introduce that Bill and much less to pass it until at any rate the ensuing cold weather. Having regard to the representations made to His Excellency, by the influential deputation that waited upon him for the purpose of representing the grave evil which exists, he thought that it was in the public interest that even though we could not introduce the larger measure, we should do all we could and as expeditiously as possible to check and restrain the evil so far at any rate as Calcutta is concerned. It is for that purpose and with that view and in response to that request that this Bill is being introduced to-day. It only remains for me to explain the nature of the provisions of this Bill as shortly as possible. To begin with, we have introduced a definition of what is meant by adulteration, a definition which does not exist in the present Calcutta Municipal Act. At this stage I will only mention what is the general sense of that definition, *viz.*, that *ghee* must not consist of any article not extracted from milk. That is, I presume satisfactory, so far as that goes and the rest of the Bill deals with the question of the sale, manufacture and storing for the purpose of sale of all adulterated *ghee*. We provide that for the first offence there is a penalty in most cases of Rs. 200 and it authorises for subsequent offences fines from Rs. 500 to Rs. 1,000. This is rather an important clause and Hon'ble Members will be pleased to bear in mind that it provides for fine and not imprisonment. It was suggested to us that imprisonment would be a more proper remedy and would be more effective for the purpose of checking the evil. We have not been able to accede to that suggestion. The cardinal principle, if I may so call it, of the Bill is this. I call it a cardinal principle because if that is to be departed from in any way, the Bill will be absolutely futile and it will be of no use passing the Bill at all. That principle is this. It would be no defence on the part of the vendor of *ghee* to say if it is in fact adulterated that he was ignorant of the nature of the *ghee* that he was selling. Ordinarily, *i.e.*, under the ordinary provisions of the criminal law, if a person is accused of committing a particular offence, it would be necessary to prove a certain degree of knowledge. In this case, if you insert any provisions of that kind, then I say the Bill will be absolutely a dead letter. After all what is it that it obliges the vendor to do. He must satisfy himself before he buys the article, that it is pure *ghee*, either by reason of the confidence which he reposes in the big dealer or manufacturer from whom he buys, or by reason of being satisfied by an analysis made, that it is pure *ghee*, but he must satisfy himself, and the onus is upon him to do so—that the *ghee* which he sells to an inoffensive and unsuspecting public is real *ghee* and not an article composed of animal fat or any other objectionable substance. That is the cardinal principle of the Bill and the penal clauses which I have already mentioned are to the effect that punishment varying from a fine of Rs. 200 to Rs. 1,000 can be inflicted

The Calcutta Municipal (Amendment) Bill.

The Maharajadhiraja Bahadur of Burdwan; the President; Babu Ambika Charan Mazumdar.

with regard to different offences of selling, storing and manufacturing, etc. The Bill consists only of 11 clauses and the principal clauses are those that I have mentioned and I would venture to submit to the Council that there is no particular reason why we should not be able to get through the Bill at this sitting.

With regard to that, His Excellency has already said that Government place themselves entirely in the hands of the Council. With these few words, I ask for leave to introduce the Bill."

The Hon'ble MAHARAJADHIRAJA BAHADUR OF BURDWAN said :—

"My Lord, having headed the deputation that waited on Your Excellency on Friday last, I once more desire to declare publicly in this Council our grateful thanks to Your Excellency and Your Excellency's Government for the promptitude with which Your Excellency has introduced this Bill in the Council to-day. I was inclined, reading the provisions of the Bill, to think that in the penal clauses, provision for imprisonment should be made, but after what the Hon'ble Sir Satyendra Sinha has explained, I cannot very well press that point, for I think he has explained very clearly what the object is of these penal clauses, and if by the introduction of clauses of imprisonment, there is a likelihood of loop-holes, I would rather not have them at all. Your Excellency has been pleased to say that the Government propose to adopt one of the two procedures which you, Sir, have explained in your opening remarks. I am for passing the Bill to-day. I would not have pressed this point."

The PRESIDENT said :—

"Perhaps I should point out that there will be two motions before the Council. The ordinary procedure of this Council is to take the motion to introduce the Bill as a formal motion and to have no discussion on that motion. But in view of the fact that it is possible that to-day we shall not have a motion to refer the Bill to a Select Committee,—we may or may not—I am prepared to allow a discussion of the principles of the Bill upon this motion—the motion for leave to introduce it. But the proper place in which to express your views upon the question of procedure will be the second motion which will be moved, *viz.*, the motion to take the Bill into consideration. Any expression of opinion with regard to procedure is now out of order."

The Hon'ble MAHARAJADHIRAJA BAHADUR OF BURDWAN said :—

"I bow to the ruling of the chair and I shall confine my remarks to the introduction of the Bill, and I welcome the measure, and regarding the remarks that I have to offer on the Bill being either referred to a Select Committee or being passed by the House to-day, I shall reserve them till the second motion is before the Council."

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR said :—

"My Lord, it seems to me that the measure which the Hon'ble Sir Satyendra Prasanna Sinha has brought forward to-day has been overdue for a long time. The evil to which he refers is a long standing one and times without number have the public complained that there ought to be some protest against the dirty practice of adulterating articles of food, *ghee* in particular. Better late than never is an axiom which I believe ought to be followed even in this House, and I most heartily welcome the measure which has just been introduced. I think we ought to be grateful to Government that a Bill of this kind has at last been introduced into the Council, and I hope it will receive the most favourable consideration from the members of this Council."

The Calcutta Municipal (Amendment) Bill.

Dr. Nilratan Sarkar; Maulvi Fazl-ul-Haq; Maulvi Abul Kasem; Rai Mahendra Chandra Mitra Bahadur.

The Hon'ble DR. NILRATAN SARKAR said :—

"My Lord, I believe that on grounds of health a Bill of this nature should be introduced and become the law of the land. In fact, so far as the people of the medical profession are concerned, they have all along felt the necessity of a stringent measure of this kind. It does not go far enough, I confess, but at the same time I welcome it most heartily, even as it is at present. Although it affects only one article of diet, which I believe is taken by almost all the people of the Indian community in this country, this measure will be welcomed by most of our countrymen here. I know of many families and many people in this country amongst our community who have abstained from taking *ghee* since the 'horrifying exposure' such as described by the Muhammadan Association the other day, and they are suffering very great hardship. Apart from the very great inconvenience there is also a very strong religious feeling in this connection. I think that the Bill has come in time and the general public will welcome it most cordially."

The Hon'ble MAULVI A. K. FAZL-UL-HAQ said :—

"My Lord, whatever I have got to say has reference to the second motion that is coming up for consideration, that is to say, whether the Bill is to be passed to-day or after a short postponement. For the present, my Lord, so far as the introduction of the Bill is concerned, I give it my hearty support."

The Hon'ble MAULVI ABUL KASEM said :—

"My Lord, as has been pointed out by the Hon'ble Dr. Nilratan Sarkar the Bill is welcomed by the public at large. The only thing I have to say is that if it is not passed to-day, all this adulterated *ghee* in Calcutta will be sent to the mufassal and we, the people of the mufassal, will have to take adulterated *ghee*. In the interests of the people living outside Calcutta, I submit that the Bill should be passed to-day."

The PRESIDENT said :—

"The Hon'ble Member can raise that point on the next motion."

The Hon'ble RAI MAHENDRA CHANDRA MITRA BAHADUR said :—

"My Lord, I come from the mufassal so I welcome this Bill. What weighs in my mind is, when will the provisions of such a Bill be extended to the mufassal? My Lord, since 1886 the subject was discussed by Government and it was left aside. In 1912, the same subject was again discussed and then it was considered that the provisions of the Calcutta Municipal Act as well as the provisions of the Bengal Municipal Act were not sufficient. But matters stood there and no steps were taken to remedy the growing evil. My Lord, it is a wonder to me why this law was left as it was, and it is a matter of satisfaction to me that at any rate some step has been taken by Government to check this growing evil. As an administrator in a metropolitan municipality I found that all the prosecutions which I started were ineffectual, but to-day I see the anxious desire of Your Excellency to put a stop to this evil, and as I say, I congratulate the Government on this matter. But my Lord, at the same time I say to this Council and to Your Excellency and to the Member in charge that effective steps should be taken for the protection of the people in the mufassal. The law has its own course, legislation has its own course too, but I submit that the question which is at issue to-day is a part of a large problem and who knows that the very measure which has been explained so lucidly by the Member in charge will not take much time to go through. That is weighing in my mind and although I

welcome this measure at the same time I wish to impress upon the Council the necessity of giving effect to the expected legislation in the interior part of the country as soon as possible. With these words, my Lord, I do support the motion ; I pray that it be passed into law."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

" My Lord, I join with the Hon'ble Maharajadhiraja Bahadur of Burdwan in thanking Your Excellency most heartily for the readiness with which you have responded to the appeal from the Hindu community. My Lord, at the same time I must say that this evil is an evil which we have been enduring for the last 40 years, and not only enduring, but have been appealing times without number to Government for some remedy. In 1886, a similar panic took place in Calcutta and it will be seen on a reference to the proceedings of the Legislative Council that a deputation of some of the leading citizens mostly Municipal Commissioners of Calcutta, in an informal manner, waited upon the then Lieutenant-Governor, Sir Rivers Thomson. It was during his visit to Calcutta in July and August that he had interviews with several gentlemen of the native community who represented that discoveries had been made of the adulteration of *ghee* which is very commonly consumed among them. He had also an interview with Sir Henry Harrison, the Chairman of the Corporation, who affirmed that statement and it became a point for consideration whether the Government should interfere in the matter. Then, my Lord, His Honour asked the learned Advocate-General to take up the matter. Sir Charles Paul took up the question with all the energy and promptitude for which he was much applauded in Council and introduced a short Bill. The Bill was introduced in the Bengal Legislative Council on 17th September, 1886. In the Council, although the principle of the Bill was supported, a loud demand was made by the non-official members for enlarging the scope of the Bill. The Hon'ble Rai Jai Prokash Law observed :—' I am afraid the Bill before the Council will not satisfy the requirements of the grave crisis in which the people now find themselves,' and then, my Lord, Raja (then Lalla) Bun Behari Kapur stated in the course of his observations :—' As *ghee* forms the most essential element in sacrificial and propitiatory *homa* this panic of *ghee* adulteration has caused a dead-lock in all important religious and purificatory ceremonies of the Hindus—a people that are more sensitive on points of religion than on any other point of vital importance. So the evil on account of its magnitude and emergency calls for immediate legislation on the part of the Imperial Council, and I respectfully ask your Honour to move it to take prompt steps towards the introduction of such a Bill.'

A reference to the debate would show that the non-official members did not think the remedy proposed would strike at the root of the evil. We are exactly in the same position to day.

My Lord, some 31 years have passed away. I am not sure whether any legislation has been undertaken to control the evil at its very root, that is to say, to control the manufacturers who are mostly outside Calcutta but still, my Lord, we welcome this Bill for this reason that to a certain extent it will help to minimise the evil which at present prevails in Calcutta. As I said the Hon'ble Raja Bun Behari Kapur, on behalf of the people of Bengal, asked far a wider legislation. We are on the same footing in the present instance, that is to say, we also respectfully ask for a wider-all-India legislation to control manufacturers who are spread over different parts of India without which the evil could not be grappled with. However we are very thankful for what has been undertaken by Your Excellency. But there are one or two points which I would like to mention. While accepting the cardinal principle of the Bill and thoroughly associating myself with the object, I should like to point out that there ought to be some provision regulating importation. There is no definition of *ghee* in the Bill.

The Calcutta Municipal (Amendment) Bill.

Rai Debender Chunder Ghose Bahadur ;

The Corporation of Calcutta should make regulations prescribing a certain standard specifying the component parts of *ghee*. If any *ghee* falls below that standard then any person who does business with such *ghee* can be proceeded against. Otherwise it would be difficult to make out whether any material has been added to or abstracted from *ghee*. In this connection, I should like to make a reference to the regulation under the English Act on the lines of which some standard may be laid down. Then there is another matter which has struck me from the very beginning. I am speaking on behalf of a very large number of poor people who are retail traders in this city. There are some thousands of them, they are called *moodies* in ordinary parlance. There should be some provision to protect these people. I do not suggest to give them any loophole, but at the same time as we know from our own experience these *moodies* buy one or two tins from the wholesale dealers and keep them in their shops and sell it in small quantities to poor people who live on 4 annas to 6 annas a day. I think that something might be done to protect these people from unnecessary harassment and even, I may say, unnecessary oppression at the hands of unscrupulous officers. These people cannot pay the cost of analysis of every tin of *ghee*, (which is not less than Rs. 16). It strikes me that there should be some facilities for the analysis of *ghee* in Calcutta, that is to say, wholesale dealers should not be permitted to sell any *ghee* which is not analysed and pronounced free from any adulteration, and on the production of a warranty they shall only be allowed to sell *ghee* in Calcutta. If the retail dealers produce a satisfactory warranty that they had purchased from these people, I do not think that they should be put to any trouble. These poor people buy *ghee* at, say, Rs. 55—60 a maund and sell it at Rs. 62 or Rs. 63 a maund. Two or three rupees on a maund is all they make. They have not got a laboratory and they cannot analyse it. and they will be put to all sorts of inconveniance although they have the best of intention to sell pure *ghee*. I think that these matters at least require consideration or discussion with the Hon'ble Member in charge of the Bill. Whether it is possible or not, having regard to the cardinal principle of the Bill being maintained intact, to insert some provision which will also protect them from any possible harassment or oppression at the hands of unscrupulous officers, I should like some discussion. With these few words, my Lord, I beg to support the introduction of the Bill."

The Hon'ble RAI DEBENDER CHUNDER GHOSE BAHADUR said :—

"My Lord, I represent the Corporation of Calcutta, and while associating myself with the observations of the Hon'ble Maharajadhiraja Bahadur of Burdwan and the Hon'ble Rai Radha Charan Pal Bahadur, in the expression of thankfulness to Your Excellency for having so promptly taken up the cause of the suffering Indian public in the matter of adulteration of *ghee*. I will say this, that this evil is a very long standing one, and it is only the temperament of the people to suffer, which accounts for their not having so long raised a clamour on account of this evil, as we have witnessed lately in Calcutta. The Corporation of Calcutta is a heavy body, but it has still found time to take some action in this matter—action for the amendment of the defective law as it stands. The Corporation actually took the trouble of drafting a Food and Drugs Bill and sent it up to the Government with a prayer that a separate Food and Drugs Bill should be passed independently of the Calcutta Municipal Act which was then understood to be under consideration for amendment, but the Government did not see their way to do it, and I can only account for this dilatoriness by the fact that while the Corporation is a heavy body, the Government is a heavier body, and it is more difficult to move it. You have not come a day too soon for tackling this evil, and from what has fallen from the Hon'ble Member in charge of the Bill, the proposed

The Calcutta Municipal (Amendment) Bill.

Dr. Deba Prasad Sarbadhikari.

legislation is not a hasty one, it has been well considered in connection with previous efforts in this direction, that is to say, in connection with a Bill for the amendment of the whole Act relating to the Calcutta Municipality, and also in connection with the clauses in the mufassal Municipal Act. Therefore I do not take it as a panic legislation and there can be no question that the principle of the Bill is quite sound. When Chapter XXXV of the existing Calcutta Municipal Act was enacted, it seems that the draftsmanship was at fault. The makers of the law intended no doubt to prevent the sale of adulterated food articles, but they did not use apt words to express that intention and hence some years ago when the matter had to be considered by the Corporation of Calcutta, they found that their prosecutions failed. They sent up the case to the Advocate-General who gave it as his opinion that if a man sells adulterated articles and puts up a signboard to that effect, he could not be punished for what he was doing. That showed the ineffective way in which the Act was drafted in 1899. I, therefore, welcome the present measure and I am sure there will be no obstruction on the part of any of my fellow members in the passing of this Bill."

The Hon'ble Dr. DEBA PRASAD SARBADHIKARI said :—

"My Lord, as one of those who had asked for permission to wait on Your Excellency in deputation and one of those who was a member of that body I desire to give this Bill very strong support. After the way in which almost every member has whole-heartedly and without reservation welcomed the introduction of this measure, I should not have thought it necessary to add any words of mine in support of the Bill. But having regard to what the Hon'ble Rai RadhaCharan Pal Bahadur has said in regard to one of the cardinal principles affecting the Bill, I think the position ought to be made quite clear. I entirely agree with the Hon'ble Member in charge that the essential point round which this Bill centres is that contained in sub-clause (*3*) of clause 4. The moment you try to introduce safeguards of the kind claimed by the Hon'ble Rai Bahadur, the whole object of the Bill will be gone. We absolutely sympathise with small dealers who in their ignorance are made mere tools than active agents in the hands of nefarious persons poisoning even essential food-stuffs with which Calcutta and in fact the whole of the country has been infested for some years past. At the same time we must recognise that these safeguards are not safeguards either to them or to the public. For a time it may be that those small dealers who do not know the situation well will have to suffer, but they will not suffer more than the patient public has so long been suffering. If any attempt is made to touch the elemental principle of the Bill, the Bill might as well be withdrawn. My Lord, whether Calcutta should be furnished with more than one laboratory by way of safeguards such as the Municipal authorities or representatives of the public may think it necessary, is a matter which need not trouble this Council. If what my Hon'ble friend is urging were to be accepted, I think from a certain point of view, which may well be respected and considered, it might be urged that the Government should fix the price of pure *ghee*, because the time will come when the supply of pure *ghee* will be small and dealers will be fixing fabulous prices which will practically make *ghee* unobtainable by the ordinary consumer. Is that a situation which the Government are likely to countenance? If a vendor who could not be proved to have known that he was dealing with an adulterated article, could go scot-free, the Bill would be absolutely nugatory; or if he were to be permitted to raise super-scientific questions about standardisation of *ghee*, about which the practical scientist has yet no doubt, there is hardly a perpetrator of adulteration who with proper, or shall I say improper, legal or scientific aid could not be got off. The necessity of undertaking this legislation has existed for

The Calcutta Municipal (Amendment) Bill.

Sir S. P. Sinha.

many years and we have for many years been thinking hard as to how to put matters right. Successive legislation has failed because of defects now brought to light, and let us profit by them when strong public agitation has once more brought the question to the fore. Where the Bengali failed the *Marwari* has triumphed which need not be a matter of surprise or regret. On the question of principle absolute adherence must be given to what is embodied in the Bill, otherwise the Bill will be infructuous. I speak, my Lord, not only from the religious point of view of the Hindu, for we can go further—many other communities, like Jains, Buddhists and Muhammadans have serious scruples. And communities that are not affected by such scruples can hardly consent that foreign articles, such as snake's lard, should be permitted to come into the composition of this highly necessary food-stuff. The question therefore affects all communities and the pressure that has been brought to bear on the situation emanates from all sections of the community. As has been truly observed, it is not a panic legislation at all that we are considering though undoubtedly it is an emergency legislation. The matter has been engaging public attention from all points of view for a long time, and there is hardly a clause in this Bill that in substance has not been considered almost threadbare from time to time by all concerned. Apart from the religious point of view we have very seriously to consider the hygienic Deities and demons fought of yore round sacred fires in this classic land for pure *ghee* for even the demon dreaded the adulterated stuff. Shall we be permitted to fare worse than they? I speak specially on behalf of the section of the community that is obliged to depend unfortunately much more upon this adulterated stuff than is usually known. I do not know when Your Excellency will be troubled with a deputation or a request for emergent legislation with regard to the servant question. That question is much more acute than is generally known and is a great element of uncertainty and anxiety in our household arrangements—much more than it was before. But hardly anywhere is it more acute than in our hostels and messes where our young men, literally in thousands, have to live. I notice this not by way of idle forewarning but all who know anything of the situation, know that our hostels and messes are at the mercy of hirelings, who absent themselves for days together some time and many of our students for many days in the week have to depend upon poisons called sweetmeats from the bazar made of this adulterated stuff not only for their minor meals, but for their principal meals as well. That is telling very prejudicially upon the health of our student community. The evil is spreading fast among householders whose women-folk are not proof against the servant trouble for there also the same difficulties prevail. Some householders of the more old fashioned type are for the time being better off for they do not always depend upon servants in these matters; their ladies when necessary will yet cook for them very acceptable meals when the hireling is rebellious. That however is not the fate of our more luckless householders or of our students and I appeal to Your Excellency on their behalf. A strong deputation of mere men waited on Your Excellency. I see, my Lord, a large and a more influential deputation facing Your Excellency in our visitors gallery—young ladies who are very much interested in the best way of managing our households, and in providing the wherewithal for the daily struggles of their sons, fathers, brothers and husbands. From all points of view, I think, the time has long come when this matter has to be taken up in right earnest and unmindful of vested interest, and if this tangle of safeguards is to be countenanced, we shall never get the proper legislation."

The motion was put and agreed to.

The Hon'ble Sir S. P. Sinha moved His Excellency the President to suspend the rules of business to admit of the Bill being taken into consideration.

The Calcutta Municipal (Amendment) Bill.

The President; Sir S. P. Sinha; Maharajadhiraja Bahadur of Burdwan; Babu Ambika Charan Mazumdar

THE PRESIDENT: "I suspend the Rules of Business."

The Hon'ble Sir S. P. Sinha then moved that the Bill be taken into consideration.

The Hon'ble the MAHARAJADHIRAJA BAHADUR OF BURDWAN said:—

"My Lord, I have not got very much to say excepting that I think that we would be failing in our duty as Councillors if we delay the passing of the Bill in this Council. There may be some who would like to have more time to consider the clauses of the Bill but as the Hon'ble Maulvi Abul Kasem has pointed out that by the time clauses are considered the mufassal will be flooded with this impure and adulterated stuff sent out by the Calcutta dealers. I therefore appeal to the Hon'ble Members of this Council not to be carried away by any idea of appointing a Select Committee for discussing or considering these clauses. I sincerely hope that the Bill will be passed to-day."

The Hon'ble BABU AMBIKA CHARAN MAZUMDAR said:—

"My Lord, when I entered the Council I was under the impression that there was not much of a necessity for departing from the ordinary procedure in dealing with this measure; but it now seems to me that having introduced the Bill it would be inexpedient to defer its consideration and that we ought not to postpone it even for a single day. If the Bill had not been introduced the matter might have stood on a different footing. But having introduced it you have given notice to the dealers in *ghee* to make the utmost of their dirty business. If you postpone it even for a week I am afraid these shrewd men will take the utmost advantage of even this seven days' time. They will export all their adulterated stuff at once to the mufassal so as to escape the penalty of the law which you propose to pass seven days after. Nor do I think it would be of much use in delaying this matter. My Hon'ble friend Rai Radha Charan Pal Bahadur has spoken on behalf of retail dealers. He thinks they are neither scientists nor experts and they are a perfectly innocent people. But I confess that I do not possess the same amount of sympathy for them as my Hon'ble friend does. They are participators in the same crime and they have been committing this crime for the last 40 years. My conviction is that 'mercy but murders pardoning those that guilt.' They have been committing this offence for a long time past and I do think it is nothing short of committing slow but sure murder. If a man touches my shoulder with his stick, he is liable to punishment even with imprisonment; but what an irony that the person who poisons my body, slowly deteriorates my health, visibly shortens my life, and endangers the happiness and prosperity of my family has gone on with impunity from generation to generation! I think it is high time that without any consideration of hardship or favour this remorseless enemy of society should be dealt with with the hardest hand. I think if we postpone this measure only to consider the case of the *moodie* for whom my friend is so keen, we might be doing another injury. A certain class of these vendors may be pardonable to some extent; but if you once open a loop-hole for one class of dealers you certainly open it to the other classes also, and I do think that it would be most unwise to keep any loop-hole for any of the dealers to defeat the very object of this salutary measure. Sufficient unto the day is the evil thereof, and I think that it is high time that this measure should be passed. It is not a contentious measure at all. We all agree that *ghee*, a most important article of food, is adulterated with the most obnoxious substances. The high mortality and the number of incurable diseases which prevail in this country may be easily traced to adulterated articles of food. We, Indians, do not take so much of meat as Europeans do and I think the quantity of fish that we take is also very limited. And if the simple food

The Calcutta Municipal (Amendment) Bill.

Rai Radha Charan Pal Bahadur.

taken by Hindus and Muhammadans alike in this province is allowed to be adulterated we put a very short premium, if not an absolute discount, upon human life.

I think the provisions of the Indian Penal Code are not sufficient for the protection of the human body in this respect, and it becomes a simple mockery to make elaborate provisions in that Code touching even the ordinary offences affecting the human body so long as we cannot protect that body from adulterated articles of food. I do not know what we shall gain by referring this Bill to a Select Committee, unless it be to devise some means to make it futile in its operation.

For a time no doubt there was a question raised in various cases whether the provisions of the Mufassal Municipal Act or the Calcutta Municipal Act were or were not sufficient for this protection. It has been found repeatedly that they are not sufficient, and things have come to such a pass that a person is now audacious enough to expose for sale what he defiantly and openly advertises as being an adulterated article. This is a challenge to the authorities and an open defiance to the legislature. This is the sort of thing we have been tolerating for many years. We find now in this measure that not only the seller but whoever stores the adulterated article is also liable to penalty. I do not see what we gain by prolonging this period for passing this Bill. The only use or rather misuse of this delay would be to make certain exceptions in favour of this man or that man; but I am decidedly of opinion that no favour should be shown to anyone who deals in adulterated articles of food, particularly *ghee* and oil which are so difficult of detection, whether it is the retail dealer or the wholesale dealer—and the retail dealer is as obnoxious to us as the wholesale dealer. For these considerations I think it is not only prudent but it is imperatively necessary that the Bill should be passed offhand without giving any time to these persons who have large stocks on hand to dispose of them outside, or without giving them sufficient opportunity of making considerable use of them within this city. We ought to pass the Bill at once."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, in spite of the rather impassioned eloquence of the venerable Babu Ambika Charan Mazumdar, I would suggest that the Bill be referred to a Select Committee with instructions to report within a week. My Lord, it is not an unusual procedure that I am suggesting. In the first place, if we look back to the history of this legislation some 30 years back, we find that the same panic and the same pressure was put upon the Government and the same emergency legislation took place. The Bill was introduced into the Legislative Council on the 13th September and it was referred to a Select Committee with instructions to report within a week and it was passed on the 24th September. Comparing that time with the present one, it may be seen that on the last occasion it was urged that the *Durga Puja* was coming on and therefore the Bill should be passed before that ensuing *Durga Puja*. On this occasion the same thing has been urged in the representation to your Excellency. But the Durga Puja takes place this year on the 22nd October next and if the Bill is passed on the 13th September and receives the assent of the Governor-General 10 or 12 days after, there will still be a month before the Durga Puja begins. It will therefore be seen that nothing will be lost by referring this Bill to a Select Committee for a limited period. We received this Bill only this morning—some of us received it in the Council Chamber just now—and we had scarcely time to snatch a breakfast and scarcely had time to read even its provisions. We are all animated by the same desire to see that the Bill is passed with this difference—whether it should be passed at this meeting without allowing us an opportunity of examining the several clauses of the Bill, or whether it

The Calcutta Municipal (Amendment) Bill.

Dr. Nilratan Sarkar.

should be passsd at the next meeting of Council, say, next Tuesday. There may be difference on some of the clauses : it is not to be assumed that we Indians are unanimous on every point. I do not wish to refer to the burning topic of the day, but even in that matter there is great divergence and it is no wonder that notwithstanding the impassioned eloquence of the Hon'ble Babu Ambika Charan Mazumdar, some of us are not in a position to agree that we, the responsible members of this Council, should give our final consent to this Bill becoming the law of the land before sunset to-day without even reading its contents.

The amendments which may be deemed necessary require some discussion in the Select Committee and with the Hon'ble Member in charge. I see no harm in allowing a week's time in discussing them with the Hon'ble Member in charge. I submit that in reply to the deputation. Your Excellency very considerately stated that the Bill would be referred to a Select Committee and that it would be passed next week and the deputation very thankfully accepted that assurance. I was one of these deputationists. This unusual hurry will also deprive the public and others interested in this legislation the opportunity to submit their criticisms, which may be helpful to this Council. It has been said that this postponement will afford the dealers some time to dispose of their bad stuff and to flood the mufassal with them. If this is so, it may be flooded to-morrow or ten days after. There is nothing to prevent the dealers doing so. I do not see any reason why this Bill should not be referred to the Select Committee with definite instructions to report in time so as to enable the Bill being passed next week."

The Hon'ble DR. NILRATAN SARKAR said :—

" My Lord, I am for having the measure passed at once as an emergency measure. I do not call it a panic legislation ; it is an emergency legislation and there is no question about that. It has been said, my Lord, by my friend the Hon'ble Rai Radha Charan Pal Bahadur that the matter should be referred to a Select Committee for consideration and he has asked this Council what do we lose by that step. We do not refer Bills to Select Committee in order to determine what we lose, but what we gain ; that is the main point. I know what we lose at this critical moment. I also know that thousands of my countrymen lose in money—good hard cash—and I know also what they lose—which is not apparent to the view of the public but to the eye of the medical men—in good sound health which is so much affected by taking this noxious stuff in Calcutta. I am surprised to find that the Hon'ble Member is determined to see this consumable poisonous stuff consumed by the people of Bengal, if not of Calcutta. I do not expect this from one who is a member of the Municipal Government of this city. There might have been omissions in the past, but if all our commissions and omissions in the Municipal Corporation be placed before us for putting off a salutary measure like this which seeks to do good to the whole of the people of Bengal, I do not know where we should be.

Another question has been raised by my Hon'ble friend, that *ghee* has not been standardised. Well. I think the standards have been very wisely kept out of the sections. Those who do the thing, those who are actually engaged in the work of analysis know their own standard and I purposely referred the matter to my friend Dr. Chuni Lal Bose, Professor of Chemistry in the Calcutta Medical College, and he wrote to me in reply to say that we could, by referring to a standard, not only differentiate between good and bad *ghee*, but we could also differentiate between cow's *ghee* and buffalo *ghee*. and the cow's *ghee* has been so far standardised that the standard has been introduced into standard works on food analysis. In the case of buffalo *ghee* we have to refer to our best experience, Sir, and that is the experience of the best experts of the Municipality and of the Government gained during

The Calcutta Municipal (Amendment) Bill.

Maulvi A. K. Fazl-ul-Haq.

the last 30 years, and I think we can thoroughly rely upon that experience, and I have no doubt that those standards regarding the minimum standardisation of buffalo *ghee* will be introduced in the standard works in a short time, so my friend the Hon'ble Rai Radha Charan Pal Bahadur need not be very anxious about anything untoward happening in connection with the examination or analysis of *ghee*. Then, my Lord, the analysis of these experts has never been disputed by any authority inside or outside India. It has been accepted by those who understand and know the subject and I do not see why questions should be raised in this connection. I believe the standards have been very wisely left out of the sections. True it is that in many Food and Drugs Acts these are specified and it is laid down that particular samples of milk must contain so much percentage, sugar, fat and casein, but I do not think this is necessary in the case of *ghee* at all, considering that the analysis will be conducted at least for the purposes of this Bill by very good experts in a laboratory against which the Hon'ble Member can say nothing, because he is one of the Municipal Commissioners of this city. Then, my Lord, in this connection I have to say only one or two words more. I believe that in order to protect the poor vendor we should not lose time nor should we give them any long rope, but what we ought to do is this; we should facilitate the analysis of *ghee* at the time of purchase so that if we want a particular sample, they can have it analysed at once at a small cost. I believe the Municipality will take this matter into consideration, and I hope that the distinguished members of the Corporation will not stand in the way of the Corporation appointing a larger number of analysts on the score of economy. I also believe that in order to make this law effective the administration will have to be looked to very carefully, and I do not think that a staff of eight inspectors will be enough for this purpose. I believe the municipality will take up the matter in right earnest and thus try to prevent the scandal that is prevailing in this city and has spoiled our health for so long a time. With these words I beg to state that I think the Bill should be passed at this stage without waiting one moment more."

The Hon'ble MAULVI A. K. FAZL-UL-HAQ said :—

"My Lord, when I came to the Council Chamber this morning, I came prepared to oppose this proposal of passing the Bill at once. I am not sure, my Lord, if I still adhere to that opinion, but if I withhold my opposition at the present moment, I hope I will not be accused of inconstancy like the man of easy faith in the story, who could go to bed a Roman Catholic and get up a Protestant the next morning. There have been several reasons, my Lord, which have led me to reconsider my first decision. In the first place, I find that the rank of opponents to this measure being passed into law to-day, is gradually being thinned. We had an informal conference last night, and I thought that the sense of the meeting then was that we should oppose—not legislation, but this emergency legislation—and that we should propose instead a short reference to a Select Committee. I find that, except the Hon'ble Rai Radha Charan Pal Bahadur, there has been a conspiracy of silence among the other gentlemen who were present there and I do not know if they have gone over to the other side. The result of an opposition will be that both myself and my friend, the Hon'ble Rai Radha Charan Pal Bahadur, will be left in a very hopeless minority, and if it is the sense of the House that the Bill should be passed outright, I do not see any merit in being singular and persisting in an attitude of opposition when it has received the assent of so many Hon'ble Members in this House. There are, however, two or three points about which I wish to say something. I would like to take this opportunity of asking the Hon'ble Member in charge to consider the provisions of the Bill from the point of view of these objections. I hope he will kindly make

The Calcutta Municipal (Amendment) Bill.

Maulvi A. K. Fazl-ul-Haq.

a statement so as to remove my apprehensions on these points, and I can assure Your Excellency that if my apprehensions are set at rest, I will be the very first to support this Bill. Before I point out these matters, I may just make a passing reference to the apprehensions of my friend, the Hon'ble Maulvi Abul Kasem, and endorsed by the Hon'ble Maharajadhiraja Bahadur of Burdwan, that the postponement of the Bill to-day might lead to the passing of the adulterated stuff now in Calcutta into the mufassal. I think, my Lord, my friend can make himself easy on that point. If the *ghee* dealers have not been foolish enough, they must have done that sort of thing long ago. After the discussions that have been going on in this Council they will know that from to-morrow, stringent measures will be in force to prevent the adulterated *ghee* being stored or sold anywhere in Calcutta and they are bound to take the alarm and shape their conduct accordingly. The apprehensions of my friend remind me of a certain man who was passing a ricketty bridge at a time when there was a mad man at the other end. Mad men always act under sudden impulses, but this particular mad man was sitting quietly, apparently quiet and innocent. The man who was passing over the bridge in order to make his passage secure by giving a word of caution to the mad man, shouted out 'Hullo, don't shake the bridge.' The result was that the mad man gave the bridge such a shake that the man tumbled into the river. Similarly the apprehensions that have been mentioned by Hon'ble Members will really remind the *ghee* dealers that something is going to happen with regard to all the *ghee* that is now stored in Calcutta, and they will do all they can to remove their *ghee* from the danger zone. I say all this because I do not think that these apprehensions that have been mentioned do not, in my opinion, constitute in themselves a reason why the Bill should be passed into law to-day.

The real points on which my difficulty arises are about one or two matters to which references has already been made by my friend, the Hon'ble Rai Radha Charan Pal Bahadur. So far as the Bill is concerned, the first question that I would put to the Hon'ble Member in charge of the Bill is this, are we not spreading the net far too wide to exclude the possibility that the innocent will be enmeshed equally with the guilty? The law no doubt cannot mark out fine lines of distinction between the guilty and the innocent in all cases, but the legislature must always take care, in framing laws, to protect the innocent while punishing the guilty. Take for instance the case of exported *ghee* to which reference has already been made. We are dealing with *ghee* manufactured and stored in Calcutta, but what about bad *ghee* manufactured outside Calcutta and exported to Calcutta, which the tradesman receives quite innocently, buys honestly, and then when it turns out to be adulterated pays the penalty for the guilt of somebody else. Will the Hon'ble Member consider if the present Bill, as drafted, protects that class of persons? It is just possible that a contigency like that will arise. Secondly, my Lord, although the Hon'ble Babu Ambika Charan Mazumdar could not see his way to make a distinction between retail and wholesale dealers, that is also a point that ought to be borne in mind. It is just possible that a wholesale dealer may conceal his guilt cleverly, but the retail dealer who buys from him may nevertheless come within the meshes of the law. If possible, some provision should be made to protect this class of innocent dealers. Then, my Lord, as regards the analysts about whom, my friend, the Hon'ble Dr. Nilratan Sarkar, has spoken. It is urged that a large number of analysts will be required and that the Corporation should not grudge the additional expenditure that might be necessary; but will the employment of a large number of analysts in itself exclude the possibility of innocent men being prosecuted under the present law? These are the few points that struck me as what ought to be considered before the Bill is passed into law. I am speaking, my Lord, as if before a Select Committee, and I venture to be permitted to point out what appears

The Calcutta Municipal (Amendment) Bill.

Maulvi Abul Kasem; Rai Debender Chunder Ghose Bahadur; Kumar Shib Shekhareswar Ray.

to me something like obvious defects. If I withdraw my opposition to the passing of the Bill I do so with an easy conscience, because I comfort myself with the thought that the Bill has been drafted by one of the most skilful and erudite lawyers that we could get in India. I therefore appeal to him to consider if, while passing this Bill, he has not taken into consideration the various contingencies that may possibly arise whether he has not made sufficient provisions in the Bill to safeguard the innocent while punishing the guilty. If he is satisfied, I can rely safely on his judgment, and in that view of the matter, I withdraw my opposition to the passing of the Bill to-day."

The Hon'ble MAULVI ABUL KASEM said :—

"I have already said what I wanted to say about this Bill. I only want to see this Bill passed to-day."

The Hon'ble RAI DEBENDER CHUNDER GHOSE BAHADUR said :—

"My Lord, I support the Hon'ble Member in charge in his endeavour to pass this Bill at this day's sitting and my reasons are these. The law to prevent the adulteration of foodstuff and the punishment to sell adulterated *ghee* is not a thing new to the country. At least there was a law in the year 1888 passed by the Bengal Council, and from that time to this there has been this law. Another Act, the Act of 1899, is being amended now and therefore it cannot be said that this matter has not had much consideration. Having discovered that the law is faulty in that it cannot punish the man who proposes to sell adulterated articles it is incumbent on us to give effect to the intention of the legislature of past days in framing the clauses relating to foods and drugs in the Municipal Act. If any Hon'ble Member has anything better to suggest then I am sure he will agree with us all in desiring that this Act should be amended in such a manner that the sale of adulterated *ghee* should not be permitted. If that be the intention then there is nothing to be gained by a delay. On the contrary, the result of the delay will be that this poisonous stuff in this city would be exported by the retail dealer for whom my Hon'ble friend has so much sympathy. One is glad to find that even the retail dealer has some one to speak for him, but considering the balance of convenience I think that much is to be gained by having the law passed at this day's sitting than having it postponed for a week. I know of a case where a Bill having been referred to a Select Committee so many questions arose that the Hon'ble Member in charge of the Bill had to say that the Bill could not be passed and that it must again go to the Government of India for their sanction over something or other. That is the case which happened in the case of the Hackney Carriage Bill last year. I am not saying that that will be the case with this Bill if it be referred to a Select Committee—it is a mere possibility—but we cannot say what time will be taken over this Bill. I therefore support the motion of the Hon'ble Member in charge."

The Hon'ble KUMAR SHIB SHEKHARESWAR RAY said :—

"My Lord, like the Hon'ble Maulvi Fazl-ul-Haq when I came here this morning, I was for requesting the house to refer the Bill to a Select Committee and the reason for this was a matter of principle with me. I do consider that it is a bad principle to give assent to a Bill about which we knew nothing even 15 hours ago and on the details of which we have had no opportunity of taking the sense of our constituency. But after what has fallen from my friend the Hon'ble Maulvi Abul Kasem I am of opinion that the Bill should be passed to-day. Otherwise there is every chance of all the Calcutta stock being sent over to the mufassal. It will be a dangerous thing

The Calcutta Municipal (Amendment) Bill.

Sir S. P. Sinha.

to have the mufassal markets flooded with cheap adulterated *ghee* just before the *Pujas*. I therefore beg to support the motion."

The Hon'ble SIR S. P. SINHA said :—

"My Lord, I think the Hon'ble Rai Radha Charan Pal Bahadur mentioned one or two matters in regard to which I should like to say a few words. The Hon'ble Member desires that the question of the standardisation of *ghee* might be considered in Select Committee. That is one of the reasons why he would like a reference to a Select Committee. Now that arises with reference to the question of definition. Perhaps the Hon'ble Member has failed to notice that what we have defined is not *ghee* but adulterated *ghee*, *i.e.*, what constitutes adulteration. *Ghee* is supposed to be an ordinary well-known article of commerce with regard to which there is a standard already. We could not define that in our Bill nor have we attempted to define a standard of *ghee*, and as the Hon'ble Dr. Nilratan Sarkar has said, we may assume that the analyst when he analyzes any sample that is sent to him to find out whether it is adulterated or not, will have in mind the well-known article of commerce and food known as *ghee;* therefore, I do not think that any apprehension need be entertained with regard to this matter. There is another matter with regard to which both the Hon'ble Rai Radha Charan Pal Bahadur and the Hon'ble Maulvi Fazl-ul-Haq, seemed to lay some stress, *viz.*, the question of a possibly innocent retail dealer selling bad *ghee* without knowing that it is bad. As I said when asking for leave to introduce the Bill a cardinal point of the Bill is that you must make it penal to sell or store for sale *ghee* which is bad, irrespective of the question of knowledge. Without that, the Bill would be futile and we might just as well not have a Bill at all. But it is not as if we were legislating for the express purpose of making innocent vendors guilty. The effect of this legislation will be to require all vendors to take every precaution possible for the purpose of obtaining the pure article which he must proceed to sell the moment the Bill is passed into law. He can satisfy himself before he purchases his *ghee* by asking that the *ghee* which is going to be delivered to him should be submitted to analysis or the wholesale dealer who sells the *ghee* must, along with every tin that he sells, produce a certificate from an analyst without which the retail trader will refuse to accept the *ghee*. In other words, as I have endeavoured to explain, the Bill casts upon retail traders, quite as much as wholesale traders, the duty of satisfying themselves by every possible precaution that what they are dealing with and what they are going to sell to the public is not bad *ghee*. In this connection I would venture to remind Hon'ble Members of the provision in the Bill which lays down that a report sent by an analyst certified by the Chairman and employed by the Corporation for the purpose of analyzing *ghee*, shall be sufficient evidence of the result of such analysis, so that if the retail trader can produce a certificate to that effect which he either gets himself or gets his wholesale dealer to get from the analyst, he is perfectly safe. I know that it may be in some cases a hardship, but the hardship on the public is much greater, and in order to save a possible case where a man may, by reason of his own negligence, have bought adulterated *ghee* without knowledge, are we to expose the public to a practice which seems to be universally condemned? That is all I can say with regard to the assurance which my Hon'ble friend urges me to give for protecting innocent retail vendors. If the retail trader has been negligent, if he has not insisted upon such proof of the *ghee* being pure, as he ought to have insisted upon, he would come within the meshes of the law. My point is that without such a provision, the Bill will be absolutely useless. I will also remind Hon'ble Members that there are facilities for analysis in Calcutta to a very much larger extent than is supposed by some Hon'ble Members. There is not only one laboratory, the Municipal laboratory, there are also others which go in for analysis of such

materials and are open to the public, and if there is a large number of analyses required, I daresay both the municipal laboratory and private laboratories like that of Smith Stanistreet & Co. will charge such reasonable fees as to put it within the reach of everybody. The man who wants pure *ghee* will have to pay the price of the article *plus* an additional charge for the analyst's fee, in order that they may have pure *ghee*. One other matter and that is this. Hon'ble Members will remember that in almost the very near future, by November next, we hope to introduce the larger Calcutta Municipal Bill. These provisions will again appear in that Bill and if in the practical working of these provisions during the next few months, Hon'ble Members find that it presses hard on any section of the public, it will be open to them to move for the purpose of amending these sections by the light of practical experience. Under these circumstances I again venture to put it to the Hon'ble Members as to whether it is worth while to refer this Bill to a Select Committee."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I wish to know with reference to this clause whether any retail shop-keeper or grocer who sells *ghee* along with cocoanut oil, mustard oil, etc., under this clause, if he has other food-stuffs in his shop, he will be deemed to have such a thing in possession which is capable of being adultered with *ghee*. What I mean is this, my Lord, that the *moodie* or retail shop-keeper who has purchased two tins of *ghee* and one or two tins of mustard oil or cocoanut oil and other food-stuffs is he to be deemed to have kept these articles in his shop for the purpose of mixing with *ghee*? In order to avoid the difficulty in such cases, would it be possible to provide in the Bill that the wholesale dealer shall be bound when selling *ghee* to retail dealers, to affix to every tin that he sells, a certificate or an indelible stamp from a recognised analyst, preferably from the analyst of the Corporation, that the *ghee* is of such proper stuff that it is pure *ghee*, whether some provision cannot be inserted in the Bill in order to safeguard the public as well as to provide as far as possible the innocent people who are simply earning some livelihood from this business in Calcutta. Notwithstanding all that has been said, I may observe that I still hold that with due regard to the principles of the Bill that this matter may be considered. It is not now possible to refer it to the Select Committee, but if any such provision can be inserted in the Bill, I hope the Hon'ble Member will do so."

The Calcutta Municipal (Amendment) Bill.

Sir S. P. Sinha; Rai Debender Chunder Ghose Bahadur; the President; Maulvi A. K. Fazl-ul-Haq.

The Hon'ble SIR S. P. SINHA said :—

"My Lord, I am not sure that I have followed my Hon'ble friend in regard to what he asks for. I understand that his proposal is that he would like us to insert a section or a clause which requires the wholesale dealer as opposed to the retail dealer to affix a certificate from an analyst spoken of in clause 10, sub-clause (*5*) of the Bill. I do not know that this has been suggested by anyone except my Hon'ble friend that we must have a certificate attached to it. After all he may not sell it in tins, he may sell it in some other kind of receptacle, he may sell it by the seer or by the maund without selling it in any particular kind of receptacle. How is he to affix the certificate in that case? The precaution should be taken by those who buy from these dealers and they must insist upon a certificate which relates to the *ghee* they are buying. It must be left to the good sense of the people to secure such guarantee and I do not think it is possible to amend this section, so as to prevent all possible cases of hardship."

The Hon'ble RAI DEBENDER CHUNDER GHOSE BAHADUR said :—

"May I speak?"

The PRESIDENT said :—

"It is open to any Hon'ble Member to move an amendment to a clause if he wishes to do so."

The Hon'ble RAI DEBENDER CHUNDER GHOSE BAHADUR said :—

"My Hon'ble friend, Rai Radha Charan Pal Bahadur, has referred to the unfortunate position of the *moodie*, who, of necessity, has to keep a stock of mustard oil and cocoanut oil with *ghee* and other articles in his shop for his customers. His is a shop and not a factory. But if there is an ill-judged prosecution based on a supposed presumption that those oils were kept for mixing with *ghee*, then the presumption can be rebutted if the *moodie* can prove that his business is not simply to sell *ghee*, but also mustard oil, cocoanut oil, etc., and that therefore he is bound to store those things. Certainly the Magistrate will exonerate him from the charge."

The Hon'ble MAULVI A. K. FAZL-UL-HAQ said :—

"My Lord, what strikes me with regard to certificates of analyses is this. As regards clause 10, sub-clause (*5*), I think the idea is that the wholesale dealer shall have a certificate attached to vessels containing the *ghee*. Supposing, my Lord, the wholesale dealer has got 50 jars full of *ghee* and the analyst gives him a certificate for all the *ghee*. Supposing two of these jars are sold out and he substitutes them with two jars of adulterated *ghee*, what would happen in that case? The certificate will remain attached to the vessel, while the *ghee* inside may be as bad as any at the present day."

The Hon'ble SIR S. P. SINHA said :—

"My Lord, he must prove, I take it, that the certificate relates to the *ghee* that he sells. It is a matter of evidence. It is not enough to produce some kind of certificate. The certificate must relate to the *ghee* which he sells."

The Hon'ble MAULVI A. K. FAZL-UL-HAQ said :—

"This is a matter of detail. There is a jar bearing a certificate stating that the *ghee* in the jar is good *ghee*. Supposing the contents of the jar are sold out and immediately the dealer puts in adulterated stuff and attaches the certificate. The certificate will show that the *ghee* inside the jar is good *ghee*. What would prevent him from doing this?"

The Calcutta Municipal (Amendment) Bill.

Sir S. P. Sinha; the President; Rai Radha Charan Pal Bahadur; Mr. M. Ashraf Ali Khan Chaudhuri.

The Hon'ble SIR S. P. SINHA said :—

"The certificate presumes that when the analysis was made of the *ghee*, there was no foreign substance in it. If something has come in subsequently, some one must be responsible for putting it in and we must hold the seller responsible."

The PRESIDENT (addressing the Hon'ble Rai Radha Charan Pal Bahadur) said :—

"Does the Hon'ble Member wish to move an amendment to this clause?"

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I would ask whether the provisions of sections 502 and 503 can apply to any *ghee* in the course of transit *to* Calcutta. The Bill refers only to *ghee* in course of transit *in* Calcutta."

The Hon'ble SIR S. P. SINHA said :—

"I pointed out to my Hon'ble friend that this was intentionally done, as we were not legislating for limits outside Calcutta. It was only meant to apply to *ghee* when it is in Calcutta itself. *Ghee*, when it is in course of transit to Calcutta, say over the Howrah Bridge, cannot be touched."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"I am confronted with this difficulty—am I to understand that if there is a consignment of a waggon load at Howrah station of bad *ghee*, nothing can be inserted in the Bill, without the sanction of the Government of India, to prevent that consignment coming to Calcutta."

The Hon'ble SIR S. P. SINHA said :—

"With regard to Howrah, I may point out that this Bill when passed may be extended to Howrah by notification. Until that is done, even a waggon load in Howrah cannot be seized.

The Hon'ble MR. ASHRAF ALI KHAN CHAUDHURI said :—

"Does that include any private person bringing in adulterated *ghee* for his own consumption? Will he be prosecuted under section 502?"

The Hon'ble SIR S. P. SINHA said :—

"It is intended to apply to *ghee* for sale only. As a matter of fact section 503 does refer only to articles exposed or hawked about for sale or deposited in or brought to any place for the purpose of sale or for the preparation of such articles as aforesaid."

"Section 503, sub-section (*2a*).	Removing, interfering or tampering with *ghee* seized and left in custody.	Two hundred rupees

He said :—

"My Lord, it is to supply an omission or rather a slip which has been pointed out to me by the Hon'ble Babu Mahendra Nath Ray, that I desire to put in this amendment in one of the penal clauses. Members will have noticed that under clause 6 of the Bill the Chairman may instead of carrying away *ghee*, seize it under sub-clause 2, leaving the same in such safe custody as he may think fit, in order that the same may be dealt with 'as hereinafter in this chapter provided.' Then the section provides that no person shall remove such *ghee* from such custody or interfere or tamper with the sale in any way while so detained. To do so will be an offence, but no penalty for it is provided in section 11 though it was provided in the Calcutta Municipal Bill, the penal clauses of which have been sanctioned by the Government of India.

The motion was put and agreed to.

The President then moved that clause 11, as amended, form part of the Bill.

The motion was put and agreed to.

The Hon'ble Sir S. P. Sinha moved that the Secretary be directed to number the clauses and sub-clauses of the Bill in consecutive order and to make corresponding alterations in all cross-references thereto, and also to correct a clerical error in clause 3 of the Bill by substituting the figure *5* for the figure *4* in brackets in the third line.

The motion was put and agreed to.

The Hon'ble Sir S. P. Sinha then moved that the Bill, as amended, be passed.

LIST OF BUSINESS—ITEM NO. 2.

THE BENGAL TENANCY (AMENDMENT) BILL, 1917.

THE Hon'ble Mr. Beatson Bell moved that the Bengal Tenancy (Amendment) Bill, 1917, be referred to a Select Committee, consisting of the Hon'ble Mr. Stevenson-Moore, the Hon'ble Mr. Bompas, the Hon'ble Mr. Panton, the Hon'ble the Maharajadhiraja Bahadur of Burdwan, the Hon'ble Maulvi Abul Kasem, the Hon'ble Mr. M. Ashraf Ali Khan Chaudhuri, the Hon'ble Rai Mahendra Chandra Mitra Bahadur and the Mover, with instructions to circulate their report in time for its presentation in Council at a meeting to be held in November next.

He said :—

"My Lord, as regards the object of this Bill, we are, I think, all agreed. We all desire that the aboriginal tribes should retain their lands and should not lose them. I explained at the Dacca sitting that we have tried to secure this object by declaring that 'no transfer by an aboriginal tenant by private sale, gift, will, mortgage, lease, contract or agreement,' shall be valid to any extent except as provided in the Bill. Having laid down this general principle we proceed to specify the exceptions. As far as private sales, gifts, wills, contracts and agreements are concerned, we provide no exceptions. In other words, the Bill stands as a bar against all transfers of that nature. On the other hand, we make important exceptions as regards leases and mortgages. We have provided, as the House remembers, that an aboriginal tenant may sublet, or make a usufructuary mortgage of, his land to another aboriginal. Moreover, if he finds that he is unable to secure a suitable aboriginal as his lessee, he can apply to the Collector for permission to lease the field to a man of another race. If the Collector, after making such inquiry as he thinks proper, is satisfied that the proposed transaction is sound, he can accord his sanction. These are the main principles of the Bill, and in order to secure that the Bill is not a dead letter, the Collector is vested with certain powers. Either on his own initiative, or on an application received, he can order the ejectment of a transferee who has come in possession in contravention of the principles of the Act. In order to stop two obvious loop-holes we have added two very necessary corollaries. In the first place, we have prevented an evasion by means of "money-decrees" of the prohibition against private sales. In the second place, we have prevented a similar evasion by the simple expedient of 'abandonment on the part of A and new settlement on the part of B.' The House will observe that in the first proviso of 49 K we have laid down that a tenure or holding may be sold to recover an arrear of rent which has accrued in respect of that particular tenancy. This is a very important concession to the landlord. Rent suits in respect of aboriginal tenants will proceed exactly as other rent suits; the only difference will be that the execution proceedings will be in the hands of the Collector. This is tantamount to the 'certificate procedure' which landlords are so anxious to obtain. We have not attempted to give a legislative answer to the difficult question 'What is an aboriginal?' We simply propose to notify the tribes to whom the Bill will be applied. One of the 'interpellations' which was made this morning related to this subject. We referred the questioner to certain tables which are published in the Census report. These tables give a long list of tribes, animists and others, who are obviously aboriginal. It is not, however, our intention to issue wholesale notifications. The House will observe in the Statement of Objects and Reasons that we propose, in the first instance, to deal with the Sonthals in the districts of Birbhum, Bankura and Midnapore. Other tribes may be added later on, but each case will be dealt with on its merits. With these few words I move the motion which stands in my name.

It was suggested to me that it would be suitable to add the name of the Hon'ble Raja Hrishikesh Laha. He owns lands in the area affected and he is therefore much interested in the Bill. I have much pleasure in adding

his name to the list; and in order to present the usual balance of party, I would, at the same time, add the name of the Hon'ble Mr. Cumming. He has personal experience of the district of Midnapore, and will be a most useful Member of the Committee.

The Hon'ble BABU BHABENDRA CHANDRA RAY said:—

"My Lord, the Bill before us is not quite so innocent or innocuous, as it has been sought to be made out. In fact it is perhaps one of the most contentious measures that have ever been brought up for discussion in this House. In the first place, it is a direct attack upon the dwindling privileges of the landholding classes. In the second place, it reserves to the executive the right to extend its provisions to any class or community, which I take it, may or may not be aboriginal in origin, but may be deemed to be so for the purposes of the Bill. The Hon'ble Member in charge has stated that these simple aboriginal folks, unless they are protected against themselves, are in great danger of losing their ancestral lands. That may be so. But I think that in protecting the aboriginal raiyat against himself, care should also be taken that the rights of the zamindars are not lightly interfered with. As a matter of fact, I find that wherever the provisions of the Bill will be extended, there will be almost an utter negation of the rights of the landlords. And in this view the proposed legistation will be in complete contravention of the provisions of the Permanent Settlement. Section 49J seeks to take away the landlord's absolute right of re-settlement upon surrender or abandonment of tenancies, and invests the Collector with the same. Section 49H seeks to arm the Collector with powers to set aside all improper settlements or transfers. All over the Bill, it is the Collector who has been clothed in summary authority; and the only important privilege that will be left to the landlords seems to be that of paying Government revenue.

As for the humanitarian aspect of the Bill, I find it impossible to ascertain the class or community in whose interest it is being undertaken, and cannot therefore make out how far it is a necessary measure. The framers of the Bill have, in their wisdom, left the determination of this question quietly in the hands of the executive. They are not prepared to define the word 'aboriginal,' because, perhaps they have not confidence enough in their draftsmanship to think that they can so define it, as to leave no scope for litigation with regard to its meaning. The device adopted may be very convenient, but it cannot have our approval. We want to know the widest possible extent to which the executive may stretch the term 'aboriginal.' It may be that it is not at present proposed to give all the aboriginal classes the benefit of this legislation. But a quixotic member of the executive may in some future time take it into his head to extend the provisions of the Bill, to such people who cannot be included within the term 'aboriginal' by any stretch of imagination. Although the term 'aboriginal' may have a sense of reproach about it, the Bill makes it abundantly clear in section 49A, that any body of persons to whom the provisions of the Bill are declared to be applicable will be deemed to be aboriginal, only for the purposes of the special protection and indulgence which the proposed legislation seeks to afford, but need not be aboriginal in fact. This being so, it will make even the "Koolin" Brahmin aspire to be declared an 'aboriginal,' and thus get the better of the landlord. And in certain cases, a declaration like this will be quite as highly prized as a 'Jagir.' My Lord, I am prepared to bet that we have got a humourist, may be an unconscious humourist, in the Legislative Department. How else can one account for such a Pickwickinn provision in the present Bill? My Lord, in view of the fact that this Bill, if passed into law, will lead to a serious encroachment upon the status and powers of the landlord, we desire that it may be postponed pending an

The Bengal Tenancy (Amendment) Bill.

Kumar Shib Shekhareswar Ray.

inquiry by a mixed committee of officials and non-officials as to the area where and the particular people to whom any such protective measure should apply. We expect to know definitely from such an inquiry, if the situation justifies any such legislative interference, and to what extent, if at all, the zamindar should be called upon to surrender his rights. An opportunity should also be given to the various representative associations and land-holders to express their views upon the subject. I am sorry I cannot agree to the Bill being referred to a Select Committee in its present shape."

The Hon'ble KUMAR SHIB SHEKHARESWAR RAY said :—

"My Lord, candidly speaking I am not much in favour of any patch-work legislation of the kind now before the Council. The present Tenancy Act is full of omissions, inequities and defects which require even more prompt consideration than the matter which the present Bill has under contemplation. In fact what is now really wanted is that we should enter fully into the grievances of the zamindars and the raiyats and take up a legislation which will meet, in a satisfactory manner, the present day requirements of all concerned. However the present Bill is a move in the right direction, and as such it has my hearty support, but there are a few points connected with it, which, I think, I should bring to the notice of the Council at this stage. First of all, I am sorry to say, there is an extreme vagueness about a very important matter of the Bill. It is about the definition of the word 'aboriginal.' In fact the administration of the whole Act will depend on this, consequently it is imperative that a clear and comprehensive definition of the word should be embodied in the Bill. This is also necessary to enable the zamindars to use their discretion in granting leases to their new tenants.

The next thing which strikes me as an innovation in this Bill is the introduction of revenue officers to discharge the functions of a Civil Court. The Bengal Tenancy Act is mainly administered by the Civil Courts under the guidance of the Honourable High Court. Under the circumstances, the proposed innovation, I am afraid, is sure to be objectionable to many. In the provinces where there is a system of periodical settlement of land revenue, it is perhaps necessary that the revenue officers should be in close touch with the affairs of land, but in Bengal this is quite unnecessary, and I hope that particular attention will be given to this aspect of the Bill.

My Lord, this Bill offers a splendid opportunity of bringing the zamindar into a closer touch with his tenants and also of utilising his services to the advantage of every one concerned. The Bill provides that an aboriginal raiyat under certain circumstances may mortgage his holding with a non-aboriginal with the permission of the Collector : instead of sending the raiyat to him at the first instance if he is made to take his zamindar's permission, I think his case would receive a much more careful consideration at the hands of his zamindar than at those of an unknown sub-deputy collector who is likely to act for the Collector in these matters. It, however, might be provided that if the raiyat is not satisfied with the decision of the zamindar he may refer the matter to the Court. I think this consideration on the part of the Government will not only foster a sense of responsibility in the zamindars but will also serve the purpose of the legislation more satisfactorily.

My Lord, there is another serious question which is involved in this Bill : it is that of the encroachment on the rights and privileges enjoyed by the zamindars from time immemorial. The zamindars have all along exercised their free will in making settlement of abandoned holdings in their zamindaries, but there is a provision in this Bill which necessitates a previous sanction of the Collector before the zamindar can resettle a

Rai Debender Chunder Ghose Bahadur.

holding abandoned by an aboriginal raiyat. This is not only an unnecessary encroachment on our rights, but if given effect to, will cause undue delay in making settlement of abandoned holdings and will thus involve a considerable loss of money.

My Lord, in this connection I should, in fairness to the zamindars, protest against some unhappy remarks regarding them in the notes on this provision of the Bill. I beg to refer to paragraph 8 of the notes. It runs as follows :—'This is new, but experience shows that provisions regarding the prohibition or restriction of transfer are defeated by so-called surrenders or abandonments. Provision is therefore made for making the resettlement of such lands by the landlord subject to the approval of the Collector.' It is evidently presumed here that in order to frustrate the good and benevolent intention of the Government the zamindar will stoop so low as to conspire with his raiyats. It is suggested that after a consideration money has been received by the aboriginal he will make a so-called surrender of his holding to the landlord who in return will perhaps receive some fees and resettle it with the person who has paid the consideration money. My Lord, this is a very low and mistaken estimation of the character of the zamindars of Bengal. It is a pity that this sentiment should find a place in an official statement before the Council. I should further say that it is an ill-advised policy to rely on experiences gained in other parts of India. Bengal zamindars are very different from the class of people who are known as zamindars in those parts. Here in Bengal we have a permanent interest in the land as well as in our raiyats. To us the welfare of our raiyats is a matter of vital importance and we safeguard their interests with a much greater care than it can ever be expected to be done by a junior Sub-Deputy Collector set up over our heads. My Lord, in whatever shape the Bill is finally brought up before the House, I trust that due consideration will be shown for the dignity and prestige of the zamindars of Bengal."

The Hon'ble RAI DEBENDER CHUNDER GHOSE BAHADUR said :—

" My Lord, I am sorry to complain that the members of this Council have not been favoured with any papers justifying the introduction of this Bill in Council. Surely there are official papers on this subject, and we find in paragraph 3 of the Statement of Objects and Reasons that the present Bill is mainly the outcome of an inquiry instituted by Government into the condition of these tribes, particularly in the districts of Birbhum, Bankura and Midnapore, and to a certain extent based on the information derived during the settlement proceedings. The result leaves no room for doubt that special legislation to protect backward tribes against their own countrymen is ultimately necessary. I appreciate the motive and I agree that the Government should come forward and do something for the backward classes. Well, I am not wanting in sympathy with the zamindars, and do not think that they should lose their rights, but the paramount power has some duty towards these people who are called 'aboriginal'—a term of contempt,—who none the less require some special protection from Government. Before any legislative measure is launched and the consent of the members of Council is asked for, I think they are entitled to know the exact facts which necessitated the introduction of this measure in this Council. I think that is a very fair demand, as these facts are not official secrets which ought to be kept back from the public. That is the difficulty in considering this matter at this stage.

Then, Sir, there is the expression 'aboriginal' in this Bill which requires some light. To my mind, the word 'aboriginal' would denote persons who are semi-civilised, and who have not as fully developed as their neighbours and who are dominated probably by the others. There may be

some vague description of the word 'aboriginal,' but there is no reason why the Bill should not embody a proper and accurate description of the word. Otherwise, after this Bill is passed into law, at some future date the revenue authorities might think of extending the operations of this Act to a tract which really does not call for it. It would be a great hardship probably to these people, too, if this Act is applied to them, and there would be no opportunity for them to ventilate their grievances, and it is right that the public should have their rights and the limitations thereof defined in the Legislative Council before a proposed enactment is passed into law. I am aware that there are precedents for the course to be adopted, that is, an extension of a legislative measure by an order of the Governor, by rules framed by the Government. They are very common; none the less they are dangerous to the rights of the people. I think that we are nearing the time when everybody's rights should be defined by enactment of the legislature, and not left to the judgment of the executive Government. I have nothing further to say, my Lord, on the present occasion."

The Hon'ble MR. P. C. MITTER said :—

"My Lord, as a representative of the landlords' interest, I think it my duty to make a few observations with regard to some of the provisions of the Bill which, in my judgment require consideration. The first point about which I wish to make a few observations is the omission to define the word 'aboriginal'. I fully appreciate the difficulty which perhaps stands in the way of the Hon'ble Mr. Beatson Bell, but I may suggest this to my friend that omission to define the word does not get rid of the difficulty. If there is no definition the question may be argued and argued very strongly for hours and hours together that a certain notification of this Government is *ultra vires* because it may be contended that, according to the dictionary meaning of the word 'aboriginal,' certain 'Sonthals', for example, whom this notification may seek to include, are not included, at any rate in many districts. According to the dictionary meaning of the word 'aboriginal' it means people found in the country at the time of the earliest settlement. According to that, my Lord, with the exception perhaps of my friend the Hon'ble Maharajadhiraja Bahadur of Burdwan, every Indian member of this Council present here is an aboriginal, but the Sonthal in a particular district is not an aboriginal. It is of the utmost importance that in framing our Bills, we should frame them in such a way that they may be open to as little contention as possible. Now, there is another aspect of the case as regards the opening portion of the Bill, and it is this. I have no doubt that the object of my friend is to protect those whom according to our clear general notion we know to be aboriginals, but we know also that Sonthals, for example from Chota Nagpur and Sonthal Parganas, have migrated to the different districts; they first of all come as labourers and then acquire land, and we should like to know whether the object of the Bill is to include these Sonthals who have settled in other places subsequently. It may be those that hereafter by notification different tribes mentioned in the Census report may be included. There, again, the question would perhaps come up for consideration of Couts as to whether the Act would apply to these tribes wherever they may be in this Presidency of Bengal. These are considerations which I ask my hon'ble friend to consider, not in any spirit of hostility, but because, although I am a representative of landholders, I consider that it is the duty of all landlords to be just to their tenants, and it is their further duty with regard to those tenants who cannot protect their own interests, but at the same time it is desirable that every possibility of litigation should be avoided as much as possible. Then, my Lord, there is another aspect of the Bill to which I should make a reference, and that is with regard to section 49 (J). Under that provision is it suggested that the right of settling

The Bengal Tenancy (Amendment) Bill.

Mr. Beatson Bell.

or otherwise dealing with a tenancy shall be deemed to be vested in the landlord subject to the approval of the Collector? Under the law as it at present stands, the right of settlement is with the landlord. If the landlord oppresses or does anything wrong which calls for interference, no doubt such interference would be perfectly legitimate. But is it right that the ordinary rights of the landlord should be taken away when it has not been proved that he is in the wrong? My suggestion is that there should be a provision in the Bill by which the Collector should have the power to interfere when necessity arises, but not that the landlord should have to go to the Collector in every instance. It will mean increase of correspondence and also interference of petty officers both of the zamindars and the Collector, and it will not tend to harmonious relations between the tenant and the landlord on the one hand, and the landlord and the Collector on the other. Then, my Lord, there is another general but important remark which I have to make, and that is about taking away the jurisdiction of the Civil Court. It may be necessary to protect the interest of these backward classes, but that protection may be afforded if a provision like this be made that in all cases of sales of lands of aboriginals, the decree-holder will be bound to give notice to the Collector, then the Collector will make an enquiry, and in such cases the Collector will always proceed in the ordinary way by employing his own men so that the rights of these classes are protected. Although the object of the Bill may be good, it is often dangerous to interfere with the ordinary law of the country. These are remarks which I have made not in a spirit of hostility to the Bill, but in a spirit that the Bill may not lead to contentions and defeat its own object by unhappy drafting."

The Hon'ble Mr. BEATSON BELL said :—

"My Lord, I have little to say at this stage regarding the various criticisms to which we have listened. The points which have been urged are all points which may very suitably be placed before the Select Committee, in particular the discussions as to the true meaning of the word 'aboriginal.' If any workable suggestion is made, I am sure the Committee will be glad to consider it. I can say at once that there is not the slightest intention on the part of Government (either the present Government or any future Government) to declare that the *bhadralok* castes or the Muhammadan community are 'aboriginals.' The aboriginal is practically synonymous with non-Aryan. The Bill, as the critics are well aware, is intended for non-Aryan tribes and for them alone. As regards other criticisms they all amount to this, that the Collector has been given too much power and the landlords too little. The answer is simple. If the landlords in the past had carried out their moral duties and had seen that the aboriginals were retained in their ancestral fields, there would have been no occasion for this Bill. It is because it has been demonstrated by evidence that far too many landlords (some of them absentees) have done nothing to prevent the alienation of aboriginal holdings, that we have finally decided that it is our duty to protect these poor people by setting up a machinery which will be effective. The Select Committee will examine each part of the machinery and will improve it where improvement is required. I have nothing further to add at this stage."

The motion was then put in the following form and agreed to—

"that the Bengal Tenancy (Amendment) Bill, 1917, be referred to a Select Committee, consisting of the Hon'ble Mr. Beatson Bell, the Hon'ble Mr. Stevenson-Moore, the Hon'ble Mr. Cumming, the Hon'ble Mr. Bompas, the Hon'ble Mr. Panton, the Hon'ble Raja Hrishikesh Laha, the Hon'ble the Maharajadhiraja Bahadur of

RESOLUTION.

The following resolution stood in the name of the Hon'ble Babu Surendra Nath Ray :—

"This Council recommends to the Governor in Council that shorthand writers be appointed, as early as practicable, in all Sessions Courts, to take down the charge as delivered by the Sessions Judge to the Jury."

He said :—

"My Lord, this resolution, perhaps your Excellency will remember it, was postponed at the July meeting of the Legislative Council to await the opinion of the High Court. This opinion has, I understand, been received by your Excellency's Government. I am not quite prepared to go on with this resolution at this stage. I should like to have a talk with the Hon'ble Member in charge regarding this resolution. I pray that it may be postponed to the next meeting of the Council."

The PRESIDENT said :—

"The Hon'ble Member asks for postponement of this resolution on the ground that the subject-matter of it has been a matter of discussion between the Government and the High Court. I understand that a communication has recently been received from the High Court on the subject and that that communication requires consideration. In those circumstances, I am prepared to grant the postponement to the next meeting of the Council."

The resolution was accordingly postponed.

LIST OF BUSINESS—ITEM NO. 4.

The Hon'ble BABU SURENDRA NATH RAY moved the following resolution :—

"This Council recommends to the Governor in Council that a board, consisting of official and non-official members, be formed for the purpose of advising Government in matters connected with primary and secondary education in the Presidency."

He said :—

"My Lord, in April 1913 in my speech in this Council on the budget estimates for 1913-14 I suggested the advisability of establishing an Education Board and a Sanitary Board consisting of official and non-official members for the purpose of advising Government not only on educational and sanitary problems but also on the proper expenditure of the Provincial and Imperial grants on education and sanitation. I then said that with the large grants, both from the Provincial revenue and from the Government of India

Resolution.

Babu Surendra Nath Ray.

for sanitation and education, with the larger responsibility thrown upon the Provincial Governments, it was necessary that there should be an advisory board to help Government in the proper expenditure thereof. At present the Director of Public Instruction is practically the sole and final adviser of Government in all matters relating to education. He is responsible not only for the management of Government schools and colleges but also for the distribution of the Government grants to all institutions and their inspection, and is responsible in working out all schemes for the encouragement and management of education in the Presidency. He is practically the adviser of the Government as regards the study of subjects for the primary and secondary schools except for the Matriculation standard. A single man, however able and energetic he may be, cannot be expected to do everything, and a great part of the duty with regard to primary and secondary education has devolved upon subordinate officers from the Divisional Inspectors of schools to the Inspecting pundit. I think it proper to place certain facts and figures relating to the state of primary and secondary education of this Presidency in order to show the necessity for the proposed board. From the quinquennial review of the progress of education in India for 1907—12 it appears that only 21·5 per cent. of the boys of school-going age throughout India are in the primary schools, while one in 56 boys of school-going age is in the secondary stage of an English school, while for Bengal (Western Bengal and Bihar) the figures are 25·5 for boys in primary schools and one for boys in secondary schools. For Eastern Bengal and Assam the figures are 25·3 for boys in primary schools and 1 in 41 for boys in secondary schools. A comparison of the figures for Madras and Bombay show that 27·1 and 30 per cent., respectively, of the boys of school-going age are in primary schools, while even in distant Coorg 27·2 per cent. of the boys are in primary schools. As regards secondary education 1 in 24 of the boys of school-going age is in the secondary stage of an English school in Bombay. From the report of the Director of Public Instruction for the year 1913-14 for Bengal, it appears that 28 per cent. of the boys of school-going age were receiving primary instruction, and although the figures for the Bengal Presidency exclude the low figures for the Chota Nagpur, Assam and other backward tracts, the figures for which used to be included in the old Bengal and Eastern Bengal and Assam figures, the percentage of students receiving primary instructions is less than that of Bombay, which includes Sindh. This shows that the advance of education in Bengal is not so great as one generally supposes.

True it is that in the figures for 1915-16, the latest figures available, the percentage of students to the total number of population of school-going age in primary schools is 30 per cent., which shows a decided improvement over the figures for the quinquennial period 1907-08, but a detailed examination of the statistics shows that this has been due not to the efforts of Government but to those of the managers of private schools. Let me quote here some figures from the report of the Director of Public Instruction for the years 1913-14 and 1915-16 :—

	Under Government.		Under Local Bodies.		Private schools in receipt of aid from Government or Local bodies.		Unaided private schools.

Resolution.

Babu Surendra Nath Ray.

It will be seen that while during the two years there has been an increase of ten primary schools and one secondary school under Government, there has been an increase of 5,480 primary schools and 117 secondary schools under private management.

During 1915-16 Government spent Rs. 12,51,166 on secondary schools, the local bodies Rs. 2,53,540, while Rs. 11,29,859 were met from private contributions and endowments out of a total expenditure of Rs. 80,13,685, that is, of the total amount spent on secondary education, Government contributed 15·5 per cent. and private funds 14 per cent., and the rest is schooling fees. As regards primary education it appears that Government spent Rs. 3,77,287, the local bodies Rs. 16,45,608, and Rs. 4,45,318 were contributed from private sources, out of a total expenditure of Rs. 43,02,970, that is, Government only met 8·7 per cent. of the cost of primary education, whereas private contribution supplied 10·4 per cent. of the cost. This is exclusive of schooling fees paid by boys.

My Lord, I am sorry to state that the general attitude of executive officers of the Educational Department, I mean inspectors and deputy inspectors and their subordinates, is far from what it should be in their encouragement of primary and secondary schools. The rules framed by Government also do not help the course of action. Numerous are the instances in which members, both of the Covenanted Civil Service and Provincial Civil Service, both executive and judicial, have taken warm interest in the cause of primary and secondary education in the mufassal, and have by their active interest been able to materially help the cause of such education. I am sorry I cannot say the same thing with reference to officers of the Education Department. They go to a mufassal school not with a view how best to help the school and the school authorities, but in a carping and fault-finding spirit. Instances are rare in which an Inspector or a Deputy inspector of schools has tried to co-operate with the public in raising money for a school starving for lack of funds, or which is not in a position to comply with the new University Regulations. Instances are rare in which an Inspector or a Deputy inspector of schools has exerted his influence with Government to help such institutions. They may be very good professors in colleges, they may be very honest and hard-working officers, but they are either weak enough or they are indifferent to what seems to me their primary duty as an inspecting officer of the Education Department. It may be that they think that it is safer to show the Government a huge surplus in Government grants than to spend the same. They never try to get more schools established, their work is more destructive than constructive. They do not appear to have any great sympathy with the people. Far from taking the initiative in a matter conducive to the educational advancement of the people, they have even no proper appreciation of the difficulties which the authorities of the privately managed schools in the mufassal have to contend against. They fail to realise that the privately managed schools, whether aided or unaided, form the backbone of the educational system of the country, and the disappearance of an existing school for want of funds in a mufassal station affects not only the education of the people there, but is the cause of spreading discontent which it is the duty of Government to guard against. The progress of education at the present time depends on the bettering of the condition of the primary and secondary schools in the Presidency. It is useless to spend large sums of money on University education unless the primary and secondary education upon which the University education is founded be well and truly laid.

Then as regards the Government grant-in-aid rules. What are we to say of a rule which lays down that aided schools will not be able to admit more than 5 per cent. of Hindu boys and 8 per cent. of Muhammadan boys as free students in a school, though admission of a larger number of free students do not as a rule cost the Government or the school authorities a single

Resolution.

Babu Surendra Nath Ray.

additional pie and though such admission means education to a larger number of boys. Under the said rules of secondary schools in Bengal the annual maintenance grants shall not exceed one-half of the income guaranteed from private sources except in backward districts where the grant may be equal to two-thirds of the income from private sources, while for middle schools the rules allow an increased proportion of Government grant. In Bombay the rules ordinarily allow a grant not exceeding one-half of the local assets, or one-third of the total expenditure during previous official year, while provision is made for supplementary grant if the ordinary grant is not sufficient. In the United Provinces the rules lay down that the amount of the annual grant shall not exceed the income of the school from tuition fees and private sources, or one-half of the amount of the annual tuitional expenditure. In the Punjab the amount of aid depends on the number of pupils in average attendance in schools. It thus appears that in other provinces the rules allow a more liberal system of grants-in-aid than in Bengal. I have not with me the statistics to show whether the other local Governments are able to act according to their rules in the distribution of Government grants, but I have shown that your Lordship's Government have not been able to approach to anything near the limit imposed by the grant-in-aid rules in case of secondary schools, although during the four years, *i.e.*, from 1912-13 to 1915-16. the Government of India were able to allow Imperial grants of large amounts for purposes of education. But we have seen the disappearance of many secondary schools, as authorities of these schools were not able to find the sum required for the necessary improvements demanded by the University, and the Government did not come to their help. There is another important fact which ought to be pointed out. Though as I have said under the Government grant-in-aid rules for secondary schools in Bengal the annual maintenance grant shall not exceed one-half of the income guaranteed from private sources, that is, it should not exceed one-third of the total expenditure, yet the average actual grant by Government comes to about one-sixth of such expenditure. To the majority of the schools of this Presidency, the large grants from the Imperial Government or from the Local Governments in aid of primary and secondary education seem to be a mere delusion. In the Government schools the cost of educating a student of a secondary school is about Rs. 44 per annum, while in a primary school it is Rs. 12-9-8. In board primary schools the total cost of educating a student is about Rs. 4-5. In aided institutions, however, the cost of educating a student of secondary school is Rs. 21, and in primary schools it is Rs. 3-1. But even with regard to efficiency it should be noted that so far as regards education is concerned, the authorities of schools or colleges under private management can secure the same class of men as are in Government schools at a less cost. I think the evidence given before the Public Services Commission has shown that private authorities are at an advantage on this point. It would, therefore, be advisable for cheapness' sake to assist the existing schools which are under private management. We find the following important admission in the Report on Public Instruction in Bengal for 1915-16: "The general condition of secondary education is bad . . . Government schools which are supposed to be models are scarcely up to, in some cases below, the standard of the better aided schools".

I have stated the above facts to show what in my opinion are the defects in the existing system. These defects ought to be remedied. This can be done by a Board of Education which will inspire the confidence of the public and which will be able to appreciate the difficulties as well as properly estimate the views of the school authorities.

I have so far discussed the subject of primary and secondary education from the financial point of view as this is the most important of all. The courses of study or the different stages of the secondary and primary schools

are matters which require careful handling. A few years ago, a Director of Public Instruction, although a great student of chemistry, but who had never had any experience of any mufassal school, by a single stroke of his pen changed the whole course for the classes of primary and secondary schools as he wanted to transform the students of Bengal into practical scientists and boys of 7 or 8 years of age were forced to commit to memory pages from science readers enforced in schools by his orders without understanding a word of them.

The selection of text-books for the schools is done by the Text-book Committee, and there is no doubt a most excellent set of rules to guide it. And the inspecting officers of the educational department are very careful in their scrutiny of books in use in schools and they have even recommended different sets of books for different districts. One will be surprised to hear but nevertheless it is a fact that a book which can be used as a text-book in Howrah might not be used as a text-book in Calcutta. Suspension of Government grant-in-aid is the result in case of breach of such rules."

The Hon'ble MR. BEATSON BELL (interrupting) said :—

"My Lord, is all this in order?"

The PRESIDENT said :—

"I do not think the Hon'ble Member is out of order, though I will ask him to keep as closely to the motion as he can. I recognise that a certain measure of freedom must be allowed in discussing a question which raises such wide issues."

The Hon'ble BABU SURENDRANATH RAY continued :—

"The entire curriculum of the lower secondary and primary classes as at present in vogue requires thorough overhauling, and the manner in which these things have been managed by Government during the last few years has not inspired the confidence of the public. A board adequately representing all the different interests concerned would be able to advise Government both in its educational policy and scholastic management in a manner that would not be possible by any other agency.

The Government of the United Provinces have recently established an Education Board, and I move your Lordship's Government to establish one in the Presidency.

By way of suggestion I can only say that in the proposed board the representatives of local bodies and also non-official gentlemen who have got experience of the management of private schools in the mufassal, both aided and unaided, ought to be represented.

My Lord, I must admit that even in England, as regards primary and secondary education, the State has only slowly stepped into its proper place, more slowly than in the case of any other of the leading European countries. Even in the beginning of the nineteenth century there was no system whatever of elementary education in England and Wales. It is said that many endowments had been created, various societies raised considerable sums annually for the purposes of instruction, the clergy and ministers in many parts of the country were zealously promoting schools according to their different ideals, but there was no relation between the different bodies, no test of their work and no control over them, if they failed in the performance of it. It was known that the elementary instruction given was very defective and that the foundations of many pious benefactors were in many cases badly administered. In 1816 Henry Brougham (afterwards Lord Brougham) moved for a Select Committee of the House of Commons to inquire into 'the education of the lower orders'. He introduced a Bill for the appointment of

Resolution.

Babu Bhabendra Chandra Ray.

a Royal Commission to enquire into educational charities existing in England and Wales.

But the dealings of the State with education have in Scotland a much larger history than in England. National education in England is about 45 years old, it is more than two centuries old in Scotland, and even before the Statute of 1896 established a school in every Scottish parish, the education of the people had been the subject of discussion both in Council, in Parliament and in the Assembly of the Church.

The defects in the educational system are obvious and are largely due not only to want of funds, but I think to a not very proper distribution of the same. I do not say that a Board of Education is the panacea for all the defects complained of, but I have every reason to believe that the establishment of such a board will be productive of real good to the country. If this board proves to be a success I hope the Government will be pleased to make it a board for the administration of primary and secondary education in this Presidency. The questions of primary and secondary education of the country are the burning questions of the day in which the rich and the poor, specially the poor, are vitally interested. It is necessary that Government should take the people into their confidence and consult and act according to their wishes, whenever possible, in allotment of grants both by the Imperial Government and the Local Government. Grants-in-aid to primary and secondary schools, curriculum of studies in primary and secondary schools, text-books to be used in schools, female education, industrial education of the Presidency are important questions which require a permanent board for their consideration. The school authorities have got their grievances, and there is now no authority where such grievances can be properly weighed and considered. Unlike England here the path of the Government is clear. We have not here any ecclesiastical or nonconformist party, as in England, with whom there is any chance of coming into conflict. The educated community wants to co-operate with Government and to be largely associated in the government of the country. They want to be of real assistance in solving the educational problem. If there is one subject in which more than another the people expect the sympathy of the Government it is with regard to matters connected with education, and it will not be a great concession if the Government were to accede to their reasonable demand."

It is not a very satisfactory state of things that Government by contributing 8·7 per cent. of the entire cost of primary education and 15·5 per cent. of the entire cost of secondary education should have the monopoly of all power, while the people who contribute 91·3 per cent. of the cost of primary education and 84·5 per cent. of secondary education should be merely the idle spectators of the scene."

The Hon'ble BABU BHABENDRA CHANDRA RAY said:—

"My Lord, the very modest resolution which has been moved by my hon'ble friend Babu Surendranath Ray but faintly represents the deep-seated desire in the popular mind to associate non-official opinion with the more important branches of public administration. I am sure the hon'ble mover would have pitched his demand a little higher with alacrity, and sought for the transfer of the functions of the Department of Public Instruction *en bloc* to a Board of Education, if only it were possible to bring about the same without a fundamental change in the constitution of Government. What the public demand is nothing less than that the control of such departments of Government as Education, Sanitation and Local Self-Government must no longer be vested in individual officials, but should be exercised by a Board or Committee on which public opinion should be well represented. My Lord, we hope that we are within quite a measurable distance of very substantial reforms; but so long as we do not get them actually, it is our bounden duty to try and

Resolution.

Mr. Aminur Rahman.

liberalise the departments of Government to such extent as may be possible under existing circumstances. By so doing, we will only be paving the way for larger reforms and making them appear less 'catastrophic' to the official vision.

As matters stand at present, there is next to nothing to temper the autocratic authority of the Director of Public Instruction; and it is a reproach on us that we have tolerated this state of things so long. The determined policy of Government for sometime seems to have been to relegate the Indian element in the Department of Education to a back seat, and allow a monopoly of control to the European officers. As an instance, I may refer to the fact that while the number of inspecting officers of the department has steadily gone up during the last few years, the proportion of Indians holding independent divisional charge has almost dwindled to nothing. Things were otherwise some time before, when a definite number of divisional inspectorships and other high offices were practically reserved for Indians. To-day while the chief of the department is a European—though, it may be, with great and varied experience—his lieutenants to whom he looks for advice cannot claim to represent Indian views. The department has thus been gradually divorced of the benefit of Indian thought and experience; and if the process goes on unchecked for some time, the Director of Public Instruction will have to glory in a complete isolation from all that is Indian.

My Lord, I shall not conceal from this Council the distrust and want of sympathy with which the public regard the Department of Education. It is an open charge against it that in the name of efficiency it has not allowed a legitimate expansion of primary and secondary education in the country. It is a patent fact at any rate that the expansion in this direction has not been commensurate with the increase in expenditure. What will your Lordship think of a famine-worker who adopts as his principle that it is better to let people famish than feed them with anything but the very best quality of rice? Our grievance against the Department of Education is that it does not realise the poverty of India and the extreme urgency of a wider diffusion of education. Costly and complicated standards have been set up which go against the very grain and spirit of the Indian nation. Buildings, equipment and inspection engage larger attention and absorb larger funds than commonsense can approve of, and any substantial increase in number, either of schools or of school population, is regarded as a thing almost verging on indecency. This is unfortunately the general impression in the country.

My Lord, the department has in short grown too aristocratic, too expensive, too alien, too efficiency-maniac to suit us any more. I do not know how far a merely advisory board will be able to work a transformation. But the present resolution, though it does not go far enough, embodies the very least that ought to be immediately done by way of an instalment of a very necessary reform."

The Hon'ble MR. AMINUR RAHMAN said :—

"My Lord, the facts and figures given by my hon'ble friend reveal a deplorable state of affairs in the sphere of education in this province. This is not the proper occasion, nor is it the proper place to assail the policy of the Government with regard to educational matters. The Local Governments have not the power nor have they the means at their disposal to strike out a new line of action independent of the views of the Imperial Government. The India Government has been devoting special attention to the cause of education, and we still hope that some steps will be taken which will uplift the people from a condition of sloth and ignorance that prevails in the country. But it does not follow that the Local Governments cannot or should not exercise greater energy and circumspection in order to raise

Resolution.

Mr. Aminur Rahman.

the level and increase the sphere of education. The object of my hon'ble friend's resolution is to create a board to assist the Government in discharging their proper function in this matter. It is not a new idea. Nearly all civilised Governments have found it to be a necessary and indispensable element for the development of education. Official management is a good thing and serves a very useful purpose so long as the people themselves are not in a position to take any part in it. But the cause of education cannot flourish unless it becomes a matter of national concern. Government departments can and do work with all the best intentions in the world. They discharge their duties efficiently in accordance with the principles laid down for their guidance. But they still remain somehow impervious to new ideas, indifferent to the new aspirations of the people, and sometimes ignorant of their new requirements. It is in order to remedy this defect in the system that a leaven of public opinion and popular control is necessary. My hon'ble friend has hinted at a dark conspiracy amongst the inspectors and deputy inspectors of schools to impede the progress of education in this country. That I am sure is not the case. These much-abused Government servants are as much the victims of a vicious system as we ourselves. We must, if we want a change in their attitude and behaviour, remove the poison from the source from which they derive their strength and inspiration. And for that purpose the people of the land must have a controlling voice in the application of the sums at the disposal of the Government for promoting public education. In Bengal such power of control does already exist, but to a degree and in a manner which probably is not quite effective and useful. My hon'ble friend has said that the 'part taken by Government in the education of the people is comparatively small and the public and the local bodies as well as private charities may reasonably claim to have taken a substantial share in fostering education in this country.' If that be so, then the official victim of my friend's non-official temper will probably wonder what was the reason of that tirade against him. He may even feel some disappointment for not having his share of credit for so admirable an achievement. I am not prepared to argue with my friend or his official victim on this point. The fact remains that in Bengal the people by their own exertions have fostered the growth of education. But Government grants and official supervision do play an important part in the educational effort of the province. And the grants and the power of supervision have that place in the scheme of education that the will of the Government and not the will of the people has become the more effective and important factor. It is for the purpose of strengthening, regulating or controlling the will of the Government, as the case may be, that the creation of a board has been thought to be desirable. Much depends on the nature and composition of such a Board; and on these I venture to offer some criticisms. In Bengal—I do not know of other provinces—the Muhammadans, on account of their backward condition, have been receiving a special treatment at the hands of the Government. Rightly or wrongly they insist on that. In fact, some time ago a Board was appointed for making recommendations in order to give effect to this policy of special treatment. I cannot imagine any possible arrangement except the one that at present prevails, by which either in the composition of the Board or by a rigid definition of its powers the interests of the Muhammadans as understood by them can be properly safeguarded. The Board would necessarily supersede the Director of Public Instruction and his staff in the control and management of the educational machine. It will be the real power that will direct. And if it has plenary powers for the disbursement of funds it will refuse to receive any orders from the Government. The Government can only impress their will on the Board

Resolution.

Maulvi A. K. Fazl-ul-Haq ; Maulvi Abul Kasem.

by maintaining an official majority ; but that is a condition that my hon'ble friend and his supporters will view with suspicion and alarm. If, on the other hand, there is a non-official majority. then the Government will be powerless. The Board again will not be responsible to the people as they will not control the selection and appointment of its members. In such an arrangement the Muhammadans will be at a disadvantage in pressing forward their sectarian claims. If this Board must come, and if at the same time Muhammadans must have special treatment, then a certain proportion of the funds must be earmarked for expenses for Muhammadan education. The Muhammadans will anxiously await Government's decision in this matter. But I should also tell my Muhammadan friends that the day is probably not very far off when free and compulsory primary education will have to be introduced in this country. If and when that day comes sectarian tendencies and sectarian interests will disappear and the common aspirations and common endeavour of the people will lead the two communities to grow up side by side and build up institutions worthy of a great people."

The Hon'ble MAULVI A. K. FAZL-UL-HAQ said :—

"My Lord, as regards much of what I was going to say I have been forestalled by my hon'ble friend Mr. Aminur Rahman, and there now remains very little for me to add to what he has already said. If I interpose at this debate at all, I do so because I wish to emphasise the fact that it is the earnest desire of the Muhammadan members of this Council that the activities of the proposed board should not be allowed to interfere with the recommendations made by the Committee appointed some time ago to consider the problem of Muhammadan education in Bengal. It would be sufficient for our purpose if my hon'ble friend Babu Surendra Nath Ray will make that point clear and if the hon'ble Member in charge of that department will condescend to make a statement on that point. The resolution that has been moved does not say anything as regards the powers that are to be entrusted to the board. The words that have been used are vague, and if I may say so without disrespect, wide enough to include any amount of powers being entrusted to or withheld from the proposed board. In these circumstances, it will be much better, as I have suggested, if we can get some clear indication of the purpose for which this board is going to be constituted, in order that we may have no apprehension as regards the proposals that have been made. I have nothing further to say on the subject."

The Hon'ble Maulvi ABUL KASEM said :—

"My Lord, I support the resolution that has been moved by the Hon'ble Babu Surendra Nath Ray, and in doing so, I want to make my position clear. I do not say that we want the board because the Department of Education has failed to do its duty, but because we feel that it will be of great advantage to the Director of Public Instruction himself and his colleagues to receive definite opinions from non-official Indians about the subjects of instruction as well as various other matters connected with education. The Hon'ble the Director of Public Instruction receives suggestions now and then from various sources, and one suggestion is contradictory to another, and if a board is formed he will have an opportunity of knowing that it is a well-considered proposal and that it comes from the Indian people. A reference has been made to the Muhammadan Education Committee that sat a few years ago, and I think that the Muhammadans have reaped great advantage in the matter of education by the recommendations of that Committee, and I am sure that if another board is appointed to advise Government on general education, both the department and Government will derive great advantage from its recommendations. It will be open to the Government to refuse or accept these recommendations, but they will at any rate have the advantage

of knowing what the people think. At this stage it will not be necessary for me to go into the details of the working of the board, and I think that the formation of such a board will receive both the approval of Your Excellency and the consent of the members of this Council."

The Hon'ble RAI MAHENDRA CHANDRA MITRA BAHADUR said :—

"My Lord, I have full sympathy for the resolution. The request made by the hon'ble mover is a modest one. He suggests that an advisory board be formed for the purpose to which he has alluded so very lucidly and ably. I am not one of those who have come here to find fault with to-day. I have some experience of the way in which the Education Department works with regard to primary schools. It cannot be denied, Sir, that primary schools are neglected and their management is not satisfactory. The number of boys in the primary schools is daily increasing, but who looks after them? This is a problem which has to be solved. The occasional visits or inspections by the deputy inspector or inspectors are not sufficient for the purpose. There are no managing committees to guide them, and the *guru* who is the guide and really the chief man does his work in a very unsatisfactory manner. In such circumstances, when the question of primary education is before the Council, it demands serious consideration, because much depends upon the way in which Government educate the masses, much depends upon the way in which Government look after the education of the people who are in the lower strata. We have got a university that looks after the interests of the higher class, but there is no committee to look after the lower class, and the hard-worked Director of Public Instruction may be greatly relieved if a board is formed for the purpose. It may be formed in the first instance as an advisory board. I have no confidence in the work of advisory boards in the long run, but it would be some gain hereafter if we start by forming an advisory board to look after the education of boys and girls in primary schools. Now, so far as the way in which the question has been dealt with from time to time, no effective steps have been taken, and that, my Lord, is the complaint of the people of the Presidency. We are talking about primary education, we are discussing big matters, but what effective steps have been taken? So far as the statistics I have got with me are concerned, Your Excellency will see that education has not been spread as one wishes. Therefore it is high time for Your Excellency and Your Excellency's Government to consider this large question. It is a question which cannot be discussed within a very short time, and it is better that we should start with an advisory board and relieve the Director of Public Instruction from his onerous duties."

The Hon'ble MR. M. ASHRAF ALI KHAN CHAUDHURI said :—

"My Lord, as regards the principles of the resolution I approve of it. No one can say that he is against it. As a representative of the Muhammadans, I would just like to mention here that our interests, the Muhammadan interests, should be safeguarded, that is all that I want to say. There was an Advisory Board for Muhammadan Education; they have made their recommendations to the Government. What will happen to their recommendations? This new board is not bound to take their recommendations: that means that so much labour is lost. There is vagueness about the composition of the advisory board. We have got here an Assistant Director of Public Instruction for Muhammadan Education; we have got assistant inspectors especially for Muhammadan interests. If the advisory board have the control of the funds, they will have everything in their power. Supposing we want a school or a college where the Muhammadan population preponderates; is there an assurance that we shall have that school or college? I would ask my Hindu friends not to misunderstand me, but I am saying this

Resolution.

Sir S. P. Sinha.

because last year in this Council, when only Rs. 100 a month was wanted, my Hindu friends did not vote for it. We want to be sure of our own ground, and if we get an assurance, we will support the resolution."

The Hon'ble SIR S. P. SINHA said :—

"My Lord, I regret that I am unable to accept this resolution on behalf of the Government, not because we do not want or that we are impatient of any advice that we can get from non-official gentlemen in educational matters, but because the method by which it is proposed to offer such advice is not likely to be of any practical benefit. On the contrary, I apprehend that it would lead to much friction and certainly great delay. Before I discuss the resolution itself, might I ask the House to bear with me for a moment when I remind them as to the existing condition of things. We have already in every district, except Darjeeling and the Chittagong Hill Tracts, an education committee, composed of officials and non-officials attached to every District Board, who are supposed to assist the board in the administration of primary and middle schools in the district. As regards high schools, both Government and aided, they are managed by inspectors with the assistance of managing committees in which non-officials are represented ; therefore throughout the country, in all the districts, you have primary, middle and high schools managed and supervised with the assistance of local committees consisting of officials and non-officials. When big general questions arise affecting matters of education and affecting the province as a whole, as for example the question of Madrassa reforms, the question of Sanskrit education, the question of the curriculum for the education of Hindu girls, affecting the province as a whole, or large communities, involving matters of principle, they are referred to special and temporary committees of persons who possess expert knowledge or are specially interested in such matters. Such committees, I venture to think, are far more competent to deal with the questions referred to them than any permanent advisory board can ever be. I have described, to begin with, the existing condition of things, in order to show that a large part is taken, and what a large part can be taken, by non-official members of the public in the solution of educational problems and also in the management of educational institutions. What it is that it is proposed to substitute in its place by my hon'ble friend ? A central permanent advisory board which he hopes in course of time will develop into an administrative board. I ask, is that a practical way of offering advice to begin with—I will deal with the administrative part later on,—of offering advice to those in the Government whose duty it is to supervise education ? This central board sitting in Calcutta will have to deal with thousands of schools, because hon'ble members will remember that in Bengal there are more schools, at least more high schools, than there are in all the other provinces taken together. There are more high schools in one subdivision in the division of Dacca than there are in the whole of the United Provinces, excluding the bigger towns. I mention this in order to show how large the question is, and what the number of schools is that has got to be dealt with. These are the schools which my hon'ble friend thinks can be administered or at any rate advised upon by a body sitting in Calcutta. My learned friend has not attempted to tackle what I feel is a very thorny question—the constitution of this board, and my friends the Hon'ble Maulvi Fazl-ul-Haq and the Hon'ble Mr. Aminur Rahaman and others who have spoken with regard to it have made it sufficiently clear to those who did not know it before, that the moment you begin to decide who the members of it are to be in the province where 52 per cent. of the population are Muhammadans, you are at once confronted with the difficulty as to what the proportion should be between Hindus and Muhammadans.

Resolution.

Sir S. P. Sinha.

"On the last occasion, when my friend gave notice of this resolution, amendments were proposed on behalf of Muhammadan members of Council, one of which asked that the proportion should be half and half, and another that there should be always a majority of Muhammadans on this board. The moment you begin the practical question of what the constitution of the board should be, you meet with difficulty, and that of course is a serious difficulty. You cannot ignore the Muhammadan influence in what is sometimes called a Muhammadan province. Apart from that—I do not desire to-day to lay great stress on that point, although it is important in all conscience—but apart from that, how many members are you going to have on this central board? You must have the mufassal represented. It follows therefore that, having regard to the large area, there must be a fairly large number of representatives on this permanent body. How often are they going to meet, how are we going to meet the expenses of their travelling to and fro? During what months are they to sit with a Government which is more or less peripatetic? Now, these are practical questions which my friend has not endeavoured to deal with at all. But the moment you come to ask for a board you are met with these difficulties. Therefore, as I say, it is far more beneficial to have committees *ad hoc* when any big questions arise. Committees appointed for the purpose of advice with regard to a particular question or questions are far more likely to be beneficial than this advisory body, which it will be difficult to convene and almost impossible to deal with, and it will certainly be extremely expensive, out of all proportion to the benefit which is likely to be derived. Are we going to have one joint board both for Hindus and Muhammadans? What will happen to the recommendations of the Board of Muhammadan Education with regard to matters on which they have already advised the Government? I feel therefore that it is bound to lead to friction.

"I have endeavoured to deal with the difficulties of the constitution of the board. Hon'ble members who have spoken before me have pointed out that the resolution is vague with regard to what the functions should be. With all respect to my hon'ble friend, I venture to go further and say that the resolution is absolutely silent on the question of the functions to be performed beyond the word 'advise.' Advise on what? Let us take the instances mentioned by my hon'ble friend. The question of curriculum. Is that fixed by the Director of Public Instruction? Certainly not. The text-books, are they fixed by the Director of Public Instruction? Certainly not. The distribution of funds, is that done by the Director of Public Instruction? Whom then are they to advise—this board that he proposes to constitute? It is not as if it is going to put the office of the Director of Public Instruction on commission as it were; it is going to advise the Government on definite points. Now, let us take these three points of curricula, text-books and distribution of funds. For the text-books, the curricula is laid down by the Government and with the advice not only of the Director of Public Instruction, but of all educational officers and on the recommendations of different local boards. With regard to the text-books, there is a Text-book Committee, and all that they can do is to recommend to the local bodies as to which of these books they will adopt, it being open to local bodies to adopt such text-books as they please, subject only to the supervision of the Collector of the district with regard to non-educational matters. So, it is the local bodies who have got the largest voice both in regard to the question of curricula and text-books. With regard to the distribution of grants, the argument seems to have proceeded on the basis as if the Government or their officers were sitting on a chest full of money and refusing to open the lid and bring the money out. Are these the facts? Is it not a fact that the Government are spending over and above what they get out of the allotment of the Government of India and out of Provincial revenues? How are the

Resolution.

Sir S. P. Sinha.

assignments made? With regard to primary schools the Director of Public Instruction does not make the assignment. It is ear-marked every year by the Government of India, so far as primary education is concerned, as to how much is to be spent for this purpose. We have to send up to the Government of India a detailed scheme as to what we propose to do,—as for instance we can spend a lakh of rupees in giving a rupee more a month to teachers in primary schools who are only getting Rs. 2-8 now. Even a rupee in that manner means a large sum of money, but unless we go up to the Government of India, and unless they sanction it, we cannot spend it. It is the Government of India who will have to sanction it. We are all anxious to obtain the advice both of members of this House and people outside. It is for them to come and tell us, 'Do not give the rupee to the teachers, but do something else,' but we have got to go up to the Government of India before we can spend a farthing out of the grant that may be made for the purpose of primary education. Now let us take the case of secondary schools. Whatever is given, either out of the Imperial grant or out of Provincial revenues, as grants-in-aid for secondary schools, is distributed not by the Director of Public Instruction but by the inspectors on the spot, and for that purpose they have got to find out the needs of different local schools entering into most delicate negotiations for the purpose of making the money in their hands go as far as it can, and taking care also that the whole of the money given to them for this purpose is spent and not a farthing remains. Therefore, when my hon'ble friend says 'they do not want to spend the money, they are unsympathetic,' one would think that the money went back into the Government coffers. Nothing of the sort, they are spending every farthing of what they have got and they are continually asking for more, and we have not got the money to give them. That is how the case stands with regard to secondary schools. Is the board sitting in Calcutta to determine as to what schools in Jhalakati or Noakhali or somewhere in the wilds of Chittagong are to get how much out of Imperial grants or Provincial revenue? Who is the best advisory body with regard to that? The inspector on the spot or the central body sitting in Calcutta? I think a statement of facts like this ought to be sufficient to show that practically it will not lead to any benefit, but it will cause much delay, and as between different communities, possibly lead to friction. It is for these reasons that I venture to think that it will be inadvisable to have a permanent standing committee or board for the purposes of advising Government.

"Let us follow oftener than now the practice of appointing special temporary committees to deal with particular questions which arise from time to time. As I mentioned, the committee for Hindu girls' education, the committee for Sanskrit education, the committee for Muhammadan education, all these committees have done useful work, and if we want advice on specific matters, that is the best way of getting it.

"One word I should like to say with regard to my hon'ble friend's hope of this advisory body developing later on into an administrative one. Is that a practical idea? Can administration be carried on by the kind of body that he contemplates? It is like asking Parliament to be an administrative body. Parliament legislates, but you cannot make Parliament an administrative body. You cannot expect a large body consisting of two or three hundred members coming from all parts of the country to administer the primary and secondary education of the province. May I also remind my friend of another fact, viz., that he is really proposing to go back now to what it was in the beginning—when education began to develop in this country? As my hon'ble friends know, the history is this. We began somewhere about 1823. There was a general committee of public instruction, consisting of Government officials residing in Calcutta. That is how it began—with a general committee of public instruction. Government had

nothing to do with education then. In 1835 one or two non-official Indians were added. In 1842 educational institutions were for the first time brought under the direct control of Government; but still with a Council of Education with important advisory and administrative functions. It was not till 1854 that under a despatch of the Directors of the East India Company the Department of Public Instruction was constituted as a portion of the machinery of Government in the different provinces. So we began with an advisory body, and it has developed into a strong central department. I venture to think that the line of future development must be that which the Decentralisation Commission has laid down and which has been accepted by the Government of India—that the true line of development must be not in the multiplication of boards and committees at headquarters, but in the evolution of responsible local authorities working under the guidance of a strong Educational Department. That, I submit, is the proper line to follow, and in the meantime, I am sure both individually as members of the Government and collectively as the Government themselves, we shall at all times be willing to welcome and receive such advice as we receive from members of the public, both in this House and outside, official and non-official, in all matters of education. My experience is very short, but I can assure hon'ble members that during this short time that I have been in charge, I have been not only willing but anxious to receive suggestions as to all matters educational in which they desire to have their say.

"I cannot finish without rebutting on behalf of Government some of the unmerited strictures which the Hon'ble Babu Surendra Nath Ray was pleased to pass in regard to inspecting officers in the mufassal. I think Mr. Aminur Rahaman has already dealt with them, but still as a member of Government I am bound to point out that they are unfounded. In the first place, the hon'ble mover disregards the fact that the majority of the inspecting staff are Indians. All district inspectors and sub-inspectors are Indians. It is only the divisional inspectors who are members of the Indian Educational Service. One of them only belongs to the Provincial Educational Service. And so far from it being the case that they are recommending schools to be abolished or funds to be withheld, the Government are flooded with recommendations by these gentlemen for the grant of more money to schools under their supervision. They have nothing to do with disaffiliation of schools. The University have no inspectors of their own and use these inspectors for the purpose, and they make their reports both as regards the staff and buildings, and if the University chooses to consider that they are not sufficient for the purpose of affiliation, I think it hardly fair that these inspectors should be blamed as being unsympathetic. Everybody is agreed that more should be done for the promotion of education of all descriptions, primary, secondary, collegiate and so on, but we have not got the money for it. The financial trouble is the great trouble. We hope that some time or other at any rate, when the financial stringency is over, there will be available more money, with which shall be able to put into operation some of the many schemes which Mr. Hornell has got ready.

The Hon'ble DR. DEBA PRASAD SARBADHIKARI said:—

"My Lord, as pointed and ungenerous reference has been made to the work of inspectors in connection with University inspections, I would be failing in duty if I were not to give willing testimony to the general excellence of the work. As the Hon'ble Sir S. P. Sinha has told the Council, the University has no inspectors of its own, and we have to deal with a very large number of schools. I think we could not possibly deal with them without the assistance we receive from Government inspectors. Their reports come before us and in that work we are assisted much by the Hon'ble Mr. Hornell. Sometimes inspectors are indiscreet and we have to check them.

Resolution.

Babu Surendra Nath Ray.

It has been said that, in rare instances, inspectors actively assist the schools. But my knowledge is to the contrary, and that many of the schools are ever so much better to-day than they were some years ago, is due to the whole-hearted co-operation of these inspectors. Reference has also been made to the interference with admission of free students by Inspectors on the supposed ground that they do not affect the situation at all. Under University rules indiscriminate freeships very much affect the situation, and if the number of these students exceeds a certain proportion, the finances of the school are much jeopardised for our number limit is strict. As regards supposed rapid disappearance of secondary schools, I thought so long that the charge against us was quite the other way and that we did not withdraw recognition from our secondary schools as often as some zealous inspectors desired. The whole idea of the University is to make the schools better with the available materials at the disposal of the University and the public and the Government to nurse them in short and to await better times and when inspectors attempt to start a contrary policy, they are not supported and will not be supported. As regards the merits of the resolution, I am, however, free to say that there is much in it that commends itself to me for obvious reasons, but after Sir S. P. Sinha's reply, I am not prepared to support it as it stands."

The Hon'ble BABU SURENDRA NATH RAY said :—

"MY Lord, I have only a few words to say with reference to this resolution in reply. First with reference to what my Muhammadan friends have said with reference to this resolution, I think if such a board were ever to be constituted, the interests of the Muhammadan community ought to be properly safeguarded, and if it is necessary for the education of the Hindu community, to spend money, I shall be the first person to support the Government in giving more money for the education of the Muhammadan community. Probably no man with any sense of responsibility will ever think of opposing Government if Government were to grant larger sums for the education of the Muhammadans. Nor is it my intention to interfere with the present arrangements by which the Muhammadans are getting a substantial amount of the Government grant. That was never my intention when I sent in my resolution for the proposed board. Then it has been said that I am not very definite as regards the questions to be considered by the proposed Board. Though Sir S. P. Sinha has said that they are vague, still he has met my argument and said that they were for the settlement of curricula and text-books, etc. These questions he has touched, and these are the questions which I want to be considered by the proposed Education Board. Then as regards the constitution of the board, if it is necessary that there should be an equal number of Hindu and Muhammadan members, I have no objection to that. Then the hon'ble member in charge has said that there are already education committees in every district attached to the District Board. What are their functions? A certain amount of money is allotted to the District Board by Government and they advise on that amount, but as a matter of fact large grants are made, both by the Imperial Government and the Provincial Government, and I want that the proposed Education Board should deal with these amounts. The District Boards have got no voice in the allotment of these grants. They do not know what the grants are, and how the amounts are spent. I know that Government spends every pice of what it gets from the Imperial Government. But how is the money spent? Not according to the advice of the public, but it is spent as the Government desires, or rather as the Director of Public Instruction wishes. Then as regards the administrative body, I have said that if this advisory body be found to be a successful body, it may hereafter become an administrative body. By administrative

Resolution.

Babu Surendra Nath Ray.

body I mean that the proposed board may have the same powers over secondary and primary education of the province as the Syndicate of the Calcutta University has over all the colleges attached to the Calcutta University. It is in no other sense that I have used it. These are, my Lord, all the remarks I wish to make."

LIST OF BUSINESS—ITEM No. 5.

The following resolution stood in the name of the Hon'ble Maulvi Abul Kasem :—

"This Council recommends to the Governor in Council that Government do take into consideration the amendment of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), and of the Bengal Local Self-Government Act, 1885 (Ben. Act III of 1885), with a view to increasing the proportion of elected members in Municipalities, District and Local Boards, respectively, and that such changes be made in the election rules as may be necessary to provide for an adequate and effective representation of Muhammadans on those bodies."

He said :—

"In view of the statement made by the Hon'ble Member in charge at the last meeting of the Council that the question of increasing the proportion of elected members in Municipalities, District and Local Boards is under the consideration of the Government, as also the question of the effective representation of Muhammadans on those bodies, I do not think it necessary to move this resolution. I therefore withdraw it."

The resolution was then, by leave of the President, withdrawn.

LIST OF BUSINESS—ITEM No. 6.

The Hon'ble MAULVI ABUL KASEM moved the following resolution :—

"This Council recommends to the Governor in Council that necessary action be taken with a view to allowing the members of the Provincial Judicial Service privilege leave on full pay as is granted to the members of the Provincial Executive Service."

He said :—

"My Lord, resolutions have been moved in this Council from time to time which ask for some special concession for the members of the Provincial Judicial Service. They received sympathetic attention from the hon'ble members in charge, but we are always told that the matter will be taken into consideration when we consider the report of the Public Services Commission. In this resolution I ask for only a small concession. The members of the Judicial Service are classed as officers who enjoy vacation, and therefore are not entitled to privilege leave on full pay as enjoyed by the members of the Provincial Civil Service and other services. In this connection I beg to submit that the members of the Judicial Service have got to do very arduous work from 10 to 51, recording evidence in civil cases, without any recreation, and at night and in the morning they have to write judgments in regard to these cases, and naturally they break down in health, but under the present rules they cannot avail themselves of privilege leave because they cannot get it on full pay. In these hard days it is very difficult for a man of limited means to forego a portion of his income and thus these members of the Judicial Service go on without taking leave, until they are compelled by sickness and cannot rise from their beds. Naturally they suffer in health and also in their capacity for good and useful work. It is said that they enjoy a vacation. They only get about 30 or 31 days' leave in the year. The members of the Provincial Executive Service also get 17 days and besides that the members of that service in the mufassal get 12 days for the last Saturdays. Besides that the work of the Deputy Magistrates is not of a sedentary character as that of the Munsifs. I think it would be bare justice to the latter to grant them privilege leave on full pay and thus allow them to recoup their health, and to make themselves more fit to bear the strain of the arduous nature of the work they have got to do. They do brain work of a far superior character than that required of a Deputy Magistrate who only goes touring in the interior of the district, and whose work is not of such a serious character as that of writing judgments involving serious technical points of law and procedure, and therefore I think Your Excellency's Government should consider this matter even before the report of the Public Services Commission is taken into consideration. I am afraid the case of the Judicial officers was not pressed very much before the members of the Public Services Commission, at any rate the Commissioners have not dealt with that branch of the service with that care and concern which it certainly deserved. There is no harm in approving this resolution which would lead us to hope that this matter will be duly considered and that there is a prospect of these officers getting leave. At one time it was suggested that they should forego their vacation, and even if that

Resolution.

Maulvi Abul Kasem ; Sir Henry Wheeler,

is done, they would prefer it than get leave for 13 days more and call it a vacation. With these words I commend the resolution to the House."

The Hon'ble SIR HENRY WHEELER said :—

"My Lord, the Hon'ble Member has raised a point which concerns the interests of a deserving body of public servants, but with every wish to give it due consideration we must be careful that, in our desire to be generous, we are not being extravagant.

In the first place, the rules involved in this matter are not those of the Local Government, but of the Civil Service Regulations, which means that with the best will to help we could not do more than submit the case to the Government of India, who in their turn will judge it on considerations not only touching Bengal but as affecting the whole of India, while even should they accept the case as established, they can only represent it to the Secretary of State by whose orders it will be decided.

The Hon'ble Member has only referred cursorily to the present position, and I may perhaps explain in further detail the facts regarding those officers who enjoy vacations; these are subordinate judicial officers, Educational officers, and some officers of the High Court. In consideration of the vacation which is an incident of their service they are not ordinarily allowed privilege leave on full pay, but in case of urgent necessity they can get privilege leave on half pay. If, however, for any reason they are unable to make use of the vacation, they may take privilege leave on the usual terms, that is to say, on full pay. That is the actual position, and in justification of it—it is a matter of long standing—it is perhaps simplest to read the reasons which our predecessors gave when they framed these rules in 1880. There have been minor modifications in the rules since, but in their main features they remain the same. It was then said that—

'Privilege leave is granted as an occasional relaxation which officers who enjoy regular departmental vacations do not require. At the same time if privilege leave were not allowed at all to such officers they would be, in some respects, at a disadvantage as compared with other officers. The effect of the changes now ordered will be no doubt to some extent to deprive officers of the enjoyment of both vacation and privilege leave at the same time. But the privileges of an officer who enjoys vacations will, it is believed, be fairly comparable with those of other officers. He will not, like them, have any option as to the season at which he may take a holiday, but to make up for this, he will usually enjoy somewhat longer holidays than other officers.'

The gist of that argument is that the rules represent a fair working compromise as to the amount of leave which could properly be allowed to subordinate judicial officers in comparison with those in other services. I admit that the compromise is open to criticism in some degree, and since 1880, when the rules were first framed, they have been re-examined on no less than four occasions, once in 1898-99, in 1904, in 1906, and finally in 1914, when various discussions took place as to feasible amendments. The amendment which the Hon'ble Member advocates has been put forward among others, but as against it. I can give him a good authority, namely, that of the Calcutta High Court, which throughout has urged the claims of these officers, with whom, of course, the Hon'ble Judges are closely concerned.

In their latest letter on the subject the High Court wrote, saying, 'the Judges are not prepared to identify themselves with the demand that the full term of 30 days should be on full pay, since they recognise that this, together with the vacation, would place the munsiff in altogether too good a position as compared with the Deputy Collector and indeed with the District Judge.'

I think, Sir, that this may be accepted as an authoritative pronouncement by those who are in a position to gauge the merits of the matter. Other

alternatives that have been suggested are that one month's leave in two years should be allowed, or again that 15 days should be given every year, the general ideas underlying the number 15 being that out of the 30 days of the vacation about 14 or 15 days are enjoyed by all officers, and therefore judicial officers really only score by the vacation to the extent of 15 days.

However, although these solutions have been represented in various quarters we have not hitherto been successful in coming to an agreement about them. The matter has been judged in other places on considerations which are rather wider than provincial arguments, and it has been thought that, taking the conditions of the service as a whole, the present rules are not inequitable and may be allowed to continue.

So much for past history; as regards the future, although the Hon'ble Member seems to dislike the idea of dealing with the matter in connection with the Public Services Commission, it is obvious that that report will bring under review the conditions of most services and incidentally of the subordinate judicial service. We shall, therefore, take up this point up again along with other points affecting the service, and see whether we can get any modification of the rules on slightly more liberal lines. That is the only hope that I can give to the Hon'ble Member, but as regards his particular solution, I can hold out little expectation of its acceptance. Otherwise we will do our best to see to what extent the wishes of these Government servants can be met."

The resolution was then, by leave of the President, withdrawn.

LIST OF BUSINESS. ITEMS NOS. 7 AND 8.

The discussion of these items was postponed to the end of the business on the Agenda.

LIST OF BUSINESS. ITEM NO. 9.

The following resolution stood in the name of the Hon'ble Babu Brojendra Kishor Ray Chaudhuri :—

"This Council recommends to the Governor in Council that steps be taken to introduce a system of regular medical inspection of students of schools and colleges; and that a committee of officials and non-officials be appointed to suggest the lines on which such system should work."

He said :—

"In view of the present financial condition, I beg to withdraw this resolution."

The resolution was then, by leave of the President, withdrawn.

LIST OF BUSINESS. ITEMS NOS. 10 AND 11.

The Hon'ble MR. PROVASH CHUNDER MITTER moved the following resolution :—

"This Council recommends to the Governor in Council that a mixed Committee of officials and non-officials be appointed for the purpose of framing definite proposals for making a beginning towards the introduction of free and compulsory elementary education throughout the Presidency and that the said Committee be requested to report *inter alia* with special reference to the following points :—

(*a*) whether the school-going age should be fixed between the years 6 to 10;

(*b*) what would be the total cost of providing such education ultimately for the whole of the Presidency and how such cost can be met;

(*c*) what would be the total cost of providing such education for the areas within the Presidency which fulfil the following conditions, namely :—

(*i*) density of population more than 1,000 to the square mile ;

(*ii*) literacy of at least one-third of the population ; and how such cost can be met for such areas ;

(*d*) whether powers should be conferred upon self-governing local bodies (Municipalities. District Boards and Village Union Committees) to introduce at their option and with the sanction of the Government such education within their jurisdiction ; and

(*e*) whether the Government should introduce a Bill for obtaining the necessary powers, or whether such Bill should be introduced as a private Bill."

He said :—

"My Lord, the Government has laid it down as their policy 'that illiteracy must be broken down and that primary education has, in the present circumstances of India, a predominant claim upon the public funds.' This policy represents the accepted policy of the Government of India and is no longer open to discussion. Therefore, I may take it that it is acceptable to this Government that illiteracy must be broken down and that primary education should have a predominant claim upon the public funds. On the other hand, the popular demand has been that primary education must be made free and compulsory. To this Government has laid down two objections—one financial, and the other administrative, the chief objection on administrative grounds being, so far as I have been able to follow, the apprehension that the measure will be unpopular. Therefore, on the general aspects of this question we have to bear in mind the financial and administrative ground.

As regards the financial ground, I have suggested a committee, because it is only by an investigation that the question of finance can best be dealt with. When the Government agrees on principle, that illiteracy must be broken down and that primary education should have a predominant claim upon public funds, the difference between the popular demand so far as the question of finance is concerned and the Government ideal is not very great. So, if there be co-operation between the popular representatives and the Government in this matter there should be a joint investigation, and in that hope I have asked for a committee ! I fully appreciate that a committee is not necessarily the only means of investigation. I am keen on the point about an investigation and an investigation is what I mainly want.

Now, I propose to deal very shortly with the financial question involved in this matter. In order to save time, I desire with your Excellency's permission, to circulate certain statements* to Hon'ble Members of this Council. They will find from table 3 of the statement that in our province of Bengal out of the total sum of 37 lakhs and odd spent on primary education, only 2 lakhs and 21 thousand is found by Government, the balance of 34 lakhs and odd being found either by the District Board or by fees paid by the pupils or from private funds. If Hon'ble Members will kindly compare the statistics in Bengal with those of Bombay and Madras they will find that out of the total sum of 54 lakhs and odd spent on primary education in Bombay, a sum of 30 lakhs is paid from provincial revenues : in Madras out of a total sum of 34 lakhs and odd spent on primary education, provincial revenues provide only 10 lakhs and odd. Further in Bengal 17 lakhs and odd are paid from fees, whereas in Bombay and Madras only 4 lakhs and odd are so paid. These figures indicate that Bengal has not

* Not printed in these Proceedings.

been fairly treated. I have no complaint to make with the Government of Bengal, because I know this contribution depends upon the Government of India. I dare say if the relative expenditure of the different Governments are duly brought forward, we may well expect a change for the better, especially as the Government has laid down that primary education has a predominant claim upon the public funds. There is another aspect of the question with which I should like to deal. In the Presidency of Bombay, a private Bill has been introduced and in that Bill power has been reserved to introduce compulsory primary education within Municipal areas. It may be quite possible for the far more prosperous mofussil municipalities of the Bombay Presidency with their numerous manufacturing towns, with their large octroi revenue, with the large grant of 17·1 per cent. from Government towards municipal expenses and also with the large grant of Rs. 30 lakhs and odd from Provincial funds for Primary education, to have compulsory primary education in municipal areas. But look at the general conditions of the municipalities of Bengal. As regards population, if Hon'ble Members will refer to table 4 they will find that in the Presidency of Bombay there are 4 municipalities which are classed under class 1, that is to say, the population of which is more than a lakh and the highest population is that of Ahmedabad with 216,777 and the lowest of this class is Surat with 114,000. Of this class in Bengal we have only the town of Dacca with a population of 108,551. I have advisedly left out Howrah as the conditions there are the same as in the presidency town of Calcutta. In Bombay there are 4 municipalities which are classed under class II with a population of more than 50,000 and less than one lakh. In Bengal practically there is no municipality with a population of more than 50,000. There are only two municipalities with a population of 50,000, one, Maniktola which I have not included, because the conditions there are the same as in the presidency town of Calcutta; and the other, Bhatpara, which is a mill municipality, the conditions of which are quite different from those in other mofussil municipalities in Bengal.

If we want to solve the question of primary education merely by the imposition of an additional cess in municipal areas it is not likely to succeed. The chief municipalities are the district towns, and we all know what they are. They merely mean a collection of houses for residence of a number of officers and pleaders and perhaps a few houses of zaminders with no manufacturing industries but with only agricultural fields surrounding these towns. As we all know, nearly all our mofussil municipalities are poor; so the analogy of municipalities in Bombay is hardly fair to be applied to the municipalities in our province. On the other hand I can well claim for Bengal that out of 37 lakhs which are now being spent for primary education, Bengal has shown a good deal of self help. She has been spending over 34 lakhs and as compared with other provinces if she gets the same assistance as the other provinces are getting then if compulsory education cannot be introduced throughout the whole Province, it is quite possible that it may be introduced into the more populated portions of the province. If Hon'ble Members will turn to the second table, they will find certain calculations. I admit that these calculations have been prepared merely as a basis for discussion and may not be accurate. Hon'ble Members will find from the calculation what will be the probable cost if we take up such towns and villages where the population is more than 1,000. The total population of such towns and villages is 17 millions in all out of the total population of Bengal which is 45 millions. Out of this 17 millions, the percentage of population of male children between the ages of 5 and 10 amount to 174,000 old. Now the question has got to be discussed as to what should be the course of primary education should it be 3, 4 or 5 years. There are different systems prevailing in different parts of the world. As compulsory primary education has not been introduced into any British province in India, it is a question which requires very careful consideration, and, that is an additional reason why I ask for an enquiry. I have only for purposes of calculation and for no other purpose suggested a

3-year's course, and on that basis I find that the total number of pupils to be educated will be 6,44,492. We already educate about 11 lakhs out of 45 millions, that is to say, in order to introduce compulsory primary education for areas with a population of more than one-third literates the total we require to educate will be 13 lakhs and odd. These 11 lakhs we are already educating do not all come from places with a population of 1,000 and one-third literacy. If we work it out, we find that 17 out of 45 millions give 4 lakhs and odd for the areas so populated. I have taken the statistics only for males. Another point for inquiry will be whether we should include female children. Taking these figures for males only I find that we shall have to educate 13 lakhs in place of 11 lakhs we are now educating, or in other words, in addition to the sum of 37 lakhs, we shall have to spend a sum of 45 lakhs which means an addition of 9 lakhs. The question arises where is the money to come from? I have no doubt that there is no chance of any money coming until the war is over and until better times return. I would remind Hon'ble Members that the Royal benefaction for popular education is in our hands and it amounts to 3,70,000. There is a further recurring grant on account of the Royal benefaction of Rs. 17,38,000 for education generally. So that we have Rs. 3,70,000 ear-marked for this purpose and out of the 9 lakhs which we want if we deduct this sum of Rs. 3,07,000 so ear-marked, their remains a balance of 5 lakhs and 30 thousand, and the balance of Rs. 4,30,000, I submit to the Council, ought not to be difficult to be found from the said 17,38,000, which is no doubt not meant specially for primary education but meant for education generally. I do not desire to tire the patience of the Council at this hour by going into further details, but I would like to submit generally that the question is of very great importance and its importance is also admitted by Government. I do not ask in my resolution that the Government should accept the principle of free and compulsory primary education all at once; all that I ask for is an inquiry and I beg to submit that the inquiry will not be complete unless it is directed to the various heads that I have submitted in the resolution. Neither the Government nor the people will lose anything by this inquiry, on the other hand it will clear the ground for action. Even if it is decided that the Government cannot take up popular education in its own hands. I submit the Government should not refuse an inquiry. With these few words I commend my resolution to the acceptance of the Council."

The Hon'ble MR. K. B. DUTT moved by way of amendment that, at the end of the resolution (item No. 10), moved by the Hon'ble MR. PROVASH CHUNDER MITTER, the following be added, namely,

"and

that the said reports be submitted on or before the first week of February, 1918."

He said :—

"In case the original resolution is not accepted by Council, then of course the question of the amendment does not arise at all."

The Hon'ble MR. P. C. MITTER said :—

"With Your Lordship's permission, I beg to say that if the question of an amendment arises, I have no objection to accept it."

The Hon'ble SIR S. P. SINHA said :—

"My Lord, it is because I am in hope that my hon'ble friend will be able to accept my assurance that I speak before any other member has spoken on this resolution. My hon'ble friend has himself said that the Government have laid down that it must be their policy to strike down illiteracy. My hon'ble friend further admitted that so far as finances permit, we do foster primary education throughout the country. All the same, it is unfortunately

the fact that primary education has not been developed nearly as much as it ought to be, and that the Government and the people are equally anxious that in the near future, development must proceed at such a pace as to bring within view the day when there will be little or no illiteracy in this country. It is necessary for that purpose that we should know the position in which we are, that is to say, to have an inquiry of the kind that my hon'ble friend has suggested, so that schemes may be framed and policies laid down by which all our desires may be attained. I say therefore at once that the Government are in favour of an inquiry, an inquiry, *e.g.*, as to how many schools there are, how many more there should be in each district or subdivision, or union, and the kind of buildings there ought to be, how much money is being spent now, how much more ought to be spent, whether gradually or at once, how much on buildings, and how much on the actual work of teaching and so forth. For this purpose many figures are already available, but they are neither full nor complete; therefore we accept the principle that there should be a survey and inquiry, a survey of the whole educational field as regards primary education. How is that survey to be conducted? The Hon'ble Mr. Mitter suggests a committee. I commend to the consideration of the House whether a committee is likely to be the best agency. There are schools in the most inaccessible parts of the province, and you will have to find out from each district, subdivision, thana and union, as to what provisions there should be, what the cost is likely to be according to locality, what pay should be given to teachers. It is impossible to my mind that such a survey as that should be held by means of a committee, however, much the committee may be anxious to make those inquiries. Government therefore propose that a survey for the purpose and of the kind that I have mentioned should be held forthwith and concluded as soon as possible, so that both the Government and the people may know the exact position with regard to primary education. What action should be taken when the survey is made and the report is drawn up, I will not venture to prophesy now. It will be for the Government to consider what steps ought to be taken and what steps it can take according to its financial position. It will be equally open to Hon'ble Members to suggest by means of resolutions or otherwise what course Government ought to take after that report has been laid on the table for their information. I cannot say anything more than that. The object which my friend has in view is that after such inquiries have been made, it will be for consideration as to how far primary education can be made free, how far it can be made compulsory and whether it can be made free. I can promise, however, that the survey will be made by an experienced officer, and though he can not go to all those places, he will check and supervise the work in the locality done by district inspectors and the actual staff on the spot. I have every reason to hope that this survey will be very useful. That is all I can assure my hon'ble friends. There is, however, one matter. There is an obvious error and it is an error so against Government that although it is not very material or relevant at this stage, I should like to point it out. I think my hon'ble friend said that in 1915-16—out of 37 lakhs now spent on primary education only 2,21,000 were found by the Government. I do not know where he gets his figures from, but the figures which I have before me show that out of 37,40,000 odd, the total amount expended on primary schools for boys in 1915-16 was 16,38,523 coming from public funds, such public funds consisting of Government grants, whether Imperial or Provincial, as well as Municipal and District Boards, which of course are also public funds. To class them under any other head would be incorrect. Public funds therefore supply about 16 out of 37 lakhs and not merely 2,21,000—the smaller sum which my hon'ble friend has suggested. It is of course immaterial now to go into these figures which may or may not be correct, nor would it be profitable to institute comparisons with other provinces as the circumstances are different. But I know some of my hon'ble friends present have often, within the short time that I have had to do with the Education Department, been asking for money for collegiate and university education. Government has not got the money for both certainly. They not only asked for it, but

sometimes they got it. You cannot complain, if you have got the money for collegiate education, that you did not get more for primary education. But I again venture to say that these are matters which are hardly relevant having regard to the enquiry which I propose to make on behalf of Government."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"I have listened with considerable attention to the reply of the Hon'ble Member in charge and I gratefully acknowledge the sympathetic way in which he has received this question. I understand from his observations that the Government are prepared to undertake an inquiry into the matter at once, perhaps on the lines indicated in the motion of my Hon'ble friend, but My Lord, I am not sure when the inquiry is likely to be finished. I speak from a little personal experience that we had in Calcutta. For the last four or five years the Corporation of Calcutta have been urging upon the attention of the Government the need of devising some means for promoting primary education in Calcutta on a satisfactory basis. Mr. K. C. De and after him Mr. J. N. Roy were deputed to inspect the primary schools for boys and girls in Calcutta. They submitted a report which was forwarded to the Corporation of Calcutta for their views and also to ascertain how far they were willing to co-operate with Government in this matter. About May last year the Corporation submitted their reply to Government on the subject. Since then, I understand the matter is still being inquired into. I do not know when that inquiry will be finished. Of course we fully acknowledge that both the Hon'ble Member in charge of Education and the Director of Public Instruction are anxious to promote primary education not only in Calcutta but throughout the province, but My Lord, not being in the confidence of Government not only myself but many people in Calcutta are wondering how long it will take to finish the inquiry. Therefore as mattters at present stand the condition of the primary schools in Calcutta is not only in a deplorable condition, but I may say in a condition which should not be tolerated even for a day. If our Hon'ble colleagues, Mr. Hornell and Sir S. P. Sinha would be pleased to visit some of the *pathsalas* in Calcutta, in company not with any Municipal Commissioner, but with the Chairman of the Corporation, in some of the *bustees* in my ward, they will see at once that no further time should be lost in finishing the inquiry and making some recommendations. Therefore I think we are entitled to know how long it will take to finish this inquiry. The resolution as far as I can understand is for the purpose of framing definite proposals for making a beginning towards the introduction of free and compulsory education throughout the Presidency. As appears from the resolution, this committee is wanted to make definite proposals on the basis of the result of an inquiry that will be made. It is being freely declared not only here in India but also in England that the British Government wants the assistance of the people of this country in the administration of their own country. My Lord, in this matter the people are anxious to be associated with the Government. I do not mean to say that the committee if appointed will go from door to door, from village to village, and make a tabular statement. That will no doubt be done by a special officer who may be deputed by Government in connection with this matter, but when he will have finished his work the committee will submit its proposals to Government. I do not think that this will commit the Government in any way. The Hon'ble Sir S. P. Sinha said he wanted advice from any person desirous of offering the same. But why should he want an isolated piece of advice from a single person? Why not have a collection of advice from a number of gentlemen who are interested in the promotion of primary education, and who want to submit their views and the views of their community in a collective form? What I say is this—I do not think that this sort of advice should be refused by Government. Advice so given is much more weighty and well considered than isolated advice from private individuals. With these words, my Lord, I support the resolution."

The Hon'ble MR. P. C. MITTER said :—

"My Lord, I should like to ask the Hon'ble Sir S. P. Sinha as to the time he expects the inquiry to last and also whether it would be open to me to move that part of the resolution which deals with the appointment of a committee after we get the report. May I explain what my object is? After we get the report, we expect to get much valuable material, and we want to consider our position then, and we also want it to be open for us to move for a committee if we think that a committee will be desirable, and we want an assurance from the Government that it may not be said that the question having been discussed, the matter could not be brought up within a year."

The Hon'ble SIR S. P. SINHA said :—

"With regard to the time which that inquiry will take, I cannot give any definite assurance, but I have already stated that we will forthwith cause an inquiry to be undertaken, and I expect that with proper expedition the inquiry should be finished within four or five months. I cannot say more than that nor can I give any assurance to that effect.

As regards the second point as to moving any resolution on the report which will be made, it is controlled by the rules which prevent the same resolution being moved within the year; it is not for me to give any assurance; the matter is for the decision of His Excellency, but I have no doubt that it will receive his favourable consideration inasmuch as the resolution which will be moved hereafter will be in my opinion different from what it is now. But this is a matter as to which it is not within my power to give an assurance."

The PRESIDENT said :—

"On that point I do not think in the first place that the resolution which the Hon'ble Member would desire to move after a survey has been made would be precluded by the rules. Of course, it would not be exactly the same resolution that a committee be appointed to report, etc., etc., but he would move a resolution that a committee be appointed to consider the report made by a certain department or officer—and in any case if the Hon'ble Member desires to withdraw this motion now, I will give him an undertaking that I will, under the powers that are conferred upon me, admit, within any less period than one year, a motion to that effect.

The Hon'ble MR. P. C. MITTER said :—

"After the assurance given by the Hon'ble Member in charge and by Your Excellency, I beg leave to withdraw my resolution".

The resolution was then, by leave of the President, withdrawn.

LIST OF BUSINESS—ITEM No. 12.

The Hon'ble MR. P. C. MITTER with the permission of the President withdrew the following resolution :—

This Council recommends to the Governor in Council that a statement be laid on the table of the Council, at the first cold weather meeting, showing how far the Budget for the year 1917-18 has been adhered to or departed from during the first six months of the year, giving the reasons for such departure, if any.

LIST OF BUSINESS—ITEM No. 13.

The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved the following resolution :—

This Council recommends to the Governor in Council that a committee, consisting of officials and non-officials, be appointed to suggest measures for preventing the adulteration of food and the sale of adulterated food-stuffs in Bengal.

He said :—

"My Lord, the Ghee Bill has been passed, but it concerns only Calcutta, but we expect a wider legislation, and my motion extends outside Calcutta. I am not aware however what steps are being taken by Goverment to prevent the adulteration of food-stuffs in Bengal, and whether any legislative measure is contemplated or is expected within a measurable distance of time to be placed before the Legislative Council. I shall be very glad to have a statement from the Hon'ble Member in charge."

The Hon'ble SIR S. P. SINHA said :—

"I told the house this morning that a Bill for the prevention of adulteration of food stuffs in mufassal for the whole province is already in preparation, is in fact practically ready, and I hope to be able to send it up to the Government of India for sanction within the next month or so."

The resolution was then, by leave of the President, withdrawn.

LIST OF BUSINESS—ITEMS Nos. 7 and 8.

The consideration of items Nos. 7 and 8 was then taken up. The items were as follows :—

The Hon'ble MAULVI A. K. FAZL-UL-HAQ to move the following resolution :—

This Council recommends to the Governor in Council that early steps be taken for the establishment of an Agricultural College for Bengal, and that the said College be located at Dacca.

The Hon'ble BABU SURENDRA NATH RAY to move by way of amendment that in the resolution (Item No. 7) to be moved by the Hon'ble Maulvi A. K. Fazl-ul-Haq, for the words "and that the said College be located at Dacca", the following be substituted, namely :—

"and that a committee be formed of official and non-official members, principally of experts, to select a suitable site for the location of the College".

The Hon'ble MAULVI A. K. FAZL-UL-HAQ said :—

"My Lord, the result of having taken part in a full day's debate has given me a little headache, and as far as I can understand from the talk I had with some of my other friends on the other side of the House, I do not think there is any prospect of any active support from them in case this resolution is opposed by Government, so I do not wish to take up the time of the Council by moving it. With Your Excellency's permission I beg to withdraw it."

The resolution, with its amendment, were then, by leave of the President, withdrawn.

The President's address.

The PRESIDENT said :—

Hon'ble Members will be aware no doubt that a question has been asked with regard to the legislation which Government are prepared to undertake in the near future, and I promised in reply to that question to make a statement at the conclusion of our proceedings to-day. It may be remembered that when I was bringing the proceedings of this Council to a conclusion at the end of the last cold weather session on the 3rd April, I expressed a hope that before we met again for another cold weather session I should be able to invite Hon'ble Members to co-operate with the Government in undertaking useful legislation. I am not yet in a position to say that the hopes which I

then expressed are on the point of being completely realised, but I can at least say that they are on the way towards realisation. There are many matters of varying importance with which we are very anxious to deal, and though I am not in a position at this moment to give you a cut and dried programme of legislation I can indicate to you the matters with which we expect to be able to deal in the near future. And I can give you some idea of the prospects which there are of our being able to do so. We have already introduced and have to-day referred to a Select Committee the Bengal Tenancy (Amendment) Bill. It is of course a small measure which deals with one aspect only, and that a restricted aspect, of the whole question of Tenancy Law in this Presidency. Of other Bills which we hope to be able to introduce in the near future, the Public Demands Recovery (Amendment) Bill is now ready and will be introduced, I hope, at the first cold weather meeting of the Council. The Legislative Secretary reminds me that though the sanction of the Government of India has been received to that measure the sanction of the Secretary of State has not yet been received. I have no reason to doubt however that it will be received in time to introduce the Bill at the first meeting of the cold weather session. In itself the Bill is a small Bill, but I hope that it may prove to be a useful measure, for it is designed entirely in the interests of the co-operative movement.

Next come two Bills which are practically ready, but certain details of which are still under discussion between the Government of India and ourselves. They are the Calcutta Hackney Carriage Bill and the Bengal Disqualification Bill. The latter is a small Bill which has for its object the disqualification, with certain exceptions, of persons who are not British subjects from voting for or sitting upon local bodies.

Next, I would like to mention two Bills, the drafting of which has been completed so far as the Bengal Government are concerned and which have been submitted by us to the Government of India for their approval. These include the Darjeeling Hill-sides and Rivers Conservation Bill, the Serampore College Bill, the Calcutta Municipal Bill, and the Village Self-Government Bill. I need hardly say that the last two measures are measures of great importance which are likely to rouse wide interest. Last but not least is the Adulteration of Food Bill to which the Hon'ble Sir S. P. Sinha has already referred, a Bill upon which we are still at work, but which we hope to be able to submit to the Government of India at a very early date.

Hon'ble Members may perhaps think that this is a somewhat formidable programme and they may perhaps entertain some doubts as to whether a Bill like the Calcutta Municipal Bill comes within the category of non-controversial Bills, to the consideration of which I suppose we are still more or less restricted by the political truce. Well, the Government so far as that goes, are in the hands of the Legislative Council. If the Calcutta Municipal Bill were to prove to be a highly controversial measure, Government would be prepared to reconsider their attitude in regard to it, that is to say, if they find that it is a measure which is likely to excite great controversy, they will be prepared to postpone the further consideration or discussion of it, at any rate, so long as the political truce is in existence. But I have some hopes that it will not prove to be an unduly controversial measure; for when I first reached Calcutta the deputation from the Corporation of Calcutta which waited upon me expressed the hope that the Bill would receive my early attention and they went on to say that this is a measure which will give the city a larger measure of local self-government "and though some difference of opinion may perhaps arise when the Bill is debated, yet we see no reason for apprehending any failure to reach an amicable settlement of the questions that will be discussed;" and in reply to that representation which was made to me I said that I was well aware of the importance which the Corporation attached to the passage of the Calcutta Municipal Bill and that I was prepared to give the passage of it my most careful consideration. At the same time, I noted with satisfaction that while they anticipated some difference of opinion they at the same time saw no reason to doubt that an amicable settlement of the question would be reached.

In other words, I practically gave the Corporation a promise that if their anticipation that the Bill would not be found to be of a highly controversial nature was fulfilled, then I and my Government would do all that lay in our power to press on with the matter. That, gentlemen, is the position so far as the Bengal Government are concerned. In addition to these Government Bills, there are two private members' Bills of which notice has been given, one dealing with Juvenile Smoking and one dealing with the question of free and compulsory primary education. These are Bills of which notice has been given by private members and which will no doubt in due course come before the Council for discussion.

All I have to do in conclusion is to draw the attention of the Hon'ble Members to a notice which appears at the end of the agenda paper from which they will see that they are asked to remain in their places after the Council closes to-day, for the purpose of electing the Finance Committee. That election will take place forthwith."

ADJOURNMENT.

The Council was then adjourned *sine die*.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Cotton Crops of Bengal, 1917-18.

(Note.—On an average of the five years ending 1915-16, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

THERE are two crops—early and late. The early crop is chiefly grown in the Chittagong Hill Tracts, in the State of Hill Tippera and to a small extent in the districts of Bankura, Midnapore and Mymensingh. The late crop is grown in Bankura and Midnapore only.

Character of the season.—The weather has up to date been generally favourable for both crops except in Midnapore, where the rainfall in June and July has been too heavy. The present condition of the crop is on the whole promising.

Area sown.—The area sown with early cotton is reported to be 71,130 acres this year against 70,806 acres reported in the corresponding forecast of last year.

Of the late crop 700 acres are reported to have been sown up to date against the same figure in the corresponding forecast of last year.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 8th October 1917.

Summary.—During the week under report, there was heavy rain accompanied by storm over the greater part of the province. The fall was heavy in the western and northern parts of Bengal and generally moderate elsewhere. The recent rain has benefited the winter paddy but has retarded the preparation of lands for *rabi* crops. The steeping and washing of jute continue. The prospects of winter paddy are generally reported to be highly satisfactory. Cattle-disease exists in six districts. The average price of common rice for the province has risen by 0·47 per cent., as compared with that of the last week.

PUBLIC DEBT.

Simla, the 13th October 1917.

No. 2255F.—His Excellency the Right Honourable the Governor-General in Council has resolved to borrow funds for the public service by the issue of Treasury Bills in the following manner:—

On and after Tuesday, the 16th day of October 1917, Treasury Bills will be issued at the Banks of Bengal, Bombay and Madras in denominations of

Rs. 5,000, Rs. 10,000, Rs. 25,000, Rs. 50,000, Rs. 1 lakh, Rs. 5 lakhs, and Rs. 10 lakhs, and for terms of six months, nine months, and twelve months to be reckoned from the date of issue of the bills. The rates payable for the bills will be notified from time to time. The rates in the first instance will be—

For six months' bills—Rupees 97 annas 9 per cent.
For nine months' bills—Rupees 96 annas 4 per cent.
For twelve months' bills—Rs. 95 per cent.

2. The Governor-General in Council reserves the right at any time to vary the rates payable for any class of bills, to fix a limit to the amount of bills to be issued in any week, or to discontinue issues of any class or classes of bills.

3. The bills will be repayable at maturity at the Presidency Bank of issue.

4. The bills will be in the following form :—

"This Treasury Bill entitles _____ or order to the payment of Rs. _____ at the Bank of Bengal / Bombay / Madras out of the revenues of the Government of India on the _____ day of _____ 1918."

If the name of the payee be not filled in, the bill will be paid to the bearer; it will otherwise be payable to the payee or to his order.

5. Treasury Bills can be obtained during banking hours at the head offices of the Banks of Bengal, Bombay and Madras, as the case may be, on payment of the necessary amount by cheque, cash or otherwise.

6. Income-tax will not be deducted from the yield of Treasury Bills at the time of their payment, but the yield will be assessable to income-tax, and must be included by an assessee in any return of income or profits submitted by him for income-tax purposes. Any legislation which may be necessary to give effect to this arrangement will be undertaken in connection with the revision of the Indian Income-tax Act which is at present under consideration.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

Bakarganj.

No. 686T.M.—The 11th October 1917.—The Commissioners of the Nalchiti Municipality, in the district of Bakarganj, having recommended at a meeting held on the 9th March 1917 that a local area, viz., portion of Khoja-khali village which is contiguous to the Municipality and the boundaries of which are hereinafter described, should be included within its boundaries, the Governor in Council is pleased, in exercise of the powers conferred by clause (*c*) of section 9 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), to declare his intention to give effect to the said recommendation. The area is bounded on the—

North—By the Municipal road.
East—By the Khoja-khali land.
South—By the Khoja-khali khal.
West—By the village of Mallikpur and Teola khal.

2. The boundaries of the Nalchiti Municipality after the inclusion of the said area will be as follows:—

North—The Nalchity river.
East—The village of Surjapasa and a portion of Khoja-khali village.
South—Portions of Malipur and Nandikati villages.
West—The Malipur khal and a portion of Malipur village.

3. Any ratepayer of the said Municipality or any inhabitant of the said local area who objects to the inclusion of the said local area within the said Municipality should submit his objection in writing through the District Magistrate to the undersigned before the 1st December 1917.

No. 1806M.—The 16th October 1917.—In exercise of the powers conferred by clauses (*i*) and (*ii*) of sub-section (*1*) of section 69, and by clause (*ii*) of section 69B of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and in supersession of the rules published with Bengal Government Notification No. 129M., dated the 13th January 1914, the Governor in Council is pleased to make the following rules for the preparation, submission and execution of projects for water-supply, sewerage or drainage undertaken by municipal authorities:—

RULES FOR THE PREPARATION, SUBMISSION AND EXECUTION OF PROJECTS FOR WATER-SUPPLY, SEWERAGE OR DRAINAGE BY MUNICIPAL AUTHORITIES.

Definition.

1. In these rules "municipal authority" means the Commissioners of a municipality constituted under the provisions of the Bengal Municipal Act, 1884, and includes a Joint Committee constituted under section 37A of the Act.

Schemes and Projects.

Preparation of sketch of project.

2. (*1*) Whenever a municipal authority desires to undertake a project for water-supply or sewerage, or a comprehensive scheme of surface drainage, or the improvement or extension of existing works of this description, it shall first cause to be drawn up a sketch of the project roughly shewing its scope and approximate cost.

(*2*) Such sketch may be drawn up—

(*a*) by the Sanitary Engineer at the request of the municipal authority; or

(*b*) by any private firm of established reputation approved by the Sanitary Engineer; or

(*c*) with the permission of the Sanitary Engineer, by the District Engineer, for whose services an application should be made to the District Board; or

(*d*) by one of its own officers or by an officer specially appointed for the purpose, subject in either case to the selection of such officer being approved of by the Sanitary Engineer.

(*3*) In the cases of (*b*) to (*d*) referred to in sub-rule (*2*), the sketch of the project, while in course of preparation, shall be subject to the examination and control of the Sanitary Engineer.

(*4*) The Sanitary Engineer shall, in all cases, act as adviser of the municipal authority.

Submission of sketch, statement and application.

3. (*1*) When the sketch of any project has been drawn up under rule 2, and it is estimated to cost Rs. 10,000 or more, or in the case of an estimate of less than Rs. 10,000, if the financial assistance of Government is desired, or if the project is a part of a larger one, the municipal authority shall submit it to the Sanitary Board through the Commissioner of the Division, together with a statement wherein shall be shewn the amount of the funds available to meet the capital and recurring cost of the project either from current revenue, or by way of loan, or from any other source.

(*2*) The Sanitary Board, after considering the project, shall forward it to the Municipal Department of Government for administrative approval, with such recommendations as they may think fit, and, in the case of schemes relating to local areas under the control of two or more local authorities, with proposals for the distribution of the costs under section 37E.

(*3*) In the case of a scheme the total estimated cost of which is less than Rs. 10,000, not being part of a larger scheme, or one for which financial assistance from Government is required, the administrative approval of Government shall not be necessary; but the Sanitary Engineer must be consulted, and the scheme, with a copy of the Sanitary Engineer's opinion on it, must be submitted to the Commissioner of the Division for approval.

4. In order to obtain the administrative approval of Government to any such project, the municipal authority shall satisfy Government—

Conditions precedent to obtaining administrative approval of Government to a project.

(*1*) that the cost of maintenance of the projected work can be met by the municipal authority from revenue:

(*2*) that any loan required to meet the cost of the work can be repaid, together with the interest thereon, within the period that may be prescribed by the Government; and

(*3*) that the work can be done effectually in the manner and for the cost proposed.

5. (*1*) When the administrative approval of Government or the Commissioner of the Division, as the case may be, has been obtained to any such project and in no case before, except with the previous sanction of Government or the Commissioner as the case may be, the municipal authority may arrange for the preparation of detailed plans and estimates, and for this purpose may—

Procedure after grant of administrative approval. Preparation of detailed plans and estimates

(*a*) apply for the services of the Sanitary Engineer; or

(*b*) with the previous sanction of the Sanitary Engineer,—

(*i*) entrust the work to a private firm of established reputation: or

(*ii*) apply to the District Board for the services of the District Engineer: or

(*iii*) cause the plans and estimates to be prepared by one of its own officers, or by an officer specially appointed for the purpose, subject in either case to the selection of such officer being approved of by the Sanitary Engineer, who shall first satisfy himself that the officer is fully qualified for the work in question.

(*2*) In the case of (*b*) referred to in sub-rule (*1*), the plans and estimates, while in course of preparation, shall be subject to the examination and control of the Sanitary Engineer.

6. (*1*) The detailed plans and estimates shall, on completion, be forwarded in duplicate to the Sanitary Board through the Commissioner of the Division, or for final sanction to the Commissioner of the Division, as the case may be, together, in the former case, with the particulars required under section 37F of the Act and a report on the state of public feeling in regard to the scheme, and, if a loan is required, with an application in the prescribed form, and in the latter case, with a copy of the Sanitary Engineer's opinion on the scheme as finally drawn up.

Submission of detailed plans and estimates for final sanction

(*2*) In the case of schemes for the improvement or extension of existing waterworks, the particulars mentioned in sub-rule (*1*) shall be accompanied by a statement shewing in detail the financial position of the Water Supply Fund.

(*3*) In the case of drainage schemes the estimates must be submitted in forms to be obtained from the office of the Sanitary Engineer.

(*4*) When the scheme has not been prepared in the Sanitary Engineer's office, it shall be accompanied by full details of the calculations of the sizes and strength of the various works and complete information as to the prices on which the estimates have been framed.

(*5*) The Sanitary Board shall submit the scheme to the Municipal Department of Government for final sanction, with an expression of their opinion on its merits as finally drawn up.

7. No work shall be commenced on the project, nor shall any agreement be entered into in respect thereof, until the detailed plans and estimates have received the final sanction of Government or the Commissioner of the Division, as the case may be.

Commencement of work

8. If, at any time during the progress of the work, the municipal authority has reason to anticipate that the sanctioned detailed estimate will be exceeded by more than 10 per cent., or if it shall at any time appear to the municipal authority that the sanctioned detailed scheme will require material alteration, the municipal authority must forthwith

Sanction to heavy excesses over detailed estimates.

submit to Government or the Commissioner of the Division, as the case may be, for approval, a revised scheme with revised estimates and plans.

The revised estimates and plans must be prepared,—

(*a*) in the case of schemes prepared and carried out by the Municipal Engineer under rules 5 (*1*) (*b*) (*iii*) and 10 (*2*) (*c*), by that officer and must be scrutinised by the Sanitary Engineer;

(*b*) in the case of schemes prepared and carried out by a firm of engineers of established reputation, or by an engineer specially appointed for the purpose under rule 5 (*1*) (*b*) (*i*) or 5 (*1*) (*b*) (*iii*) and rule 10 (*2*) (*a*), by the firm of engineers or the engineer so appointed, and must be scrutinised by the Sanitary Engineer;

(*c*) in the case of schemes prepared and carried out by the District Engineer under rules 5 (*1*) (*b*) (*ii*) and 10 (*2*) (*b*), by that officer and must be scrutinised by the Sanitary Engineer;

(*d*) in all other cases, by the Sanitary Engineer

Taking over of complete supervision and control by Sanitary Engineer

9 (*1*) The Sanitary Engineer shall have complete supervision and control of the carrying out of all schemes of water-supply, sewerage and drainage towards which Government may make a grant amounting to Rs. 50,000 or more, or to half the total cost of the scheme, or more. The municipal authority shall undertake to pay the percentages prescribed in rule 28, before work on the scheme is begun.

(*2*) In other cases the municipal authority may request the Sanitary Engineer to take over supervision and control of the work, and on that authority undertaking to pay the percentages prescribed in rule 28, the Sanitary Engineer shall, if he considers that he can so arrange without detriment to the public service, take over such supervision and control.

(*3*) Works of which the complete supervision and control are taken over by the Sanitary Engineer under sub-rules (*1*) and (*2*) are to be considered as contribution works and are to be carried out by the Sanitary Engineer's Department under the rules regarding such works in paragraphs 861 to 865 of the Public Works Code, except that the provision made for establishment, etc., will be the percentages prescribed in rule 28 hereof, or such percentages as the Local Government may from time to time prescribe, and need not be the established percentages laid down for the Bengal Presidency.

(*4*) In addition to the above percentages, the municipal authority shall bear all law charges on behalf of Government in any suits brought by contractors or others in connection with the execution of any project under this rule, in which Government or its officers may be joined as parties with the municipal authority or its representatives:

Provided that no charge shall be payable by the municipal authority under sub-rule (*4*), if, in the opinion of the Government the suit is due to the malfeasance or negligence of the Sanitary Engineer, or an officer subordinate to him.

Conditions as to detailed engineering supervision.

10. (*1*) Where the cost of the projected work is estimated to amount to Rs. 10,000 or more, adequate provision for detailed engineering supervision shall be a condition precedent to the grant of final sanction by the Government.

(*2*) In the absence of special sanction to the contrary, one of the following arrangements shall be made :—

(*a*) that the work be carried out under the supervision of an engineer, either permanently employed by the municipal authority, or specially employed for the purpose, assisted by an adequate establishment of properly qualified overseers, the name and qualifications of the engineer having been previously submitted to the Sanitary Engineer and approved by him ; or

(*b*) that, with the previous approval of the Sanitary Engineer, arrangements be made with the District Board for the carrying out of the work under the supervision of the District Engineer and his staff ; or

(*c*) that the work be carried out under the complete supervision or control of the Sanitary Engineer under the arrangement provided for in rule 9.

(3) In the cases of conditions (a) and (b) referred to in sub-rule (2), the work while in progress shall be subject to the inspection and control of the Sanitary Engineer.

Report by municipal authority to the Commissioner in case of small work.

11. Where the estimated cost of works amounts to less than Rs. 10,000, the municipal authority shall report, for the information of the Commissioner of the Division, the agency by which it is proposed to have such works carried out, and shall follow the instructions issued by him in the matter.

Tenders and Contracts.

12. In the case of works carried out under clauses (a) and (b) of rule 10 (2) the following procedure (rules 13 to 24) shall be followed.

Preparation of drawing specifications, forms of tender, etc.

13. When requested by the municipal authority, the Sanitary Engineer shall prepare working or contract drawings, specifications, estimates, bills of quantities, forms of tender, or other documents or plans required for the execution of sanitary engineering works which have been duly sanctioned and which are to be let out by contract, as well as forms of advertisement inviting tenders for such works.

Approval of Sanitary Engineer to drawings, specifications, forms of tender, etc.

14. When drawings, specifications, bills of quantities, forms of tender, and other documents referred to in rule 13 are not prepared by the Sanitary Engineer, such drawings, specifications, etc., shall be submitted to the Sanitary Engineer for his approval in writing before tenders for the contract of such work are advertised for in the public press.

Advertisements inviting tenders.

15. Every advertisement for tenders shall briefly describe the works required to be carried out, the place or places where plans and drawings can be seen, and copies of the specifications and forms of tender obtained, the deposit to be paid by any person making a tender, and the date and hour up to which tenders will be received by the Chairman or the Vice-Chairman of the municipal authority.

Approval of plans, drawings, specifications, forms of tender, etc., by the municipal authority.

16. The plans, drawings, specifications, bills of quantities, forms of tender and advertisements shall be formally approved by the municipal authority in meeting. Whenever the said authority desires to make any alteration in any one of such documents, the Sanitary Engineer shall be informed and his advice obtained with regard to such alteration.

Submission and receipt of tenders.

17. All tenders shall be submitted in sealed covers addressed to the Chairman or the Vice-Chairman of the municipal authority, and such officer shall attend in person at the office of that authority, or at any other place to which it may be directed that tenders shall be forwarded, at the latest hour specified in the advertisement for the receipt thereof. Any tender received after such hour shall be out of order and shall not be accepted.

Opening and numbering of tenders.

18. The Chairman or the Vice-Chairman of the municipal authority shall himself open the tenders, shall number each tender, and shall note thereon the exact time at which it was opened.

19. After the tenders have been opened, they shall be either—

(a) sent to the Sanitary Engineer, or

(b) in the case of works carried out under rule 10 (2) (a) under the supervision of a Municipal Engineer approved by the Sanitary Engineer as being competent to advise on these questions, handed to that officer, or

(c) in the case of works carried out under rule 10 (2) (b) under the supervision of the District Engineer, handed to that officer,

for check and scrutiny:

Provided that in the case of (b) or (c) the engineer of the municipal authority or the District Engineer, as the case may be, shall, in case of difficulty or uncertainty, consult the Sanitary Engineer.

Return of tenders after check and scrutiny.

20. The Sanitary Engineer, or the engineer of the municipal authority, or the District Engineer, as the case may be, shall, after checking and scrutinising the tenders, return them to the municipal authority with his remarks and recommendations.

Consideration of tenders.

21. The municipal authority shall thereafter consider the tenders in meeting, and either accept one of them provisionally or, if necessary or desirable, refer the question to the Sanitary Engineer for further advice.

Acceptance of tender.

22. No tender shall be accepted which is not in order, is not fully priced out, and is not in every way in accordance with the instructions contained in the advertisement inviting such tenders. Any alteration or reduction in a tender made by the person making the tender after the same has once been submitted shall (except in the case of a palpable arithmetical error) at once render the tender out of order.

Discharge of tenders and advertisement for fresh tenders.

23. If it is found that none of the tenders submitted is satisfactory, or if for any reason it is believed that the conditions of tendering have not been properly understood, so that fair tenders have not been received, all such tenders shall be discharged and fresh tenders shall be advertised for.

Provisional acceptance and submission of a tender to the Sanitary Engineer.

24. After a tender has been provisionally accepted, it shall be submitted to the Sanitary Engineer for final approval, together with all other tenders received for the work, and until such approval has been received no tender shall be finally accepted by the municipal authority:

Provided that, in case of a difference of opinion between the municipal authority and the Sanitary Engineer in regard to the acceptance of a particular tender, the matter shall, if the municipal authority so desires, be referred to the Chief Engineer, Roads and Buildings, whose decision shall be final and binding on all parties.

25. Cases of works carried out under the complete supervision or control of the Sanitary Engineer under rule 10 (2) (c) shall be governed by the rules contained in Chapter VIII of the Public Works Department Code.

Fees.

Fees.

26. The fees mentioned in column 2 of the following table shall be leviable from a municipal authority for the services of the Sanitary Engineer specified opposite thereto in column 1 of that table:—

Nature of work.	Fees.
	2
(*a*) Preparation of detailed estimates and drawings for projects and schemes.	2 per cent. on the estimated cost of the works.
(*b*) Examination and check of detailed estimates and drawings for projects and schemes prepared by a different agency.	½ per cent. on the first Rs. 20,000 of the estimated cost, and ¼ per cent. on the balance of the estimated cost of the works.
(*c*) Preparation of contract drawings, specifications and forms of tender.	2 per cent. on the estimated cost of the works.

Provided that, when both detailed estimates and drawings and contract drawings, specifications and forms of tender [as specified in items (*a*) and (*c*) respectively, in column 1 of the above table] in respect of the same works are prepared by the Sanitary Engineer, an inclusive fee of 3 per cent. on the estimated cost of such works shall be charged

NOTE.—In calculating the fees the cost of survey and the cost of land acquisition shall be excluded from the estimated cost.

No charge for services of the Sanitary Engineer or his assistants for preparation of sketch of project.

27. When the preparation of the sketch of a project is undertaken or supervised by the Sanitary Engineer under rule 2, no charge shall be made for his services or for those of his assistants, or for the services of Government surveyors, draftsmen and tracers engaged in such work; drawing materials and the instruments required for such work shall also be provided at Government expense. But the municipal authority shall render all reasonable assistance on the spot in supplying survey coolies and survey pegs and in fixing bench-marks, etc., and shall pay the actual cost of the

same. Such authority shall also in each case provide a suitable office properly furnished for the use of the Government surveyors and draftsmen.

28. (*1*) The scale of fees leviable for the supervision and control of works by the Sanitary Engineer under rule 9 shall be as follows :—

Fees leviable for supervision and control by Sanitary Engineer.

O. F. JENKINS.

Secretary and Member, Board of Examiners.

OFFICE OF THE BOARD OF EXAMINERS, 1, COUNCIL HOUSE STREET, CALCUTTA, *the 31st October 1916.*

OFFICE MEMORANDUM BY THE INSPECTOR OF SCHOOLS, BURDWAN DIVISION.

University Matriculation Examination, 1918.

PRIVATE STUDENTS.

1. Private students are those who have not attended any recognized or unrecognized High English schools for at least one year previous to the examination. The term "private students" includes school-masters.

2. Private students must appear at the Test Examination to be held on Monday, the 3rd December 1917, and the following days at the Hooghly Collegiate School.

Each private student will have to pay a fee of Rs. 6, which should be remitted to the Inspector of Schools, Burdwan Division, Chinsura, along with his application for admission to the Test Examination by the 9th November 1917, after which date a fine of Rs. 2 will have to be paid for each week's delay. *Under no circumstances will the admission fee be refunded.* No private student will be admitted to the Test Examination unless he is accompanied, for the purpose of identification, by some person known in the office of the Inspector of Schools, Burdwan Division.

3. Applications must be submitted through the head-master of the school in which the applicant last read. The head-master, in forwarding the application to this office, should note whether he recommends the application or not. If he does not, his reasons should be stated. The application of no candidate is to be forwarded who did not leave school from the first class, or who had not been declared fit for promotion to that class. The information to be given and the documents to be appended (in original) are the following :—

(*a*) The name of the school in which the candidate last studied.

(*b*) The transfer certificate (in original) granted to the candidate by the head-master of the school in which he last read ; or

(*c*) In the case of a candidate who previously appeared at the Entrance Examination, the Registrar's receipt (in original) for the fee paid.

(*d*) The age of the candidate is not required in cases (*b*) and (*c*). No candidate who has not completed the age of sixteen years on the first day of the Matriculation Examination is eligible.

(*e*) In the case of school-masters, a certificate of good conduct from the secretary or proprietor of the school in which the candidate is serving.

(*f*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he has not read in any school since the last Matriculation Examination held in July 1917. Detailed information is needed under this head. The person granting the certificate should state his social or professional position.

(*g*) The names of subjects in which the candidate wishes to be examined.

4. *The fee for the Matriculation Examination has NOT to be sent to this office.* It should be sent to the Registrar by the candidates themselves, together with the countersigned applications.

5. The address of each private student should be supplied to this office.

6. The Matriculation Examination in 1918 will be held on the 4th March 1918 and following days. Applications and fees for admission must reach the office of the Registrar on or before the 19th January 1918.

W. E. GRIFFITH.

Inspector of Schools, Burdwan Division.

CHINSURA, *The 27th September 1917.*

INTERMEDIATE AND B. A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bona fide* masters of English schools, who have served as such for the full period of three academical years preceding the examination, will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B. A. Examinations must produce certificates of character and length of service from the secretaries of their respective schools. Candidates for the B. A. Examination must forward with their applications their F. A. certificates, and those for the Intermediate Examination their Entrance or Matriculation certificates. Those candidates who were admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B. A. Examinations are informed that their applications for admission to these examinations will not be considered unless they enclose with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates who have applied for or have obtained the special permission of the Senate for the purpose are required, under section 9, chapter XV of the Revised Regulations, dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 12th January 1918, together with other papers, as mentioned in rules 2 and 3, after which no application will be received.

5. The Intermediate Examination of 1918 will be held on the 13th March 1918 and following days. The B. A. Examination of 1918 will be held on the 4th April 1918 and following days. The applications and fees for admission to the Intermediate Examination must reach the office of the Registrar on or before the 30th January 1918, and those for the B. A. Examination on or before the 21st February 1918.

W. E. GRIFFITH.

Inspector of Schools, Burdwan Division.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and-a-half lakhs with Government on four per cent. interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries, Imperial Secretariat Buildings, Calcutta.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.,

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible, after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—
the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Acts of the Indian Legislative Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 27th September, 1917, and is hereby promulgated for general information :—

ACT NO. XXII OF 1917.

An Act to provide for the acquisition of gold imported into British India.

WHEREAS it is expedient to provide for the acquisition by the Governor General in Council of gold imported into British India ; It is hereby enacted as follows :—

Short title, extent, and duration.

1. (*1*) This Act may be called the Gold (Import) Act, 1917 ;

(*2*) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas ; and

(*3*) It shall remain in force during the continuance of the present war, and for a period of six months thereafter.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

'coin' means metal used for the time being as money, and stamped and issued by the authority of some State or Sovereign power in order to be so used ;

'gold' means gold coin or gold bullion :

'import' means the bringing by sea or land into British India.

Power to take possession of imported gold.

3. (*1*) Subject to the provisions of this Act, the Governor General in Council or any person appointed by him in this behalf may, by order in writing, within ten days from the date of import, take possession of any gold imported into British India and such gold shall thereupon vest absolutely in His Majesty.

(*2*) Where any gold is taken possession of in exercise of the powers conferred by sub-section (*1*), the Governor General in Council shall pay to the owner thereof, on production of such documents as the authority making the order under sub-section (*1*) may require, a sum in respect of such gold calculated at such rate as the Governor General in Council may prescribe.

(*3*) If any dispute arises as to the fineness of any such gold a certificate of assay by the Assay Master of any Mint established under the Indian Coinage Act, 1906, shall be conclusive.

Repeal of Ordinance III of 1917.

4. The Gold (Import) Ordinance, 1917, is hereby repealed.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 27th September, 1917, and is hereby promulgated for general information :—

ACT NO. XXIV OF 1917.

An Act to amend certain enactments and to repeal certain other enactments.

WHEREAS it is expedient that certain formal amendments should be made in the enactments specified in the First Schedule ;

AND WHEREAS it is also expedient that certain enactments specified in the Second Schedule, which have ceased to be in force otherwise than by express specific repeal, or have become unnecessary, should be expressly and specifically repealed ; It is hereby enacted as follows :

1. This Act may be called the Repealing and Amending Act, 1917.

Short title.

2. The enactments specified in the First Schedule are hereby amended to the extent and in the manner mentioned in the fourth column thereof.

Amendment of certain enactments.

3. The enactments specified in the Second Schedule are hereby repealed to the extent mentioned in the fourth column thereof.

Repeal of certain enactments.

4. The repeal by this Act of any enactment shall not affect any Act or Regulation in which such enactment has been applied, incorporated or referred to :

Savings.

and this Act shall not affect the validity, invalidity, effect or consequences of anything already done or suffered, or any right, title, obligation or liability already acquired, accrued, or incurred or any remedy or proceeding in respect thereof, or any release or discharge of or from any debt, penalty, obligation, liability, claim or demand, or any indemnity already granted, or the proof of any past act or thing ;

nor shall this Act affect any principle or rule of law, or established jurisdiction, form or course of pleading, practice or procedure, or existing usage, custom, privilege, restriction, exemption, office or appointment, notwithstanding that the same respectively may have been in any manner affirmed, recognised or derived by, in or from any enactment hereby repealed ;

nor shall the repeal by this Act of any enactment revive or restore any jurisdiction, office, custom, liability, right, title, privilege, restriction, exemption, usage, practice, procedure or other matter or thing not now existing or in force.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 27th September, 1917, and is hereby promulgated for general information :—

ACT No. XXV OF 1917.

An Act to amend the Sir Currimbhoy Ebrahim Baronetcy Act, 1913.

WHEREAS since the passing of the Sir Currim-
IV of 1913. bhoy Ebrahim Baronetcy Act, 1913, Sir Currimbhoy Ebrahim has made a representation to the Governor of Bombay in Council to the effect that his original intention was that the Sinking Fund of Rs. 20,00,000 (twenty lakhs) referred to in the said Act, should be formed in a period of sixty years by carrying to the credit of the said fund annually and investing an amount equal to 00·61 per cent. calculated on the amount of the Sinking Fund to be so formed, and that the Repairs Fund of Rs. 2,00,000 (two lakhs), also referred to in the said Act, should be formed in a period of twenty years by carrying to the credit of that Fund annually and investing an amount equal to 3·72 per cent., calculated on the amount of the Repairs Fund to be so formed but that the said Act, owing to a mistake, provided that the said percentages should be carried to the credit of the said respective funds every six months instead of every year ;

AND WHEREAS under the orders of the Governor of Bombay in Council an inquiry into the matters aforesaid was directed to be held by the Advocate-General at Bombay who, after careful investigation and recording evidence, reported to the Governor of Bombay in Council that there had been a *bona fide* mistake in the drafting of the said Act and that the original intention of Sir Currimbhoy Ebrahim was that the percentages of Rs. 00·61 and Rs. 3·72 and no more should be set aside each year ;

AND WHEREAS it is expedient to amend sections 7 and 14 of the said Act for the purpose of giving effect to the intention aforesaid ; It is hereby enacted as follows :—

1. This Act may be called the Sir Currimbhoy Ebrahim Baronetcy (Amendment) Act, 1917.

Short title.

2. (*1*) In sections 7 and 14 of the Sir Currimbhoy Ebrahim Baronetcy Act, 1913 (hereinafter called the said Act), for the words "six months" wherever they occur shall be substituted the word "year."

Amendment of sections 7 and 14 of Act IV of 1913. IV

(*2*) The said Act shall be read and construed as if the amendments hereby enacted had formed part of the said Act from its commencement.

A. P. MUDDIMAN.
Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 27th September, 1917, and is hereby promulgated for general information :—

ACT NO. XXVI OF 1917.

An Act to validate certain transfers of property made prior to the 1st of January, 1915.

WHEREAS it is expedient to validate certain transfers of property made prior to the 1st of January, 1915; It is hereby enacted as follows :—

Short title and extent.

1. (*1*) This Act may be called the Transfer of Property (Validating) Act, 1917.

(*2*) It shall extend, in the first instance, to the United Provinces of Agra and Oudh, provided that the Governor General in Council may, by notification in the *Gazette of India*, extend it to any other part of British India specified in the notification.

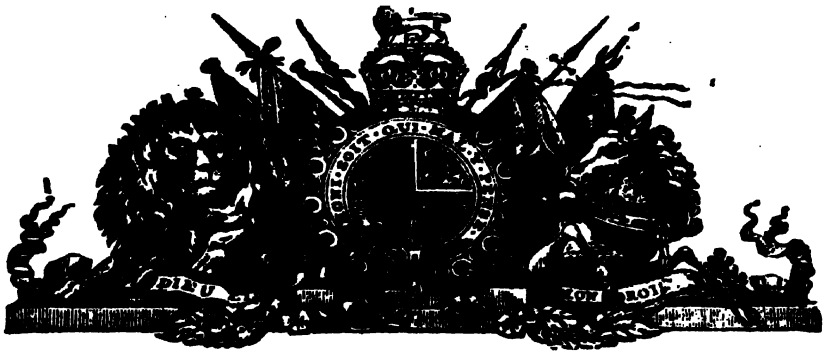
Validation of certain transfers made prior to the 1st of January, 1915.

2. Where a mortgage or gift purports to have been effected by an instrument executed prior to the 1st of January, 1915, and such instrument is required by the Transfer of Property Act, 1882, to be attested, such mortgage or gift shall not be deemed to be invalid by reason only that any person who purported to attest such instrument as a witness did not see the executant sign it, provided that such person before signing his name on the instrument received from the executant a personal acknowledgment of his signature to the same.

Restoration of certain claims.

3. Where a claim under any such instrument executed prior to the 1st of January, 1915, has been wholly or in part dismissed, rejected, or withdrawn, after the 30th day of July, 1912 and before the commencement of this Act, in a Court of first instance or of revision or appeal, by reason only of the fact that some person who purported to attest such instrument as a witness, on having received before signing his name thereon a personal acknowledgment from the executant of his signature to the same, did not see the executant sign it, the case may, if the dismissal, rejection or withdrawal has had the effect of invalidating, in whole or in part, the said instrument as between persons claiming thereunder, be restored on review in accordance with the procedure provided by the Code of Civil Procedure, 1908, for review of judgments, on application in writing made within six months from the commencement of this Act : and on such restoration, the provisions of section 3 shall apply to such instrument : V of 1908.

Provided nevertheless—



(*1*) that every Court to whom such an application is made shall have a discretion to refuse the same if it is of opinion that such restoration would prejudice the rights of any transferee for value in good faith under any transfer made subsequent to the said 30th day of July 1912;

(*2*) that in the event of a decree being passed upon such application in favour of the applicant or his legal representative interest shall only be allowed under such instrument at the contractual rate up to the date of the original dismissal, rejection or withdrawal of such claim, and for a period of six months therefrom, and at the rate of 6 per cent. thereafter until realization ; and

(*3*) that in the event of the case being so restored the Court shall be bound by the finding of the former Court, by or before whom the case was dismissed, rejected or withdrawn, on any issue of fact which was heard and finally determined by it.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR SEPTEMBER 1917.

I. **Character of the Season.**—During the month under review, the rainfall was slightly in excess of the normal in ten districts only. In the rest of the Province the fall was very defective. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Transplantation of winter rice was nearly completed, and weeding was going on. During the first part of the month the transplanting of seedlings was a little interfered with in the northern districts for want of rain. Steeping and washing of jute continued and harvesting of other autumn crops was almost finished.

III. **State of standing crops.**—The condition and prospects of standing crops were generally good.

IV. **Prospects and probable outturn.**—The prospects of standing crops, especially of winter paddy, were most promising.

V. **Damage to standing crop.**—Excepting slight damage to the rice crop by insect-pests in places in the Burdwan Division, no damage was done to standing crops in the Province.

VI. **Condition of agricultural stock.**—The condition of agricultural stock was fair. The number of districts in which cattle-disease was reported to be prevalent varied from eight to ten.

VII. **Failure of pasturage and fodder.**—Fodder was reported to be dear in parts of Hooghly and Dacca.

VIII. **Prices of food-grains and fodder.**—During the second fortnight of the month under review the price of common rice rose in three districts, fell in eight and remained stationary in the rest.

IX. **Condition of agricultural people.**—The condition of agricultural people was reported to be good on the whole.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Sugarcane Crop of Bengal, 1917-18.

(Note.—On an average of the five years ending 1915-16, the area under Sugarcane in Bengal has represented some 9·2 per cent. of the total area under Sugarcane in British India.)

Explanatory.—Under the recent orders of Government three forecasts of the Sugarcane Crop are henceforth to be issued instead of two as hitherto. The present forecast is the second of the series and deals with the area, prospects and probable outturn of the crop.

Character of the Season.—Since the issue of the First Forecast, the weather has been generally favourable in the important sugarcane-growing districts of the province, but in other places there have been excessive rain and floods which retarded the growth of the crop to some extent. On the whole, the season has been satisfactory.

Area Planted.—The area planted with sugarcane is reported to be 207,900 acres this year, against 203,600 acres last year now revised.

Outturn.—According to the estimates of the District Officers, the provincial outturn works out to 88 per cent. of the normal, against 80 per cent. of last year.

	Acres.	Acres.	Acres.				
24-Parganas ...	5,100	3,000	4,000	83	100	December. Normal ...	The increase in area was due to high price of *gur* and to favourable weather condition at the time of planting the crop. The weather has all along been favourable.
Nadia	7,900	5,700	5,500	83	75	End of January, Normal.	The decrease in area was due to drought at the time of planting. The weather has since been favourable; but some damage has been caused by floods.
Murshidabad ...	3,600	2,600	3,200	75	83	December to April, Normal.	The increase in area was due to timely rainfall and to rise in the price of *gur*. Want of rain subsequently affected the crop to some extent.
Jessore	3,600	3,200	2,800	66	83	February and March. Normal.	The decrease in area was due to the fact that the raiyats could not cultivate the land for this crop for want of timely rain. The weather conditions have since been fair.

District.	Estimated normal area under sugarcane.	ESTIMATED AREA UNDER SUGARCANE.		TAKING 100 TO REPRESENT THE NORMAL, WHAT WOULD BE THE AVERAGE OUTTURN PER ACRE CROPPED.		Date by which the planting of the setts generally commenced this year, and whether that date was early, normal or late.	Remarks by District Officers
		Last year.	This year.	Last year.	This year.		
1	2	3	4	5	6	7	8
	Acres.	Acres.	Acres.				
Khulna	1,500	1,300	1,300	62	100	February, Normal ...	The weather conditions have been favourable to the growth of the crop.
Burdwan	25,800	14,600	18,000	67	100	March to May, Normal	The increase in area was due to timely rain at planting time and to plenty of water in the tanks for irrigation. The weather has continued favourable.
Birbhum	8,000	6,000	11,000	67	92	End of April, Early ...	The increase in area was due to good rainfall at planting time. The weather has been favourable and the growth of the crop good.
Bankura	15,000	10,000	11,800	53	83	April and May, Normal	The increase in area was due partly to favourable season at the time of planting and partly to increase in the price of *gur* and sugar. Later, heavy rain has affected the crop to some extent.
Midnapore	3,000	3,000	3,000	85	90	March and April, Normal	The weather was favourable at the beginning, but excessive rains in the latter part of June and July hampered the growth of the crop to some extent. The outturn is expected to be below the normal.
Hooghly	7,200	6,000	5,200	90	93	March, Normal ...	The weather was favourable, but the flood of August somewhat retarded the growth of crop in the Arambagh subdivision and caused some damage.
Howrah	5,500	5,400	5,100	68	63	Beginning of January to beginning of April.	The weather has been favourable on the whole except in the flooded area in the Ulubaria subdivision.
Rajshahi	18,000	12,500	13,100	76	90	End of January, Normal.	The increase in area was due to favourable weather condition at planting time. The weather has continued favourable since planting time.
Dinajpur	25,000	30,300	29,900	83	86	November to March, Normal.	The weather has been on the whole favourable and the prospects of the crop are fairly satisfactory.
Jalpaiguri	5,300	3,800	3,800	83	87	End of February, Late	The weather was not favourable at planting time owing to continued drought; since then the condition of the crop has improved.
Darjeeling	100	100*	100*	100	77	Middle of March, Normal.	The weather has not been favourable. Untimely rain was not suitable to the crop at planting time.
Rangpur	20,500	13,000	11,000	100	100	Last week of February, Normal.	The decrease of area is reported mostly from the Sadar subdivision where there is corresponding increase in the area under jute. The weather has been favourable for the cultivation and growth of the crop.
Bogra	20,000	3,500†	2,100†	70	71	March and April, Normal.	The decrease in area was due to insufficient rainfall at the time of planting, but subsequent rainfall has since improved the growth of the crop.
Pabna	10,000	10,000	10,000	60	70	Middle of April, Normal.	The weather conditions have not been favourable since the planting time. The outturn is expected to be much below the normal.
Malda	300†	300*	300*	75	90	End of April, Normal	The weather was favourable at the beginning of the season, but excessive rain in the month of June has affected the growth of the crop to some extent.
Dacca	21,100	21,000	22,100	65	95	January to March, Normal.	The increase in area is due to high prices of raw sugar. The weather has been favourable.
Mymensingh ...	11,100	10,300	10,300	95	95	The planting was normal in all subdivisions except in Jamalpur, where it commenced from the middle of May.	The weather has been favourable.
Faridpur	7,100	7,100	7,800	90	86	January, Normal ...	The weather was dry at planting time, but has since improved and is now favourable.
Bakarganj	11,000	16,600	16,400	90	90	January and February, Normal.	The decrease in area was due to unfavourable weather at the planting time, but since then it has been favourable.
Chittagong	6,400	5,000	5,000	100	100	Middle of March, Normal.	The effects of the weather have been favourable on the growth of the crop in the Sadar subdivision. Excessive rains of June and July have retarded the growth of the crop in the Cox's Bazar subdivision.
Tippera	8,000	4,000	4,100	80	85	March, Normal ...	The weather condition at planting time and up till now has been fair and its effects on the growth are favourable.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 15th October 1917.

Summary.—During the week under report heavy rain fell in parts of Northern Bengal causing slight damage to the standing crops. The rainfall was from light to moderate elsewhere. The condition and prospects of winter paddy continue to be on the whole very satisfactory in spite of the heavy rains, floods and gales that occurred during this and the previous weeks. Weeding of winter paddy and harvesting of jute and other autumn crops are nearly over. Cattle-disease is reported from four districts. The average price of common rice for the Province remained stationary with a slight tendency to fall.

DEPARTMENT OF STATISTICS, INDIA.

CALCUTTA TRADE FLUCTUATIONS.

THE following tables are intended to show the trade of the Calcutta Block* in certain selected articles during the months of April to July, 1917, by all routes, *i.e.*, by rail, river, canal, road, and sea. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the District Magistrates of the 24-Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

General Summary.

Imports.—The imports of rice, including paddy†, into Calcutta by rail river, canal, road and sea (coastwise) during April to July, 1917, amounted to 2,807,000 maunds as against 5,086,000 maunds in the corresponding period of the preceding year—a decline of 45 per cent. There was a decrease (20 per cent) in the imports of coal and coke (30,665,000 maunds as against 38,559,000 maunds last year). The imports by rail, river, road and sea (coastwise) of Indian cotton piece-goods showed a decrease of 10 per cent, the total value amounting to Rs. 1,24,55,000 as against Rs. 1,39,23,000 in 1916. The imports of raw jute amounted to 613,000 bales as against 524,000 bales—an increase of 17 per cent. The importations of gunny bags also showed an increase of 19 million bags or 16 per cent (145 million bags as against 126 millions in the preceding year). The total imports of oilseeds (linseed and rape and mustard seed) decreased by 46 per cent (2,122,000 maunds as against 3,938,000 maunds). There was a slight increase in the imports of sugar, which rose by 8 per cent (249,000 maunds as against 231,000 maunds), but there was a decrease (12 per cent) under tea (564,000 maunds as against 638,000 maunds).

Exports.—The exports of cotton piece-goods, foreign, from Calcutta by all routes during April to July, 1917, increased by 17 per cent (Rs. 8,15,86,000 as against Rs. 6,99,87,000 last year). The exports of gunny bags (excluding exports by sea to foreign countries) increased from 33 million bags to 35 million bags. The shipments of gunny bags to other Indian ports decreased by 389,000 in number in the period under review (8,120,000 as against 8,509,000). The quantity of kerosene oil despatched from Calcutta and Budge-Budge by internal routes and by sea (coastwise) decreased from 2,029,000 maunds to 1,940,000 maunds.

* The Calcutta block consists of the town of Calcutta with Howrah and Kidderpore Docks.
† One maund of paddy is equivalent to 25 seers of rice.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and-a-half lakhs with Government on four per cent. interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries, Imperial Secretariat Buildings, Calcutta.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.,

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible, after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—
the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

REPORT ON THE ADMINISTRATION OF INCOME-TAX IN BENGAL DURING THE TRIENNIUM ENDING ON 31ST MARCH 1917.

NOTIFICATION.

No. 414T.-S.R.—The 15th October 1917.—The following extracts from the Report on the Administration of Income-tax in Bengal, during the three years ending 31st March 1917, are published for general information.

J. DONALD,
Secy. to the Govt. of Bengal.

No. 382T.-S.R., dated Darjeeling, the 6th October 1917.

From—The Hon'ble Mr. J. Donald, m.a., i.c.s., Secretary to the Government of Bengal,

To—The Secretary to the Government of India, Finance Dept.

I am directed to submit the following report on the administration of Income-tax in Bengal during the triennium ending on the 31st March 1917.

2. **Administration of Income-tax.**—The formation of a close excise service led to a change in the system under which income-tax work in districts was entrusted to a single Deputy Collector at head-quarters in charge of excise, and all Subdivisional Officers, including those of sadar subdivisions, were invested with the powers of a Collector under the Income-tax Act and placed in charge of income-tax work in their respective charges.

The law in force, Act II of 1886, as subsequently amended by Acts XII of 1891, VI of 1902, XI of 1903, and IV of 1914, was further modified by Act V of 1916, which introduced enhanced rates of taxation and a special system of refunds in respect of the tax levied at the source on interest on securities and dividends.

6. **Revenue derived from Income-tax during the triennium.**—The receipts, charges and net revenue derived from the collection of income-tax during each of the three years, 1914-15, 1915-16 and 1916-17, were as follows :—

Year.	Receipts.	Charges.	Percentage of charges.	Net revenue.
	Rs.	Rs.		Rs.
1916-17	1,70,00,125	1,89,855	1·1	1,68,10,270
1915-16	72,20,342	1,72,175	2·4	70,48,167
1914-15	69,77,764	1,70,755	2·4	68,07,009

The great rise in receipts in 1916-17 was of course mainly due to the enhanced rates of taxation that came into force on the 1st April 1916. But the high profits earned by jute and coal companies and other industrial concerns also accounted for a very appreciable part of the increase.

7. **Demand on account of Income-tax.**—The number of persons finally assessed and the final demand during each year of the triennium were as follows :—

Year.	Number of persons finally assessed in—			Final demand in—		
	Calcutta.	Other districts.	Total of cols. 2 and 3.	Calcutta.	Other districts.	Total of cols 5 and 6.
	2	3	4	5	6	7
				Rs.	Rs.	Rs.
1916-17	23,607	34,731	58,338	1,43,85,310	24,01,955	1,67,87,265
1915-16	22,192	32,544	54,736	47,52,258	18,17,946	65,70,204
1914-15	22,606	31,570	54,176	47,48,437	16,43,541	64,81,642

The final number of assessees and the final demand for the year 1916-17 showed an increase of 3,602 persons, as compared with the figures for 1915-16, and 4,162 persons, as compared with the figures for 1914-15.

8. **The number of assessees and the amount of tax collected under Part IV in the grade of Rs. 1,000 to Rs. 1,249.**—The following statement compares the number of assessees and the amount of tax collected under Part IV in the grade of Rs. 1,000 to Rs. 1,249 during the triennium under report :—

Years	Number of assessees under Part IV in the grade of Rs. 1,000 to Rs. 1,249.	Amount of tax collected under Part IV in the grade of Rs. 1,000 to Rs. 1,249.
		Rs.
1916-17	13,081	2,60,525
1915-16	12,608	2,52,183
1914-15	12,352	2,47,379

The number of persons assessed and the amount of tax collected in 1916-17 showed an increase of 473 persons or 3·7 per cent., and Rs. 8,342 or 3·3 per cent., as compared with the year 1915-16, and 729 persons or 5·9 per cent. and Rs. 13,148 or 5·3 per cent., as compared with the year 1914-15.

9. **Incidence of the demand on population.**—The following statement shows the proportion of persons assessed to population and to villages in the province and the incidence of the tax during the triennium under report:—

Year.	Number of persons assessed to population.		Proportion of persons assessed to villages.		Number of persons in proportion to each rupee of the tax assessed.
	Persons.	Population.	Persons.	Villages.	
1916-17 ...	1	777	48	100	3
1915-16 ...	1	828	45	100	7
1914-15 ...	1	837	45	100	7

10. **Rural and urban incidence of the tax.**—The proportion of the tax paid in Calcutta in comparison with that paid in the rest of the province is exhibited below :—

Year.	Amount of tax realised.		Total.
	Calcutta.	Rest of the province.	
	Rs.	Rs.	Rs.
1916-17	1,33,62,378	23,69,253	1,57,31,631
1915-16	44,50,676	17,89,236	62,39,912
1914-15	44,81,355	17,06,380	61,87,735

The statement in paragraph 7 indicates the distribution of assessees between Calcutta and the rest of the province. From the statement given above it will be seen that during 1916-17 Calcutta contributed 40·4 per cent. of the persons assessed and 84·9 per cent. of the tax realised.

The incidence of the tax in rural areas during the year 1916-17 varied from Re. 1 to every 38 persons in Jessore to Re. 1 to every 2 persons in Darjeeling.

Apart from Calcutta, only one person in 1,270 of the population pays income-tax, and the average amount paid by each assessee is Rs. 69. In Calcutta, which for income-tax purposes includes the town of Howrah, the proportion is one person in 52 of the population and the average tax paid is Rs. 609.

11. **Incidence of the tax according to incomes.**—The incidence of the tax according to the different rates of incomes is shown in the following abstract :—

* * * * *

Class.	Rate of income.	Percentage of assessees of each class.	Percentage of collections contributed by each class.
I	Rs. 1,000 to Rs. 1,249	34·4	2·4
II	„ 1,250 „ „ 1,499	12·2	1·3
III	„ 1,500 „ „ 1,749	9·0	1·2
IV	„ 1,750 „ „ 1,999	8·0	1·2
V	„ 2,000 „ „ 4,999	24·5	7·0
VI	„ 5,000 „ „ 9,999	7·6	5·8
VII	„ 10,000 „ „ 14,999	2·0	3·8
VIII	„ 15,000 „ „ 19,999	·7	2·2
IX	„ 20,000 „ „ 24,999	·4	1·8
X to XXII	„ 25,000 and over	1·2	73·3

The proportion of the number of assessees with incomes of less than Rs. 2,000 a year was 63·6 per cent.. and that of the amount paid by them 6·1 per cent.

* * * * * *

13. **Objections to the demand.**—The number of persons originally assessed, and that of the petitions or objections instituted before District Officers, Commissioners and Government during the triennium, are shown in the following table :—

Year.	Number of persons originally assessed.	Number of petitions or objections instituted before District Officers.	Number of petitions filed before Commissioners.	Number of petitions for revision filed before Government.	Total of columns 3 to 5.
		3	4		
1916-17 ...	59,236	5,364	218	5	5,587
1915-16 ...	55,494	4,022	137	5	4,164
1914-15 ...	54,878	3,937	119	4	4,060

The percentages of objections to assessments for the whole province were 9·4 in 1916-17, 7·5 in 1915-16 and 7·4 in 1914-15.

14. **Exemptions and result of revision.**—The figures on the margin compare the number of persons exempted on revision and the amount of tax remitted by District Officers and Commissioners.

Year.	No. of persons exempted.	Amount of tax remitted. Rs.
1916-17 ...	898	3,49,305
1915-16 ...	758	84,754
1914-15 ...	702	70,498

The percentage of exemptions on the number of persons originally assessed was 1·5 in 1916-17 and 1·3 in each of the two preceding years, that of remissions on the original demand 2 in 1916-17, 1·3 in 1915-16 and 1 in 1914-15. The percentage of remission does not exceed 5 except in Nadia, Noakhali, Pabna and Darjeeling, where it was 6, 9·9, 8·2 and 5·9, respectively. The large increase of remission from Rs. 84,754 in 1915-16 to Rs. 3,49,305 in 1916-17 was due to the higher rates at which the later assessments were made. Calcutta alone is responsible for an increase of Rs. 2,19,542 and Rs. 2,27,777 over 1915-16 and 1914-15, respectively.

15. **Collection of income-tax.**—The following statement compares the amount of the tax collected under each part of the Act during the last three years:—

Year.	Part I—Salaries, pensions, annuities and gratuities.	Part II—Profits of companies.	Part III—Interest on securities.	Part IV—Other sources.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.
1916-17 ...	13,88,014	79,78,980	3,79,795	59,84,842	1,57,31,631

1914-15 ...	10,11,667	19,38,976	1,64,541	30,72,551	61,87,735

The increase in the total collections during 1916-17, as compared with those of the preceding year, was obtained from all the main classes of assessees—salaries, etc., (Part I) contributing Rs. 3,22,707, companies (Part II) Rs. 61,90,703, securities (Part III) Rs. 2,09,019, and other sources (Part IV) Rs. 27,69,2 0. Of the total increase in 1916-17, as compared with the figures of 1915-16, Calcutta contributed Rs. 89,11,702 or 93·9 per cent. The increase was due to the enhanced rates of assessment introduced by Act V of 1916, and also to the high profits earned by jute and coal companies and other industrial concerns. The gross collections during the year 1916-17 including arrears of tax, penalties, etc., amounted to Rs. 1,62,33,446. The percentage of the tax collected under each Part on the total amount of tax collected during the year 1916-17 was as follows :—

	Per cent.
Part I.—Salaries, etc.	8·8
Part II.—Profits of companies	50·7
Part III.—Interest on securities	2·4
Part IV.—Other sources	38·1

The percentage of collections on the final demand on account of tax only during the year 1916-17 was 93·7, as compared with 94·9 and 95·4 in the two preceding years, respectively. The percentage as regards tax, penalties and costs, both current and arrear, excluding excess collections and advance payments, was 92·8 in each of the years 1916-17 and 1915-16, and 94·1 in 1914-15.

16. **Outstanding balance of income-tax.**—The outstanding balance on account of tax, penalties and costs in each year is shown below :—

Year.	Balance on account of			Total.
	Tax.	Penalties.	Costs.	
	Rs.	Rs.	Rs.	Rs.
1916-17 ...	11,42,421	27,452	8,449	11,78,322
1915-16 ...	4,03,375	29,305	8,861	4,41,541
1914-15 ...	3,55,970	15,913	6,106	3,77,989

The sum of Rs. 11,78,322 outstanding at the close of the year 1916-17 includes Rs. 1,15,009 on account of the previous year, for Rs. 1,09,134 of which Calcutta alone is responsible. Of the outstandings Rs. 10,80,346 are reported to be under realization, Rs. 8,843 are doubtful and Rs. 89,133 are probably irrecoverable.

17. **Coercive measures.**—The following statement compares the demand, collections and balances on account of penalties, fines and costs for the last three years :—

Year.	Demand.		Collections.		Balance.	
	Penalties and fines.	Costs.	Penalties and fines.	Costs.	Penalties and fines.	Costs.
	Rs.	Rs	Rs.	Rs.	Rs.	Rs.
1916-17 ...	18,340	8,245	12,157	6,609	6,183	1,636
1915 16 ...	28,823	10,047	12,408	6,543	16,415	3,504
1914-15 ...	19,082	10,522	8,914	7,130	10,168	3,392

21. **General.**—The main feature of the triennium was the passing of the Act V of 1916 with its revised rates of assessment. The application of these new rates coincided with a period of great prosperity in the jute and coal trades and in other industrial activities, with the result that Imperial revenues, for whose benefit the increased taxation was intended, secured the large contribution of Rs. 78 lakhs. It has been calculated that this industrial prosperity would have benefited the income-tax revenue to the extent of twenty lakhs had the old rates remained in force. * * The Governor in Council desires * to acknowledge the services of all Commissioners and District Officers in their satisfactory management of the Department.

2. STAFF AND ESTABLISHMENT.

Mr. Bijay Krishna Basu continued in charge of the Garden as Superintendent throughout the year and Babu Somadev Ganguli as Assistant Superintendent.
The following is a list of the superior staff of the Garden at the end of 1916-17 :—

Superintendent :

Mr. Bijay Krishna Basu, G.B.V.C., C.M.Z.S.

Assistant Superintendent :

Babu Somadev Ganguli.

Store-keeper :

Babu Jugal Kishore Ray.

Overseer :

Babu Niranjan Mukharji.

Clerk :

Babu Tarak Chandra Chatarji.

Gate Clerk :

Babu Panchanan Mukharji.

The menial staff of the Garden at the end of 1916-17 consisted of the following :—

2 Jamadars.	14 Gardeners.
8 Durwans.	3 Sweepers.
1 Head Keeper.	1 Chaprasi.
19 Keepers.	1 Carpenter.
3 Bhistis.	2 Cartmen.
1 Cook.	1 Syce.
1 Head Gardener.	1 Scythe-man.

In addition temporary labourers were engaged during the year from time to time as required.

3. THE NEW EXTENSION.

The transfer by the Government of Bengal to the Zoological Gardens of a portion of the site of the old Cavalry Lines was the most noteworthy event of the year under review. The area, which comprises about 11 bighas, adjoins the Gardens on the south and extends to Sterndale Road, and should not only prove a most valuable addition but greatly relieve the congestion from which the Gardens have suffered on their southern boundary.

The transfer was effected on the 4th May 1916 and work was immediately taken in hand to adapt the land to its new purpose. A considerable surface had to be raised, and a tank on the western boundary was filled up. The entire area was enclosed by a wall, and pipes were laid down for the purpose of providing a supply of unfiltered water. A plan for the general lay-out was designed by Mr. A. de Bois Shrosbree, F.S.I., to whom the Committee are greatly indebted for his valuable assistance. In accordance with this plan roads and paths were made throughout the extension which is now in a condition in which it is possible for gardening operations such as the planting of trees and shrubs and the laying of turf to be undertaken.

The quantity and nature of the work which has yet to be undertaken prevents the Committee from anticipating at present any definite date when it will be possible to open the extension to the public, though the work is being carried on with all possible despatch.

4. IMPROVEMENTS.

Remodelling of the Mullick House.—This house which is used to contain otters, etc., was a substantial structure when built but the woodwork and roof had suffered considerably from the ravages of time. The Committee therefore caused it to be remodelled on approved lines so as to give the inmates more air and opportunities of exercise. Kumar Nagendra Mullick Bahadur contributed Rs. 2,500 towards the cost, and the Committee's thanks are due to him for his donation.

(2) *Roadside stalls.*—For many years a number of sweetmeat sellers have been in the habit of stationing themselves by the side of the public road to the north of the main entrance to the Gardens. They were subject to no control, and their ever increasing numbers added to the unsightliness and disfigurement of the approach to the Gardens. This nuisance has now been abated by the erection, with the sanction of the Government of Bengal, Public Works Department, of four moveable stalls. These are placed on the same site and are let by the Committee to approved holders at a nominal rent and they provide every facility for the requirements of the public.

5. ANNUAL REPAIRS.

The annual repairs to the buildings of the Garden were done departmentally so far as possible, and by these means considerable savings were effected which were devoted to other improvements. The prices of paint and other materials have increased to a considerable extent, but as it is essential that all iron-work should be given a coat of paint annually to

prevent deterioration, it has not been considered advisable to attempt to effect economy by the reduction of the quantity of paint-work undertaken.

The following is a list of more important repairs executed during the year:—

(1) *Burdwan House.*—This house was thoroughly renovated. The roof was overhauled and made watertight and the sandplaster was scraped off where necessary and new sandplaster substituted. The recreation enclosure, the wooden posts of the hand-rail and the building itself were repainted.

(2) *Sarnomoyi House.*—The wire-netting of the outer aviaries and of some of the inner cages was renewed and the wood-work was repaired. The house was colourwashed and the inner walls were limewashed and the wood and iron work were painted

(3) *Small Carnivora House.*—The verandah was thoroughly repaired and the ceiling was limewashed, the exterior walls being pointed with rule joints. The inner dens were sandplastered and limewashed and the iron gratings of the cages were repainted. The outer enclosure was also repainted.

(4) *Dumraon House.*—Portions of wire-netting were repaired. The inner walls were repaired and limewashed and the outer walls were colourwashed. The iron gratings of the cages were painted.

(5) *Gubbay House.*—The inner walls were limewashed and the wire-netting of the Orang-utan's cage was renewed. The outer walls were colour-washed and all the cages were repainted.

(6) *Boundary Wall.*—The whole wall was scraped, the sand plaster was renewed where necessary and the entire length of wall was then colour-washed.

(7) *Bird of Prey House.*—The wire-netting of all the cages was taken out and the iron-posts and rafters were scraped, two coats of paint were given and the wire-netting was fixed and fitted.

(8) *Sonebursa House.*—The inner walls were limewashed and the outer walls were colourwashed. The wooden roof was repaired and repainted.

(9) The following buildings were repaired and repainted:—

Entrance Lodge and Office.
Durbhanga House.
Refreshment Pavilion.
New Antelope House.
Abdul Gani House.
Jhind House.

(10) *Bear House.*—This was repaired and the iron gratings of the cages were repainted.

(11) The following buildings were repaired, colourwashed and repainted:—

Schwendler House,
Old Hospital.
Cooch Behar House.
Rhinoceros' Enclosure.
Mandrill House.

Petty repairs of smaller houses, sheds and enclosures were, as usual attended to, the iron fencing of the paddocks was coal-tarred, roads and paths were thoroughly repaired and the drainage put in order.

6. VISITORS.

The Committee observe with satisfaction that the reduction in the attendance of visitors which was very marked for the year after the outbreak of war has not again occurred, and though pre-war figures have not yet been attained, there is a steady annual increase in the number of visitors as in the years before the war. The turnstile records show a total of 671,495 visitors, and an increase of 73,471 over the figures

for 1915-16. The following is a comparative table of visitors for the last three years :—

Year.	Visitors.
1914-15	559,759
1915-16	598,024
1916-17	671,495

7. FINANCE.

The receipts from visitors amount to Rs. 50,024-11 which is an increase of Rs. 5,691-14 upon the figure for the preceding year.

The following is a comparative statement of receipts from visitors for the last three years :—

Year.	Receipts. Rs. A.
1914-15	42,269 1
1915-16	44,332 13
1916-17	50,024 11

In comparing these figures with the figures given in the previous paragraph it must be borne in mind that a large number of children under four years of age and school children attended by their teachers were admitted free. On the day of the Fancy Fair when visitors are not charged individually about 9,000 people entered the Garden. In addition 28,619 persons visited the Garden on the free days, of which a list, with the number of visitors, is to be found in Appendix C.

The financial condition of the Garden during the year under review was very satisfactory.

The amounts of income and expenditure are summarised in Appendix A.

Economy has been to a large extent enforced, owing partly to the high prices for materials now prevailing and partly to the fact that under present conditions none of the larger and more expensive animals, other than those obtainable in Asia, are to be had. But this enforced economy has been most opportune in that it has rendered a substantial sum available for the development of the new extension in regard to which during the year under review, out of the total disbursements, a sum of about Rs. 18,500 has been expended.

8. GARDEN.

The Gardens have maintained their high standard of horticulture and the display of annuals and their artistic arrangement has been greatly appreciated by the public. More attention has been given to the state of the trees, many of which were unsightly or a source of danger to neighbouring buildings. Some were removed and from others branches were lopped off, by which timely action serious damage was averted as a few days subsequently a severe storm passed over Calcutta causing considerable damage. The Zoological Gardens fortunately came off lightly and the damage sustained was very slight.

CONCLUSION.

The Committee desire to express their thanks to the Corporation of Calcutta for their continued generosity in remitting the consolidated rates in respect of the Gardens.

The thanks of the Committee are also due to those ladies and gentlemen who have added to the Zoological collection by donations, a list of which is given in Appendix D. Thanks are also due to those who kindly offered to present animals to the Garden, but whose offers could not be accepted, either because the particular species of animals was already sufficiently well represented, or owing to want of accommodation. EBFH

The Committee also desire to express their thanks to various Railways and Steamer Companies for the conveyance of animals belonging to the Gardens free of charge.

S. C. BERRIDGE,
Honorary Secretary.

F. J. MONAHAN,
President.

SUPERINTENDENT'S REPORT.

I HAVE the honor to submit the following report on the existing condition and the progress of the Zoological collection :—

The following comparative table shows how the various collection of specimens in the Garden has stood during the last four years :—

1 Elephant (*Elephas indicus*), presented by United Provinces Government.

1 Great Indian barbet (*Megalaema marshallorum*), presented by J. Caldwell, Esq.

1 Great Kangaroo (*Macropus giganteus*), born.

GENERAL CONDITION OF THE ANIMALS.

On the whole the health of the animals has been satisfactory and the death rate normal. There has been no outbreak of any epidemic during the year. The larger carnivores thrived extremely well, and there were no important casualties amongst them except the deaths of one Indian lion due to old age and a lion cub from rickets. The ruminants maintained excellent health as is evidenced by the birth rate amongst them. The birds were in splendid condition and the Himalayan birds stood the heat remarkably well. There were cases of illness and deaths amongst the delicate birds but these were unavoidable.

RESOLUTION ON THE ANNUAL REPORTS ON INLAND EMIGRATION UNDER THE ASSAM LABOUR AND EMIGRATION ACT, 1901, FOR THE YEAR ENDING THE 30th JUNE 1917.

FINANCIAL DEPARTMENT.

EMIGRATION.

DARJEELING, THE 18TH OCTOBER 1917.

RESOLUTION No. 645 T.-EM.

READ-

The reports on Inland Emigration under the Assam Labour and Emigration Act, 1901 (VI of 1901), for the year ending the 30th June 1917, submitted by the Superintendent of Emigration, Calcutta, and the District and Assistant Superintendents of Emigration.

The year 1916-17 was an uneventful one in the matter of emigration, and its principal feature was the great falling off in the number of emigrants despatched to Assam. Among the administrative measures of the year the most important was the prohibition of recruitment otherwise than in accordance with Chapter IV of Act VI of 1901, in the districts of the Dacca, Rajshahi and Chittagong Divisions. By this measure one of the loop-holes for evading the provisions of the Act was closed, as from the areas mentioned, where uncontrolled recruitment under section 92 of the Act was legally permissible, attempts had been made to pass on to Assam coolies who had been recruited in Chota Nagpur and elsewhere, on the pretext that they would be employed in the tea-gardens of the Duars and Chittagong.

The lists of medicines, medical stores and comforts prescribed for the use of emigrants during the river journey were revised.

2. One thousand six hundred and ten garden-sardars (including 357 sardarnis) were employed during the year in this Presidency as against 2,948 (including 603 sardarnis) in the year 1915-16 All garden sardars worked under the control of local agents. This seems to indicate that employers in Assam have now realised that their interests are best served by placing their sardars under the supervision of duly licensed local agents who are responsible for seeing that recruitment is carried on lawfully and on proper lines. Six local agents' lisenses were granted as against seven in the preceding year.

3. Recruiting operations were conducted in the districts of Bankura, Birbhum, Burdwan, Midnapore and Murshidabad. where 2,197 emigrants were recruited as against 10,876 in the previous year. There was no recruitment in the district of the 24-Parganas. The largest number of emigrants went from the districts of Midnapore, Bankura and Burdwan, viz., 1,159, 773 and 203, respectively. The number of criminal cases connected with recruitment amounted to four only as compared with nine in the preceding year, and the number of persons convicted was four as against ten in the year 1915-16.

4. The total number of emigrants recruited in Madras, the United Provinces, the Central Provinces, Bengal and Bihar and Orissa who embarked at Goalundo during the year under report was 29,990 as compared with 94,057 in the previous year. The decrease may be attributed partly to the despatch of an unusually large number of emigrants in 1915-16, and partly to the effects of the war on business generally.

5. The places of accommodation and rest-houses for emigrants were duly inspected and kept in proper sanitary condition, while the arrangements for the transport of emigrants were satisfactory. Seventeen deaths were

reported among emigrants during transit to Goalundo, and among the 30,022 emigrants who arrived at that station there were nine deaths. There was no death during the steamer journey to Chandpur among the 8,971 emigrants who embarked for the Surma valley districts, but of the 21,019 emigrants who embarked for the Brahmaputra valley, 14 died during the voyage.

6. Eight emigrants who refused to embark were released under the orders of the Subdivisional Officer, Goalundo, five were rejected as physically unfit to labour in tea estates, and fifty-five were repatriated through Goalundo.

7. In connection with the transport of labour to Assam receipts fell to Rs. 1,682 from Rs. 2,805 in the preceding year, while expenditure rose to Rs. 23,964 from Rs. 23,519 in the year 1915-16.

8. Dr. C. Banks held the office of Superintendent of Emigration, Calcutta, up to the 17th April 1917, when he proceeded on furlough preparatory to retirement. The Governor in Council desires to place on record his high appreciation of the valuable service that Dr. Banks has rendered in connection with the recruitment of labour for Assam. The thanks of the Governor in Council are also due to Dr. Hossack, who has succeeded Dr. Banks, for his report, and to the local officers for their assistance in the administration of the Act.

By order of the Governor in Council,

J. DONALD,

Secy. to the Govt. of Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 22nd October 1917.

Summary.—During the week under report light to moderate rain fell in many places of the Province. The weather has helped the sowings of the spring crops and has also been favourable to the winter rice crop, the condition and prospects of which continue to be very satisfactory. There is practically no jute yet standing in the fields but steeping and washing are still going on. Cattle-disease is reported from eight districts. The average price of common rice for the Province has fallen by about 0·4 per cent. as compared with that of the previous week.

DEPARTMENT OF STATISTICS, INDIA.

CALCUTTA TRADE FLUCTUATIONS.

THE following tables are intended to show the trade of the Calcutta Block* in certain selected articles during the months of April to August, 1917, by all routes, *i.e.*, by rail, river, canal, road, and sea. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the District Magistrates of the 24-Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

General Summary.

Imports.—The imports of rice, including paddy†, into Calcutta by rail, river, canal, road, and sea (coastwise) during April to August, 1917, amounted to 3,977,000 maunds as against 6,795,000 maunds in the corresponding period of the preceding year—a decline of 41 per cent. There was a decrease (22 per cent) in the imports of coal and coke (35,864,000 maunds as against 46,140,000 maunds last year). The imports by rail, river, road, and sea (coastwise) of Indian cotton piece goods showed a decrease of 5 per cent, the total value amounting to Rs. 1,70,80,000 as against Rs. 1,80,60,000 in 1916. The imports of raw jute amounted to 1,011,000 bales as against 945,000 bales—an increase of 7 per cent. The importations of gunny bags also showed an increase of 21 million bags or 13 per cent (186 million bags as against 165 millions in the preceding year). The total imports of oilseeds (linseed and rape and mustard seed) decreased by 50 per cent (2,260,000 maunds as against 4,499,000 maunds). There were slight increases in the imports of sugar and tea. The former rose by 6 per cent (294,000 maunds as against 276,000 maunds), and the latter by 3 per cent (1,019,000 maunds as against 984,000 maunds).

Exports.—The exports of cotton piece goods, foreign, from Calcutta by all routes during April to August, 1917, increased by 12 per cent (Rs. 9,46,90,000 as against Rs. 8,43,44,000 last year). The exports of gunny bags (excluding exports by sea to foreign countries) increased from 40 million bags to 41½ million bags. The shipments of gunny bags to other Indian ports decreased by 1,314,000 in number in the period under review (9,269,000 as against 10,583,000). The quantity of kerosene oil despatched from Calcutta and Budge-Budge by internal routes and by sea (coastwise) decreased from 2,531,000 maunds to 2,426,000 maunds.

* The Calcutta block consists of the town of Calcutta with Howrah and Kidderpore Docks.
† One maund of paddy is equivalent to 25 seers of rice.

DEPARTMENT OF MINES IN INDIA, DHANBAD P. O., MANBHUM.

Indian Mines Act, 1901.

AN examination for first and second class Coal Mine Managers' Certificates of Competency under the rules applicable to coal mines will be held at the Railway Institute, Dhanbad, on the 20th, 21st and 22nd February 1918.

Rules 32 and 33 of the Indian Mines Act, 1901, require that a candidate for a first class certificate must be at least 23 years of age and have had at least five years' practical experience in a coal mine, and for a second class certificate be at least 21 years of age and have had at least three years' practical experience in a coal mine. The periods of practical experience may be reduced to three years and one year, respectively, in the case of a candidate who has received a diploma in scientific and mining subjects after a course of study of at least two years at an educational institution approved in this behalf by the Governor-General in Council, or who has taken a degree in scientific and mining subjects at a University approved in this behalf by the Governor-General in Council.

The fees are Rs. 15 in the case of first class certificates and Rs. 8 in the case of second class certificates. By rule 34 of Government of India, Department of Commerce and Industry, Notification No. 2968-82, dated the 21st April 1906, "these fees shall be paid, not less than one month prior to the date of the examination, to the Chief Inspector of Mines at his office." The fees may be remitted by money-order or paid in any other manner.

Applications and fees should be addressed to the Chief Inspector of Mines in India, Dhanbad P. O., East Indian Railway, and not to any officer by name. No candidate will be permitted to sit at the examination unless his application and fee is received on or before the 20th January 1918.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 715T.M.—The 16th October 1917.—In exercise of the power conferred by section 27 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Governor in Council is pleased to appoint Babu Umacharan Ghosh to be a Commissioner of the Rajpur Municipality, in the district of the 24-Parganas, *vice* Babu Basanta Kumar Chakrabarti.

24-Parganas.

No. 723 T. M.—The 18th October 1917.—In exercise of the powers conferred upon him by sub-section (*1*) of section 567 of the Calcutta Municipal Act, 1899 (Bengal Act III of 1899), the Governor in Council is pleased to make the following amendments in the rules for the preparation and publication of the Municipal election-roll and the conduct of elections contained in Schedules IV and V, respectively, to the said Act:—

Calcutta.

(1) *For* rule 9 in Schedule IV *substitute* the following:—

> *9* If the name of a company, body corporate, firm, Hindu joint-family or other association of individuals has been entered in the list, then it shall be lawful for such company, body corporate, firm or other association of individuals to nominate any Member, Director, Secretary, Manager, or other responsible officer or employé thereof, and for such Hindu joint-family to nominate a member thereof, and to apply to the Chairman on or before the 1st January to have the name of such nominee entered in the list as the person qualified to vote or to be elected on behalf of such company, body corporate, firm, Hindu joint-family or other association of individuals.

(2) *For* sub-rule (*9*) of rule 10 in the same Schedule *substitute* the following:—

(*9*) If any company, body corporate, firm, Hindu joint-family or other association of individuals omits to apply to the Chairman under rule 9 nominating any member or other person as therein mentioned, the Chairman may, after such inquiry as he thinks fit, determine what member in the case of a Hindu joint-family, and in any other case what member, officer or employé, shall be entitled to represent such Hindu joint-family, company, body corporate, firm or association, and shall enter his name in the list as the person qualified to vote or to be elected on behalf of such Hindu joint-family, company, body corporate, firm or association.

(3) *For* clause (*5*) of rule 6 in Schedule V *substitute* the following:—

(*5*) No vote on behalf of any company, body corporate, firm, Hindu joint-family or other association of individuals shall be received from any person other than the person whose name has been entered in the Municipal election-roll as the representative of such company, body corporate, firm, Hindu joint-family or other association of individuals under the rules contained in Schedule IV.
